

Region 18 Lyme-Old Lyme Public Schools

Sunscreen Use Authorization Form

P.A. 19-60 allows school students, six years of age or older, to possess and self-apply an over-the-counter sunscreen while in school prior to engaging in any outdoor activity provided a written authorization is signed by a student's parent/guardian and is submitted to the school nurse.

The sunscreen must be non-aerosol and must be approved by the FDA for over-the-counter use for purpose of limiting ultraviolet light-induced sun damage.

As a parent/guardian, I attest to the following:

- My child has demonstrated to me that he/she is capable of self-applying the non-aerosol sunscreen product.
- I understand that I am responsible to provide the non-aerosol product for school use, clearly marked with my child's name and replenished as needed.
- I understand that the Lyme-Old Lyme Public School District is not responsible for ensuring that the sunscreen product is applied by my child.
- I understand that my child is not to share his/her sunscreen product with other students.
- I recognize that school personnel are not expected to assist my child in the application of sunscreen.
- I understand that the school may revoke or restrict possession, application, and use of sunscreen by my child if my child fails to comply with school rules related to the sunscreen product or if my child shows an unwillingness or inability to safeguard the non-aerosol sunscreen product from access by other students.

Student's Name: _____ Grade: _____

Parent/Guardian Name (printed): _____

Parent/Guardian Signature: _____
