

Parent/Guardian and Visitor Protocols as of September 1, 2021

- Masks are required of visitors at all times while in indoor spaces while on our campus.
- All visitors and parents must always use the 3065 Jackson Street entrance (open from 7:30 AM-6:00PM) and check in with reception.
- Visitors to Lower Campus for athletic events, please see ATHLETIC section below.

PARENTS/GUARDIANS:

We require that all parents/guardians who want to visit for more than just a pick-up/drop-off register their vaccine status (photo of vaccination card or screenshot of Personal Digital Covid-19 Vaccine Record from CA.gov) with the school [HERE](#).

Upon registration, parents can pick up a "UHS VAXED 2021-22" plastic sports bracelet at reception (when they visit campus for the first time) to show at the front door and at various events. This bracelet is only to be used by the registered parent/guardian.

Any parent visitor who is not vaccinated, must show acceptable proof¹ of a recent (72-hours) negative test.

We continue to encourage parent meetings on Zoom or off campus for the first semester of this year. All on-campus parent meetings must be approved by Marjan Philhour (marjan.philhour@sfuhs.org) and registered with a room reservation through Carol Coles (carol.coles@sfuhs.org).

Other on-campus activities (such as team gatherings, etc.), even when scheduled out-of-doors, must be scheduled through Carol Coles. Those organizing the event, must keep an up-to-date roster of visitors for the purposes of contact tracing.

The school will be hosting parent events (mostly outdoors) on campus to encourage community-building that is central to our mission. Parents will be asked to check in to the event, show their bracelet, or proof of vaccine/recent (72-hours) negative test at these events.

Arts and athletics events will be welcoming parent fans and visitors. We ask that you comply with all protocols (as outlined below).

¹ Acceptable proof is a photo of a dated test result from a home rapid antigen test, or a hard copy of results from a lab

PARENT FANS AT INDOOR ATHLETIC EVENTS

We welcome fans from our community (UHS parent/guardians and family members) attending indoor athletic events. We are not hosting fans from visiting teams at this time. UHS fans must check in through the QR code system posted on the front door of Lower Campus. We keep this roster of visitors for the purposes of contact tracing. In addition, they must show proof of vaccination (either with the "UHS VAXED 2021-22" wristband or a photo of a vaccination card or screenshot of Personal Digital Covid-19 Vaccine Record from CA.gov) OR an acceptable negative test to the monitor at the door for each event. Please allow extra time at the beginning of these events.

OTHER VISITORS:

We require that non-parent campus visitors who will be in proximity to students and staff for more than 15 minutes show proof of vaccination (photo of vaccination card or screenshot of Personal Digital Covid-19 Vaccine Record from CA.gov) or acceptable proof of a recent (72-hours) negative test at reception. Staff who are scheduling and inviting visitors to campus must have contact information for every visitor and let reception know of their visit in advance.

ADMISSION VISITORS - Beginning September 14, 2021

Admissions visitors will be required to register their vaccination status or acceptable proof of a recent (72-hours) negative test with the Admission Office before their visit for entry into campus.

Upon receiving confirmation of their visit, admissions visitors will be sent a Google Form to fill in the date of vaccinations, batch number, name of company administered (Walgreens, Mission Wellness...)

These protocols are based on SFDPH guidance as of August 10, 2021 and are subject to change.

Please direct any questions to Operations Manager Mary Stares at mary.stares@sfuhs.org.
