

**MUHSD Day Reporting Center (DRC)
East Campus Educational Center, 1900 G. Street**

General Definition: The DRC is an up to 2 day program that students report to in lieu of a home suspension. While attending the DRC, students are required to complete the schoolwork they have been assigned by their home site teachers, a Suite 360 Module based on the incident and to abide by MUHSD discipline policies.

Purpose: Its primary goal is to reduce the risk factors proven to be linked with the increased likelihood of repeat behavior and to address behavioral and social emotional needs.

Overview: The program model provides an off-site school-based alternative to suspension, designed to provide time for the home site's Associate Principal to put interventions in place at the student's home site. The parent and the student can expect that there will be a Student Study Team meeting upon the student's return to school. This meeting will involve parent/guardian and all school staff necessary to provide input on what interventions will be used and how to implement and monitor the interventions. The Student Study Team will discuss strengths and areas of growth for the student, as well as steps that will be taken to improve the student's behavior.

Students must wear masks at all times (except when eating or drinking or outside)

Capacity will be determined by social distancing parameters

Students will be removed from DRC after progressive discipline (3 AERIES documented interventions). Engaging in any of the following infractions will result in immediate dismissal from DRC: willful use of violence, fight, confrontive behavior, hostile environment, upbraiding, and aiding and abetting injury and possession or suspected under the influence of alcohol or drugs. DRC personnel will contact the site for transport and Mr. Johnson and/or Debbie Perez for notification.
