

Hola amigos! Welcome to JMI! I hope you had a fun and relaxing summer. My name is Señora Núñez and I will be your Spanish teacher this year. I am excited to see you all in person again! If you are new to JMI or a returning student, this year we will continue to develop your Spanish language through hands-on, interactive, communicative activities. During this beginning stage of language learning, we are focusing on verbal communication and comprehension in the target language. I can't wait for our fun year together!

Hasta pronto! Señora Núñez
