<i>ATI</i> A program that provides an all-inclusive package for student success, both in the program and passing NCLEX-RN. The program consists of tutorials, case studies, individual and group exercises; and subject assessments with remediation. NCLEX-RN review occurs during the last semester of the program.	Purchased each semester while enrolled in Nursing
<i>Program requirements will be sent to all newly accepted students with requirement details and due dates to complete before starting nursing courses in the fall.</i>	

Continued Progression Through the Program

All nursing courses final grade of “C” (80) or higher
Clinical courses require *satisfactory* on clinical evaluation

Re-Entry into Program

Students unsuccessful in meeting the progression requirements *during the first semester* can re-apply to the program with the current application pool by submitting an application due May 1.

Students unsuccessful in meeting the progression requirements *after completing the first semester*, can request to re-enter the program by successfully passing a content competency examination based on the content of courses already successfully passed and passing a skills competency exam.

Re-applying and re-entry students are not guaranteed acceptance and they must meet all application and/or re-entry requirements.
Meet with your nursing advisor for more information.
