

Dear Parents and Students,

Hi! Welcome to fourth grade. The first day of school is right around the corner and I am very excited to meet you! My name is Ms. Cafro and I am SO grateful to be your fourth grade teacher this year! We are going to have a year filled with so many amazing **OPPORTUNITIES** to grow as learners. This year we will be **EXPLORING** new topics, making new **FRIENDS**, going on exciting **ADVENTURES**, and working towards achieving new **GOALS**!

Here is a [list of supplies](#) that you will need to bring with you on the first day! You do not need to label any of your supplies, we will do that together on the first day! Please complete the introduction [Flipgrid](#) before the first day so we can already start learning each other's names and interests! Additionally, feel free to explore my [class website](#)– it has so much information that you will need throughout the year!! I can't wait to meet you in September! Enjoy the rest of your summer!

- Ms. Cafro
