

This agreement is used when issuing a Northshore School District device or other technology for use in their learning at Northshore. Use of any technology in the context of teaching and learning is governed by the guidelines and expectations set forth in the NSD Responsible Use Procedure (RUP) and School Board Policy 2022 and Procedure 2022P. As stated within those documents, access to NSD technology is a privilege, not a right, and as such, students and guardians must seriously consider the responsibilities associated with the opportunity to use technology devoted to activities that support learning.

We understand that the student takes full responsibility for the issued device and related accessories, and the school is not responsible for the security and safety of the student-issued device.

We understand that if the device is stolen, damaged, or lost, the student or parent/guardian shall make every reasonable effort to notify school staff as soon as possible.

We understand that the student will use the device in ways consistent with the Northshore School District Responsible Use Procedure (2022P) and will use the device only for school-related purposes.

We understand that the device will be configured with a web filter that will ensure the student's web activity is limited to those web services that have been approved for use by the district.

We understand that all web activity on this device is monitored and can be used at any time to aid in student support and/or disciplinary action.

We understand the expectations for device care:

- Student will not leave the device unattended at any time while at school or in a public place.
- Student will not remove the District barcode labels or mark the device in any way with markers, stickers, scratches, engravings, etc.
- Student will not remove the hard drive and/or modify the device's operating system in any way.
- Student will not install, or attempt to install, any unauthorized software or browser extensions.
- Student will not remove or bypass, or attempt to remove or bypass, any software or extensions.

We understand that the student may lose his/her technology equipment privileges as a result of inappropriate behavior, damage, neglect, or loss.

By signing this agreement, the family and student agree to the statements above:

Student Name

Student ID

Grade

Parent/Guardian Name

Parent Email

Parent Signature
