August 2021

Dear Parent/Guardian and Student:

Welcome to Boxer Country! Enclosed in this handbook are the guidelines, procedures, and expectations for Brockton High School. These have been crafted with the intent of informing members of our community with valuable information relevant to the educational experience of all our students.

Students, parents, and guardians should acquaint themselves with the contents of this handbook. Every organization, particularly one as large as Brockton High School, must have a set of guiding principles by which to operate. These procedures, guidelines, and rules outlined in this document have been developed to ensure a welcoming, safe, and academic atmosphere; where courteous behavior, mutual respect, and collaboration allow for an environment where meaningful education can take place. These rules and guidelines also provide students, their families, and staff standards for academic, social-emotional, and behavioral success in our learning community.

It is our sincere hope that parents will partner with us and through ongoing communication and collaborative efforts, be proactive, preventing academic, social-emotional, or behavioral issues before they occur. We encourage parents to maintain contact with teachers, guidance counselors, and administrators regularly to resolve minor issues before they become bigger problems and to ensure that their student is getting the most out of Brockton High School. We stand ready to assist you or your students to ensure their experience is a great one.

For reasons of safety and security, Photo IDs must be worn and visible by all students at all times while in school or on school grounds.

Both students and parents should also be reminded of the school’s use of surveillance cameras. School cameras are operated under the supervision and authority of the Brockton Police Department and access to any recordings is at the discretion of the BPD.

We wish nothing but the best for our students and parents as we begin the new school year.

Very truly,

Dr. Clifford Murray
Principal

FRESHMAN STUDENTS MUST HAVE THIS SHEET SIGNED AND RETURNED TO SCHOOL
Students in the Brockton Public Schools ("BPS") are eligible to be issued a laptop and charger, as well as other related technology ("1:1 Devices"). Before being issued any 1:1 Device, the Student and their parent/guardian must read and agree to this 1:1 Device Loan Agreement.

1:1 Devices are loaned to the Student to be used for educational purposes only during the academic school year, and these devices and any data contained thereon remain the property of BPS. Students must not let any other person use their 1:1 Devices. 1:1 Devices are subject to inspection at any time without notice, and inappropriate use may result in the Student losing their eligibility to use these devices. 1:1 Devices must be turned in to BPS immediately upon request, and in any event no later than a Student’s last day of school at BPS.

Students must make every effort to have their 1:1 Devices charged and ready for each school day. Students must protect their 1:1 Devices from extreme hot and cold temperatures, keep food and beverages away from them, and safely transport them to and from school. Students must not deface or destroy any 1:1 Device, or place unauthorized decorations or markings (such as stickers, drawings, etc.) on any 1:1 Device, or leave any 1:1 Device unattended in an unsecure location.

If a 1:1 Device is damaged or not working properly, the Student should bring it to the designated help desk at BPS. Students and/or their parents/guardians must not attempt any repairs on their own or through someone other than a BPS employee. If a laptop is damaged beyond repair and needs to be replaced, BPS will evaluate the damage or loss and/or replacement options on a case by case basis. In cases of fire or criminal acts such as theft or vandalism, parents/guardians should immediately report to the building principal or dean. The principal or dean will assist with filing a police or fire report, which must be filed by the parent/guardian before requesting a replacement 1:1 Device. Students and/or their parents/guardians may be held partially or fully responsible for any damages/loss.

Students must comply with all applicable BPS rules and regulations at all times while using 1:1 Devices, including without limitation the requirements of the student handbook and BPS’s Responsible Use Policy and Internet Acceptable Use Policy IJNDB. No Student may install, use, or permit the installation or use of any unauthorized software on any 1:1 Device. BPS is not responsible for any controversial materials acquired on these devices. Any violation of BPS rules and regulations and/or the terms and conditions of this 1:1 Device Loan Agreement may result in disciplinary or legal action.

By signing below, I acknowledge that I have read and understand this 1:1 Device Loan Agreement, that I agree to abide by its terms and conditions, and that BPS has my permission to loan 1:1 Devices to the Student.

Youth Risk Survey
Periodically, the Massachusetts Department of Elementary and Secondary Education requests our school department to perform random surveys that monitor youth risk behaviors related to the leading causes of morbidity and mortality among adolescents as well as other health indicators. Public High School students are often surveyed from a scientifically selected random sample of schools across the Commonwealth. The data collected is used to identify critical areas of need for our school. This information assists the district with adjusting learning opportunities for our students as well as implement critical programs that focus on these health issues. Students do have the right to “opt out” and if you do not want your son/daughter to participate in these surveys, you should notify school administration of your wishes, and they will be honored.

Brockton Public Schools Responsible Use Policy

Students
The Brockton Public Schools provides access to technology in order to enhance digital literacy for all students and staff. As educators we must: expose students to available technologies, encourage exploration, promote digital citizenship and ensure students have opportunities to demonstrate technological skill in preparation for life after school.

The Brockton Public Schools will work with families to convey expectations children should follow when using media and information sources. To that end, families should be aware that Brockton Public Schools intends to incorporate network use, internet access and email in the grade levels identified below. The Brockton Public Schools utilizes CIPA (Children’s Internet Protection Act) compliant blocking and/or filtering safeguards required by law and will make every reasonable effort to minimize the chance or exposure to objectionable material on the Internet. These measures, coupled with user education, implementation of this policy and grade-appropriate supervision, the Brockton Public Schools believes that the Internet can be safely used to enhance the delivery of educational services.

a. Grades Kindergarten through Three: Students at these grade levels will not have individual computer network passwords or e-mail accounts. During school time, teachers of students in grades kindergarten through three will guide them toward appropriate materials. Web access at these grade levels will be limited to teacher-directed and teacher-demonstrated use. Students will not be conducting independent research on the Internet, nor will they be sending or receiving electronic mail independently.

b. Grades Four and Five: Students in grades four and five will be given individual network access and passwords. Students at these grade levels will not be issued individual e-mail accounts. Students at these grade levels may have the opportunity to conduct research via the Web in the classroom, and to access electronic mail for a group account, during directly supervised instruction.

c. Grades Six through Twelve: Students in grades six through twelve will be given individual network access passwords and receive individual e-mail accounts. Students at these grade levels will have the opportunity to access the internet and conduct independent, self-directed research, both during classroom instruction and outside of classroom. This will be under the direct or indirect supervision of a teacher or staff member.

In order for students to be granted independent access to the internet or individual e-mail accounts, they must agree to and abide by the Guidelines for Student Use. For students under 18, parents must sign the Brockton Public Schools Responsible Use Agreement form before students will be permitted to gain independent access to the internet or individual email accounts. If the Brockton Public Schools does not receive a signed user agreement, students will continue to have the opportunity to access the internet during supervised classroom instruction.

Guidelines for Student Use
Access to BPS’ computer network, including the Internet, is a privilege, not a right. The use of the network must be consistent with, and directly related to, the educational objectives of the Brockton Public Schools. A violation of the terms of this Responsible Use Policy may result in suspension or termination of network access privileges and may also result in other disciplinary action consistent with the disciplinary policies of the Brockton Public Schools. Further action may include criminal prosecution where applicable. The Brockton Public Schools will cooperate fully with law enforcement officials in any investigation relating to misuse of the Brockton Public Schools computer network. This Policy and Guidelines apply to all District Remote Learning Platforms.

The Brockton Public Schools is committed to providing ongoing educational support to students around responsible digital citizenship. Before being permitted to access the Brockton Public Schools email system, all students are required to complete the Brockton Student Responsible Use Policy and Guideline Tutorial. Once completed, the student will be given grade-appropriate
access to technologies. With this access, students are expected to adhere to the guidelines outlined in the BPS Responsible Use Policy and Guidelines.

1. Violations of this Responsible Use Policy include, but are not limited to, the following conduct:
   - Cyberbullying, using profane, vulgar, threatening, defamatory, abusive, discriminatory, harassing or otherwise objectionable or criminal language in a public or private message.
   - Sending messages or posting information that would likely result in the loss of a recipient’s work or system (e.g., viruses, malicious scripts).
   - Participating in unauthorized activities which would cause congestion of the network or interfere with the work of others such as the use of prohibited file sharing sites.
   - Using the network in a manner that would violate any U.S. or state law. This includes, but is not limited to, copyrighted material, threatening material and spreading of computer viruses.
   - Accessing or transmitting materials that are obscene, sexually explicit, or without redeeming educational value.
   - Attempting to harm, modify, or disseminate another user’s personal information including passwords.
   - Attempting to gain unauthorized access to system programs or computer equipment, including attempts to override, or to encourage others to override, any security established on the network.
   - Using social networking sites, discussion groups, chat rooms, instant messaging, or other forms of online conversation except with prior staff approval and for educational purposes only.

2. The Brockton Public Schools assumes no responsibility for:
   - Any unauthorized charges or fees, including telephone charges, long distance charges, per minute surcharges and/or equipment or line costs.
   - Any financial obligations arising out of unauthorized use of the system for the purchase of products or services.
   - Any cost, liability or damages caused by a user’s violation of these guidelines

3. The Brockton Public Schools makes no guarantee, implied or otherwise, regarding the reliability of the data connection. The Brockton Public Schools shall not be liable for any loss or corruption of data resulting while using the network.

4. All messages and information created, sent or retrieved on the network are the property of Brockton Public Schools. The Brockton Public Schools reserves the right to access and monitor all messages and files on the computer system, including web pages accessed, as it deems necessary and appropriate in the ordinary course of its business for purposes including, but not limited to, ensuring proper use of resources, investigating allegations of improper use and conducting routine network maintenance. By participating in the school district’s computer network, users are indicating their consent to such monitoring and access. Where appropriate, communications including text and images may be disclosed to law enforcement or other third parties without prior consent of the sender or receiver.

5. Any users caught illegally obtaining software or transferring such software through the network may have their accounts revoked. In such an event, the user’s network access will be limited to directly supervised use during classroom instruction. In addition, all users should be aware that software piracy is a federal offense and is punishable by a fine or imprisonment.

6. ## Media Release Policy

When Brockton High School receives requests from media outlets to interview, audio tape and videotape students as part of their reporting of programs and events at the school. Additionally, Brockton Public Schools has a web page, and occasionally digitized images of students are displayed, again, as part of the reporting of positive events at the high school. **Should you as parent/guardian (or adult student) object to the inclusion of your son/daughter (or yourself as an adult student) in such media events, you should notify school administration of your wishes in writing, and they will be honored.**

Because of the size of the Internet, many kinds of materials eventually find their way onto the system. Should a user happen to find materials that may be deemed inappropriate while using the Brockton Public Schools Internet account, the user shall refrain from downloading this material, and shall not identify or share the location of this material. Be aware that the transfer of certain kinds of materials is illegal and punishable by fine or jail sentence. In addition, the Brockton Public Schools take no responsibility for any information or materials that are transferred through the Internet.

## Inclement Weather Procedures

**IMPORTANT INFORMATION FOR ALL STAFF MEMBERS, STUDENTS AND PARENTS/GUARDIANS REGARDING SCHOOL CANCELLATIONS, DELAYED OPENINGS, AND EARLY SCHOOL DISMISSAL UNDER ADVERSE WEATHER CONDITIONS:**

### School Cancellations

In the event of inclement weather, local and Boston media makes announcements regarding school cancellations. The **NO SCHOOL** announcements for the Brockton Public Schools are made locally by radio station **WATD (95.9 FM)**, by Boston radio station **WBZ (1030 AM)** and by **Boston Television Channels 4, 5 and 7**. Cancellations are also posted on our website: **www.bpsma.org** and are reported to parents via phone notifications.

If the Brockton Public Schools are cancelled due to inclement weather, all school facilities will be closed on that day. All Community School, neighborhood school and adult evening classes will also be cancelled. There may be occasions when the Superintendent may decide to close pre-kindergarten only.

Depending upon the severity of the weather conditions and how they impact on the health and safety of students in the Brockton Public Schools, it may be necessary to delay the start of the school day or to dismiss students before their customary dismissal times. These options would be implemented only under certain conditions. As usual, parents should use their own judgment whether or not to send their children to school in severe weather.
**Delayed School Openings**

The Brockton Public Schools reserves the right to delay the opening of school to deal with unusual conditions that may exist on a particular school morning. The district may opt to delay school by one hour, 90 minutes or 120 minutes. Delays would affect only the opening of school with dismissals taking place at regularly scheduled times. All Smart Start Extended Day morning programs will open at 8:00 AM instead of 7:00 AM. Afternoon sessions will be held as normally scheduled. When delays are announced, the opening of school will occur one hour, 90 minutes or 120 minutes later than normal according to the following schedule (dismissal time will not be affected):

School transportation pickups will occur one hour, 90 minutes or 120 minutes later than normal. School lunches will be served at their regular times.

The same media that make school cancellation announcements will announce the delay.

**Parents are not to send or drop off their children early on days when a delayed opening has been announced.**

**Early School Dismissals**

In the event that severe weather conditions develop after the start of the school day, it may become necessary to release students before the scheduled dismissal time. The decision to release early will be made in the interest of the health and safety of the students and will be announced by the same media that make school cancellation announcements no later than 10:00 a.m.

Early dismissals will take place according to the early dismissal schedule for in-service days unless unusual conditions dictate otherwise. The customary schedule for in-service early dismissals is as follows:

**WHEN SCHOOL IS CANCELLED, ALL IN SCHOOL AND OUTSIDE OF SCHOOL ACTIVITIES WILL BE CANCELLED.**
**The Responsibilities of Students**

It will be the responsibility of the students to:

- Know and abide by the Student Handbook of Rights and Responsibilities.
- Inform staff of any violations of the Handbook in regard to weapons.
- Demonstrate sensitivity to and appreciation of cultural diversity.
- Inform staff of potentially disruptive and/or violent situations.
- Allow staff quick and easy access to conflict situations.
  - Obey staff directions regarding their own movement during conflict situations.
  - Treat peers and staff with respect
    - Avoid using racist, sexist or obscene language (both inside and outside the classroom).
    - Recognize the rights of others.
    - Seek help from staff or trained peers as a means of avoiding a conflict situation.
    - Avoid instigating conflict through language, gestures or the spreading of rumors both in school and out of school.

Parents of new students are responsible for the transfer of all records. If the grades are not provided, no credit will be given at BHS.

**Brockton High School Mediation Program**

Brockton High School offers a Mediation Program. Mediation is a form of conflict resolution, which enables those who are in conflict to work out a resolution to their dispute with the help of trained mediators. The Mediation Program is offered in addition to the present code of conduct procedures. It will supplement, not replace, current policies.

Conflicts that occur over rumors, relationship issues and racial incidents are all common situations that if unresolved can lead to more serious problems. Mediation sessions usually result in agreements that effectively resolve disputes by addressing the underlying causes of conflict.

Cases can be referred to mediation by teachers, counselors, administrators, students and parents. When the referral source has a case that they feel is appropriate for mediation, they contact the Mediation Program Coordinator/Faculty Advisor with the names of the students involved and the nature of the case. The Coordinator/Advisor will contact and interview the students involved to get an understanding of the dispute. One will explain the mediation process and ask the parties if they are willing to mediate. If they agree to participate, the mediation is scheduled.

All efforts are made to mediate the dispute shortly after it occurs. The longer a dispute continues, the more likely it will escalate and include more parties. In cases where a suspension is necessary, mediations can take place before students return to school.

Mediation is voluntary and, in all non-life-threatening matters, confidential. Mediation sessions between two people usually last one class period while multiparty mediations require more time. Most result in agreements that are honored by all parties.

**Internet Acceptable Use Policy**

The purpose of these guidelines regarding network access, email and Internet usage is to make certain that all who use these resources, both students and faculty, do so in an appropriate manner. The use of the network is a privilege, not a right, which may be revoked at any time for abuse of this privilege. Violations of this policy may result in a loss of access as well as other disciplinary or legal action.

The primary purpose of the Internet connection is educational. Network administrators may review files and communications to maintain system integrity and ensure that users are using the system responsibly. All data stored or transmitted on any district electronic device or transmitted from any device on the district network may be monitored, retrieved, downloaded, printed, and/or copied at any time and without notice, as staff and students have no right to privacy with regard to such data. This information may be disclosed to others, including law enforcement agencies.

Users are not permitted to:

- harass, insult, threaten, bully or attack others from home or school computers or electronic devices
- send or display offensive or false materials, messages or pictures
- use obscene language
- use the network to perform any illegal or unethical act
- violate copyright laws or plagiarize
- use another’s password or access another’s folders, files, or documents
• employ the network for commercial purposes
• damage computers, computer systems or computer networks

Please note that this is not an exhaustive list.

The Brockton Public Schools complies with FCC regulations as specified in the Children’s Internet Protection Act (CIPA-P.L. 106-554) by providing filtering on all computers that students use.

Brockton High School reserves the right to suspend computer use for any student. Violations may also result in other disciplinary or legal action as appropriate.

This Acceptable Use Policy applies to all Remote Learning Platforms.

The Brockton Public School System does not discriminate on the basis of race, religion, color, national origin, age, sex, veteran’s status, sexual orientation, gender identity or disability in admission to, access to, treatment in or employment in its programs and activities, in accordance with M.G.L. ch. 76, § 5.

Equity Officer

The Brockton School Committee has designated Sharon R. Wolder, Chief Officer for Student Support Services, as the school system’s equity officer for students, vested with the authority and responsibility of processing all complaints of discrimination brought under the provisions of the statutes listed below. Ms. Wolder has also been designated as the district’s Section 504 Coordinator and the Sexual Harassment Officer. Any student who feels that one has been harassed or discriminated against because one’s race, color, national origin, religion, age, sex, gender identity, sexual orientation, disability, pregnancy or pregnancy related condition should contact Ms. Wolder in the Crosby Administration Building at 43 Crescent Street, Brockton, MA 02301-4376, (508) 894-4341. If the student prefers, one may file the complaint with any teacher or counselor, who will then bring the complaint to the attention of the Equity Officer.

All school programs and activities are open to students without regard to race, color, sex, religion, national origin, disability, gender identity, sexual orientation, pregnancy or pregnancy related condition. All school procedures and policies are applied in such a way that students are treated equally and fairly.

It is the policy of the Brockton Public Schools to promote and maintain an educational environment that is free from harassment. Harassment is against the law and will not be tolerated in the Brockton Public Schools. Harassment is defined as unwanted or unwelcome verbalisms or behaviors with overtones related to a person's race, color, sex, religion, national origin, disability, gender identity, sexual orientation, pregnancy or pregnancy related condition. Disciplinary measures in response to civil rights/harassment cases may include, but not be limited to office referral, parental conference/notification, notification of School Police, detention, suspension and/or exclusion, depending on the severity of the case. Hazing

It is the policy of the Brockton Public Schools to promote and maintain an educational environment that is free from any form of hazing practices. Hazing is against the law and will not be tolerated by the Brockton Public Schools.

Chapter 269 of the General Laws of Massachusetts includes the following three sections relative to the prohibition of hazing:
SECTION 17. Whoever is a principal organizer or participant in the crime of hazing as defined herein shall be punished by a fine of not more than three thousand dollars or by imprisonment in a house of correction for not more than one year, or by both such fine and imprisonment.

The term "hazing" as used in this section and in sections eighteen and nineteen, shall mean any conduct or method of initiation into any student organization, whether on public or private property, which willfully or recklessly endangers the physical or mental health of any student or other person. Such conduct shall include whipping, beating, branding, forced calisthenics, exposure to the weather, forced consumption of any food, liquor, beverage, drug or other substance, or any other brutal treatment or forced physical activity which is likely to adversely affect the physical health or safety of any such person or other person, or which subjects such student or other person to extreme mental stress, including extended deprivation of sleep or rest or extended isolation.

Notwithstanding any other provisions of this section to the contrary, consent shall not be available as a defense to any prosecution under this action.

SECTION 18. Whoever knows that another person is the victim of hazing as defined in section seventeen and is at the scene of such crime shall, to the extent that such person can do so without danger or peril to oneself or others, report such crime to an appropriate law enforcement official as soon as reasonably practicable. Whoever fails to report such crime shall be punished by a fine of not more than one thousand dollars.

SECTION 19. Each institution of secondary education and each public and private institution of post-secondary education shall issue to every student group, student team or student organization which is part of such institution or is recognized by the institution or permitted by the institution to use its name or facilities or is known by the institution to exist as an unaffiliated student group, student team or student organization, a copy of this section and sections seventeen and eighteen; provided, however, that an institution's compliance with this section's requirements that an institution issue copies of this section and sections seventeen and eighteen to unaffiliated student groups, teams or organizations shall not constitute evidence of the institution's recognition or endorsement of said unaffiliated student groups, teams or organizations.

Each such group, team or organization shall distribute a copy of this section and sections seventeen and eighteen to each of its members, plebes, pledges or applicants for membership. It shall be the duty of each such group, team or organization, acting through its designated officer, to deliver annually, to the institution an attested acknowledgement stating that such group, team or organization has received a copy of this section and said sections seventeen and eighteen, that each of its members, plebes, pledges, or applicants has received a copy of sections seventeen and eighteen, and that such group, team or organization understands and agrees to comply with the provisions of this section and sections seventeen and eighteen.

Each institution of secondary education and each public or private institution of post-secondary education shall, at least annually, before or at the start of enrollment, deliver to each person who enrolls as a full-time student in such institution a copy of this section and sections seventeen and eighteen.

Each institution of secondary education and each public or private institution of post-secondary education shall file, at least annually, a report with the board of higher education and in the case of secondary institutions, the board of education, certifying that such institution has complied with its responsibility to inform student groups, teams or organizations and to notify each full time student enrolled by it of the provisions of this section and sections seventeen and eighteen and also certifying that said institution has adopted a disciplinary policy with regard to the organizers and participants of hazing, and that such policy has been set forth with appropriate emphasis in the student handbook or similar means of communicating the institution's policies to its students. The board of higher education and, in the case of secondary institutions, the board of education shall promulgate regulations governing the content and frequency of such reports and shall forthwith report to the attorney general any such institution which fails to make such report.

**Sexual Harassment**

It is the policy of the Brockton Public Schools to promote and maintain an educational environment, which is free from harassment, including sexual harassment. Sexual harassment, whether by another student or by staff, is against the law and will not be tolerated by the Brockton Public Schools.

Sexual harassment is defined as repeated, unwanted, or unwelcome verbalisms or behaviors of a sexist nature related to a person's sex or sexual orientation. In addition, sexual harassment includes unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when (1) submission to such conduct is made, either explicitly or implicitly, a term or condition of an individual's success as a student, (2) submission to or rejection of such conduct by an individual is used as the basis for educational
decisions affecting such individual, or (3) such conduct has the purpose or effect of substantially interfering with an individual’s educational performance or creating an intimidating, hostile or offensive educational environment.

While it is not possible to list all circumstances that may constitute sexual harassment, the following are some examples of conduct which if unwelcome, may constitute sexual harassment depending upon the totality of the circumstances and including the severity of the conduct.

Examples of sexual harassment include, but are not limited to the following:

- Offensive sexual flirtations, unwelcome sexual advances or propositions
- Continued verbal abuse or innuendo of a sexual nature
- Uninvited physical contact such as touching, hugging, patting or pinching
- Verbal comments of a sexual nature in front of people who find them offensive
- Making obscene gestures or suggestive or insulting sounds
- The demand of sexual favors accompanies by an implied or overt threat concerning an individual’s scholastic status or promise of preferential treatment
- Leering or stalking
- Indecent exposure
- Assault or coerced sexual acts
- Requests for sexual favors in exchange for actual or promised scholastic benefits

**Please note:** Because sexual harassment is a violation of Massachusetts General Law, building principals have been instructed to refer certain cases to the School Police and to the District Attorney’s office for possible prosecution.

**Process**

1. Students who believe that they have been subjected to sexual harassment should report the incidents to any teacher, counselor, or administrator as soon as possible. The student will be offered interim measures, as appropriate, to support the student during the course of the investigation. The incidents will be investigated, and appropriate action will be taken.

2. If a student is not satisfied with the results of the investigation and the action taken, the student may file a formal complaint with the Office for Civil Rights of the Department of Education, 5 Post Office Square, 8th Floor, Boston, MA 02109-3921, (617)-289-0111.

3. The Brockton Public Schools announces that any retaliatory action of any kind taken by a student or an employee against any student as a result of that person’s seeking redress under these procedures is prohibited and illegal and shall be regarded as a separate and district grievable matter under this procedure.

**Complaint Officer**

**Sharon R. Wolder, Chief Officer for Student Support Services,** is the designated complaint officer for students. She is vested with the authority and responsibility of processing all harassment complaints. Ms. Wolder’s office is located in the Crosby Administration Building at 43 Crescent Street, Brockton, MA 02301-4376, (508) 894-4341

**Bullying and Cyberbullying**

It is the policy of the School Committee to prohibit any and all forms of bullying in all schools in compliance with M.G.L. ch. 71, § 37O. The School Committee is committed to providing an educational environment which is free from bullying and cyberbullying. Bullying/cyberbullying is the unwelcome, written, electronic, verbal or physical act or gesture where a student feels intimidated, coerced, harassed, or threatened by a student or school staff member. Parents/guardians who feel that their child is the victim of bullying/Cyberbullying, or the students themselves, may contact any member of the school staff who will immediately report the incident to the school leadership team. The designated member of the leadership team will conduct an investigation and will communicate with the parents/guardians of the victim(s) and perpetrator(s) throughout the process. At the conclusion of the investigation process at the school level, the investigation form will be sent to the school system’s Equity Officer. The Chief Officer for Student Support Services is the designated Equity Officer for cases involving students.

**Definition of Bullying**

Bullying is defined as “the repeated use by one or more of students or by a member of a school staff including, but not limited to, an educator, administrator, school nurse, cafeteria worker, custodian, bus driver, athletic coach, advisor to an extracurricular activity or paraprofessional of a written, verbal or electronic expression or a physical act or gesture or any combination thereof, directed at a victim that: (i) causes physical or emotional harm to the victim or damage to the victim’s property; (ii) places the victim in reasonable fear of harm to oneself or of damage to one’s property; (iii) creates a hostile environment at school for the victim; (iv) infringes on the rights
of the victim at school; or (v) materially and substantially disrupts the education process or the orderly operation of a school. For the purposes of this section, bullying shall include cyberbullying.”

Definition of Cyberbullying
Cyberbullying is defined as “bullying through the use of technology or any electronic communication, which shall include, but shall not be limited to, any transfer of signs, signals, writing, images, sounds, data or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photo electronic or photo optical system, including, but not limited to, electronic mail, internet communications, instant messages or facsimile communications. Cyberbullying shall also include (i) the creation of a web page or blog in which the creator assumes the identity of another person or (ii) the knowing impersonation of another person as the author of posted content or messages, if the creation or impersonation creates any of the conditions enumerated in clauses (i) to (v), inclusive, of the definition of bullying. Cyberbullying shall also include the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons, if the distribution or posting creates any of the conditions enumerated in clauses (i) to (v), inclusive, of the definition of bullying.”

Bullying Shall Be Prohibited
(i) on school grounds, property immediately adjacent to school grounds, at a school- sponsored or school-related activity, function or program whether on or off school grounds, at a school bus stop, on a school bus or other vehicle owned, leased or used by a school district or school, or through the use of technology or an electronic device owned, leased or used by a school district or school (ii) at a location, activity, function or program that is not school-related, or through the use of technology or an electronic device that is not owned, leased or used by a school district or school, if the bullying creates a hostile environment at school for the victim, infringes on the rights of the victim at school or materially and substantially disrupts the education process or the orderly operation of a school. Nothing contained herein shall require schools to staff any non-school related activities, functions, or programs.

Retaliation against a person who reports bullying, provides information during an investigation of bullying, or witnesses or has reliable information about bullying shall be prohibited. Students who wish to report bullying or other activities that concern them to school administrators and School Police may do so using TipSoft SMS, a text- and web-based anonymous tip line. Brockton High School students can text 274637, type in the school’s keyword “Boxer” and type in their message. The system can also be accessed through the district website, at https://www.bpsma.org/parents-community/bullying-information/tipsoftsms. Making false allegations, providing discriminatory statements, and making defamatory statements is prohibited and engaging in such activity will be reported to the appropriate authorities.

The Brockton Public School District understands that members of certain student groups, such as students with disabilities, students who are gay, lesbian, bisexual, or transgender, and homeless students may be more vulnerable to becoming targets of bullying, harassment, or teasing. The Brockton Public Schools will take specific steps to create a safe, supportive environment for vulnerable populations in the school community, and provide all students with the skills, knowledge, and strategies to prevent or respond to bullying, harassment or teasing.

Threats
Making any threats verbally, written, through a third party, through any Social Media platform, text messages, or with gestures will result in a due process hearing with a possibility of long term suspension or other disciplinary consequences.

EPA Warnings & Notification
Brockton Public Schools Public Notice
ATTENTION: Principals, Parents, Teachers, Students and Building Occupants
REFERENCE: Asbestos Inspections and Management Plans Compliance with The Environmental Protection Agency (EPA) Asbestos Hazard Emergency Response Act (AHERA)

EPA Warnings & Notification
AHERA 40 CFR 763.1 11

The Brockton School Department as a local education agency (LEA) has posted in the primary administrative and custodial offices and in the faculty common rooms of each School under its authority a completed copy of a Notice to School Employees which indicates that the school has been inspected and has friable asbestos containing material in it. This posted notice shall remain in place indefinitely in all schools that have friable asbestos containing material.

AHERA regulations, to wit, 40 CFR Part 763, "to protect users of school buildings from unwitting exposure to concentrations of airborne asbestos which occurs when friable asbestos containing materials are damaged or disturbed. Compliance with this rule will both ensure
that these materials are identified and that the school users are notified of their presence so that they can prevent or reduce release of asbestos."

All Brockton Public Schools were inspected for friable and non-friable asbestos containing materials in late 1988, in response to the EPA Asbestos Hazard Emergency Response Act (40 CFR 763, AHERA, 1987). As a result of information obtained from the inspections of each school, a Management Plan was developed in February of 1989 to manage the asbestos in the schools in a manner that protects human health and the environment. This plan contains the locations, by room or building area of all friable and non-friable asbestos containing material, sample results and an estimate of the percent of asbestos content.

In each school a Management Plan is available for public inspection in the Principal's Office and at the Office of the Director of Facilities for the Brockton Public Schools. Copies of the Management Plan are available upon written request, with a nominal fee for costs of reproduction of the document(s).

**Student Information to Military Recruiters**

Federal legislation requires, upon request by military recruiters, that each school district release to such recruiters the names, addresses and phone numbers of current students, **unless the student or parent has submitted a request indicating that such information is not to be released.** If a student or that student’s parent does not want such information to be released, one must complete a Military Recruiters Opt-Out form which can be found on page 6 of this handbook. This signed form will prevent the military from obtaining a student’s information from Brockton High School. Please note that military recruiters have several other avenues from which they may obtain information for recruiting purposes. **The form must be signed and delivered to the school principal no later than October 1.**

**The Educational Rights of Children and Youth in Homeless Situations**

The Brockton Public School district complies with federal and state laws and regulations in the identification and education of children who are in homeless situations. The intent of this policy is to provide each child and youth equal access to the same free appropriate public education, including public preschool, as provided to other children and youth. In accordance with requirements of the McKinney-Vento Act, the Superintendent has designated Karen McCarthy as the Homeless Education Liaison.

**I. Academic Policies**

**State-Mandated Assessment Requirement**

As well as meeting all local graduation requirements, the Commonwealth of Massachusetts requires all students to pass the English/Language Arts, Math, and Science Technology and Engineering MCAS exams in order to receive a high school diploma. High School students take these exams for the first time at the end of the sophomore year. Students will have five opportunities during their high school years to pass the ELA and math MCAS and three in Science/Technology and Engineering. To assist students in preparing for these exams, Brockton High offers many MCAS preparation programs. Tutoring is available in our ACCESS Center (G128) during the day and after school. It is important to note that students who have not passed the MCAS may be rescheduled from Directed Academics or elective courses and assigned to MCAS classes. These classes during the day are mandatory; students will receive a grade and earn credit for these classes.

If a student does not receive a score of proficient or advanced on the MCAS exams in Math, English Language Arts (ELA) and Science and Technology/Engineering, school districts are required to develop an Educational Proficiency Plan (EPP) to ensure a student’s progress toward proficiency.

**Students Graduating in 2021-2023 must:**

- either meet or exceed a scaled score of 472 on the grade 10 MCAS English Language Arts OR meet or exceed a scaled score of 455 AND fulfill the requirements of an Educational Proficiency Plan (EPP)
- either meet or exceed a scaled score of 486 in the grade 10 MCAS Math OR meet or exceed a scaled score of 469 AND fulfill the requirements of an Education Proficiency Plan (EPP)
- additionally, meet or exceed a scaled score of 220 of the Science and Technology/Engineering MCAS Test

Please note that the above may be subject to change by the Massachusetts Department of Elementary and Secondary Education due to pandemic-related school closures during the 2020-2021 school year.
Appeals
The Department of Elementary and Secondary Education has established an MCAS Performance Appeals Process for those students who have not passed the MCAS but have demonstrated in school that they possess the skills and knowledge measured on the MCAS. The state has established the following criteria for a student to be eligible for the appeals process.

The student must:
- Have taken the MCAS in the subject areas of English/Language Arts and Math at least three times (or completed the ELA and Math MCAS-Alt twice)\(^1\)
- Have taken the MCAS Science and Technology/Engineering (STE) at least once at the high school level (or completed an STE MCAS-Alt once at the high school level) and be currently enrolled in a high school STE course or have completed grade 12. The appeal must be in the same STE discipline as the MCAS test taken by the student.
- Maintained at least 95% attendance during the year before and the year of the appeal.
- Satisfactorily participated in tutoring and other academic support services.

If those criteria are met, then the school can submit an application for appeal. There are four (4) separate types of appeal which may be filed: Cohort Appeal, Portfolio Appeal, Transcript Appeal, and Military Alternative Evidence. Each type of appeal has a unique evidence requirement.

Cohort, Transcript, and Military Alternative Evidence Appeals are reviewed by the MCAS Performance Appeals Board, a panel of educators who meet monthly during the school year to review the information submitted and make a recommendation to the Commissioner about the outcome of the appeal. Portfolio Appeals are reviewed by the Portfolio Appeals Review Panel made up of high school content experts in ELA, mathematics, and STE who evaluate the evidence submitted in the portfolios and make recommendations as to whether the portfolio has met all requirements to earn the CD.

Each appeal will result in one of the following findings:
- Granted — the student will earn a Competency Determination based on the appeal finding.
- Denied — the student will not earn a Competency Determination based on the appeal finding.
- No Determination — a finding could not be made based on the information submitted in the appeal, and therefore the student will not earn a Competency Determination.

Homework Policy

Purposes of Homework
Homework is defined as written or non-written tasks assigned by a teacher to be completed outside the classroom. These assignments should complement class work and be relevant to the curriculum. Homework is a natural extension of the school day and an important part of a student’s educational experience. Homework encourages self-discipline, pride in one’s work, positive self-esteem, and an interest in learning. Homework also reinforces the connection between home and school.

Kinds of Homework
Homework may be assigned as preparation for upcoming lessons or as an extension of class work.
- Preparation homework- given to prepare a student for upcoming lessons.
- Practice homework- designed to reinforce lessons already taught in class.
- Extension/creative homework- intended to provide challenging learning opportunities for enrichment and extension of the lesson. These assignments reinforce the Massachusetts Curriculum Frameworks and promote inquiry, problem solving, discovery, analysis, and application of essential concepts.

Parents’/Guardians’ Responsibilities
- Respond to the school’s request for support of stated expectations for homework for a given year.
- Expect daily assignments and insist that students complete them regularly.

---

\(^1\) Please note for ELA and mathematics, a student in the class of 2022 may be waived from the requirement to take the test a minimum of three times by taking the test twice and including a letter from the superintendent requesting that this requirement be waived due to the extended school closures last spring and cancellation of the spring 2020 MCAS.
• Review progress on long term assignments periodically.
• Provide a suitable study atmosphere that is quiet, well lighted, and supervised periodically.
• Maintain the home/school connection through calls and conferences.
• Show interest in the homework being done and assist when needed.
• Ensure that the product is the student’s own work.
• Take part in the student’s learning by providing enriching experiences outside the school day.
• Encourage pleasure reading above and beyond specific homework assignments.

Student Responsibilities
• Develop the habit of recording directions for homework and asking questions for clarification.
• Complete homework assignments accurately, neatly, and on time.
• Complete assignments missed because of absence within a reasonable time, according to established policy in the Student/Parent Handbook.

Progress Reports
A progress report must be sent to parents in the middle of each marking period for students whose achievement indicates possible failure or who are not working up to their level of ability. The report is to be made out by the teacher and will then be available on Infinite Campus on the Student Portal. In addition, all parents/guardians of a student on an Individualized Education Program (IEP) will receive a separate progress report documenting progress toward IEP goals. Students on an IEP will also receive progress reports at least as often as general education students are apprised of their progress.

Make-Up Work
Once a student has been absent, it is one’s responsibility to make up the work. A student will be allowed one day for every one day of absence to make up work. Additional time may be granted by the school administration. The student is responsible for scheduling make-up sessions with the appropriate teachers following any absence from class.

Those students who are suspended will not be allowed in school during the Semester Final Exams or Year-End Final Exams. They will be allowed to take a make-up exam during a time specified by the teacher or department head involved.

Academic Levels
Brockton High School sets high standards and expectations for all students at all levels. Every course is designed to provide students with the knowledge and high-level skills needed for post-secondary education, technical training and employment.

Course level placement for a student is determined on an individual basis by examining data including assessments, teacher recommendations, grades, and other relevant information. Students must work with their parents and guidance counselors to plan a course of study over four years which will help them reach their highest potential in achieving their goals after high school.

Successful completion of courses taken at the levels described below, in addition to meeting graduation requirements, will enable students to meet the recommended pre-requisites for admission to a college or university.

Level Assignment Information
The criteria for placement in an academic level are based on test scores, standardized testing information, previous grades, and levels, and teachers’ recommendations.

If a student is considering moving to a higher academic level, one must understand the level of commitment required of a particular level. If a student wishes to make a move upward during the academic year, one must wait until after the first marking term. Decisions will be based on the criteria listed above and space availability.
Students requesting a drop-in level must exhibit serious gaps in their ability to perform successfully in any given subject. Level changes will be made only after careful consultation with the counselor, teacher and department head. Generally, students who demonstrate their best effort to try and resolve issues in a particular class, overcome these challenges. Some ways to demonstrate effort include: asking for extra help after class, good attendance and completion of class assignments and homework.

In semester courses, level changes should be completed by the end of the first term; in full-year courses, level changes should be completed by the end of the first semester. Lateral changes (i.e., student remains at the same level, but requests a teacher change) are rarely approved; these changes will be made only in extreme circumstances, and with the approval of the student’s Dean.

The school policy dictates that students will not be allowed to drop any classes once the school year begins. If extenuating circumstances exist, the student and parent should make an appointment with the department head.

**Honor Roll**
Brocton Public Schools computes three levels of Honor Roll based on student marks for each of the 4 terms. Any mark of “I” will exclude a student for all Honor Rolls. Any marks of “M”, “N”, “P”, or “W” will not be considered in determining Honor Roll eligibility.

The three levels of Honor Roll
- **Highest Honor Roll**: Requires all “A’s”
- **High Honor Roll**: Requires “A’s and/or B’s” in all courses, and an “A” in citizenship
- **Honor Roll**: Requires “A’s and/or B’s” and not more than one “C” in all courses, as well as an “A” in citizenship

**Early Graduation**
Brocton High School sophomores or juniors who meet the established criteria listed below may apply for Early Graduation from Brocton High School. This would allow for graduation either at the end of their junior year, or at the end of the first semester of their senior year.

**Eligibility Criteria**
To apply for this Early Graduation, the student must:
- Have parent approval
- Have remained a 95% attendance record every year at BHS
- Have earned an A in citizenship every year at BHS
- Have passed the state required assessments
- Have earned a 3.0 GPA at the time of the application
- Be on track to have completed all credit requirements for graduation
- Provide evidence of extracurricular participation either in school or in the community
- Have attended Brockton High School for a minimum of two years

Exceptions to any of these criteria must be presented at the time of the application by the applicant with explanation and documentation and the principal will decide if any of these criteria will be waived.

**Application Process**
Students who wish to graduate upon completion of their junior year must submit their application by March 1 of their sophomore year. Students who wish to graduate upon completion of the first semester of their senior year must submit their application by March 1 of their junior year. Applications may be submitted earlier; these are the final deadlines.

**Application**
There are two parts to this application process – a written application and an interview.

**PART I: Written Application**
This application, which must be completed by the applicant, must include:
1. A current transcript verifying the academic requirement
2. Attendance and citizenship verification from the Dean
3. MCAS verification from the guidance counselor
4. A letter from the parent/guardian supporting the application
5. A written statement of approximately 500 words completed by the application that consists of three parts:
a. An explanation of why Early Graduation is being sought  
b. A specific plan for meeting Brockton High requirements  
c. A plan for post-graduation that includes goals for the future

**PART II: The Interview**
After the written application has been submitted, a meeting will be convened to discuss the application. This interview group will include the applicant, parent/guardian, guidance counselor, dean, and principal. Following this meeting, a decision will be made by the principal.

**Important Considerations for Participation**
As well as meeting the eligibility criteria, there are additional considerations that potential applicants MUST strongly consider prior to committing to participation in the Early Graduation process.

- The Early Graduation process is contingent upon availability of classes needed. We will make every effort to offer the courses, but there may be some semesters when a particular course may not be offered, or excessive class size may prevent the student from enrolling in a particular course.
- The student’s progress toward meeting the Early Graduation goal will be monitored each grading term by the student’s guidance counselor. Participation in the Early Graduation process is contingent upon the applicant’s continuing to meet all of the requirement criteria.
- Students who have completed the Early Graduation process will receive their diploma early but will be allowed to participate in the Brockton High School graduation ceremony. However, participation in other senior activities, including for example, the prom, concerts, the musical, senior breakfast, and theme week, will not be permitted.
- A student applied and was approved for early Graduation may opt to withdraw from the Early Graduation process and remain at BHS by submitting a letter with parent approval by the end of the application year. **Once the student’s program has been designed and a semester of courses has been completed, students will not be allowed to opt out.**

**Athletic and Extra-Curricular Activities**
Participation in clubs and activities at Brockton High School and attending school-sponsored, school-related events is a privilege afforded to students who remain in good standing. To participate in school activities, events and clubs, students are expected to maintain good attendance and good grades and demonstrate good behavior and citizenship during school and at school-sponsored events. Eligibility for participation in activities, events, clubs, awards, scholarships and honorary positions at Brockton High School is limited to students who are currently enrolled in and attending Brockton High School in good standing. Students not meeting these expectations may be excluded at the discretion of the Principal or his designee.

**Academic Requirements**
- Show progress towards earning a minimum of 9 credits the previous term.
- To satisfy this requirement, a student must pass at least 1 major subject course each term.
- To be eligible for the fall marking period, students are required to earn a total of eighteen credits for the previous school year.
- If a student is eligible to attend summer school, courses failed can be retaken and, if passed, used toward fall academic requirements.
- Students participating on athletic teams are also subject to all of the rules and regulations set forth in the Massachusetts Interscholastic Athletic Association’s (MIAA) Handbook.
- Incomplete grades may not be counted toward eligibility.
- Academic eligibility for all students shall be considered official when official grades are posted for the previous term.
- Students must be present in school for the entire school day in order to participate in any athletic or extracurricular activities on that day. (The House Administration may make exception to this rule for compelling reasons.)
- Participation during vacations/weekends is required for any student participating on athletic teams or involved in extracurricular activities. A student’s coach/advisor will provide them with a calendar in advance of scheduled rehearsals, events, practices and games during vacations/weekends.

**Concussion Policy**
The Brockton Public Schools is committed to ensuring the health and safety of all students. The following concussion policy is in compliance with MIAA policy and with the Commonwealth of M.G.L. ch. 111, § 222 pertaining to Head Injuries and Concussion in Extracurricular Athletic Activities.

The Principal or Athletic Director shall be the person responsible for the implementation of these policies and protocols at one’s each school.
As specified in the law, the Brockton Public Schools shall require annual training in the prevention and recognition of sports-related head injuries, including second impact syndrome, and keep documentation of said training on file for the following persons:

- Coaches
- Volunteers
- School nurses
- Anyone leading an on-field activity (i.e., directors of band, cheerleading, JROTC, dancers, majorettes, color guard, etc.)
- Students who participate in an extracurricular activity
- Certified athletic trainers
- School physicians
- Athletic directors
- Parents of a student who participates in an extracurricular activity

Parents and students will be required to sign a form certifying that they have read the concussion fact sheet in order to participate in extracurricular activities.

Coaches, trainers, and volunteers will use techniques and skills that minimize sports-related head injuries and share that information with student athletes.

Documentation of an annual physical examination of students participating in extracurricular athletic activities consistent with 105 CMR 200.000 is kept in the student’s health record, which will be kept on file in the school nurse’s office.

The pre-participation information required by the Department of Public Health concerning head injuries and concussions is included in the Brockton Public Schools parent consent form required of each athlete and kept on file with the trainer and the coach.

**Evaluation Guidelines**

- Any time a concussion is suspected to have occurred on school grounds or in the course of school-sponsored activity, the student will be removed from participation and will not be allowed to return the same day.
- Parents will be notified so the parent may take the student to a medical provider for appropriate medical evaluation and treatment. All head injuries and suspected concussions will be reported to the school nurse, and for high school athletes, to the certified athletic trainer on staff.
- Any time a head injury is suspected to have occurred, the coach, trainer, or program director will notify the school nurse.
- The school nurse will notify the academic teachers of the affected student and provide a form with guidelines for concussion accommodation plans.
- Evaluation and clearance by a medical provider will be required.
- Student-athletes will not return to play without the note from the medical provider and only after completion of the Return to Play Protocol followed by the athletic trainer.
- The Return to Play Protocol is a stepwise progression consistent with guidelines published by the Centers for Disease Control and Prevention (see [https://www.cdc.gov/headsup/index.html](https://www.cdc.gov/headsup/index.html)).

All staff, coaches, volunteers, trainers, etc. who are involved with Brockton Public Schools students are responsible for following the procedures and protocols associated with this policy.

**Wellness Education Waivers**

While it is in the best interest of all students to participate in physical education and fitness instruction, there may be instances when a student wishes to receive a waiver from Wellness classes. Students may receive a waiver based on the following criteria.

- The Swimming Waiver test is a water safety test offered one day per week for the first month of each semester. This test is open to all students. Upon successful completion of requirements, the Wellness Department Head will provide the names of qualified students to the Guidance Department Head who will forward the information to the appropriate counselor for documentation.
- For students enrolled in the JROTC Program, one semester of the wellness requirement may be waived, but no credits in wellness would be granted. At the end of each semester, the head of the JROTC Program will provide the names of qualified students to the Guidance Department head who will forward the information to the appropriate counselor for documentation.
- One wellness education requirement per school year may be waived (but no credit given) for any student who successfully completes a Varsity or Junior Varsity season on a Brockton High School athletic team after their freshman year and before the spring season of their senior year. A waiver will only be issues during the school year in which the student participated on a
team. At the end of each athletic season, the athletic director will submit a list of qualified students to the Guidance Department head who will forward the information to the appropriate counselor for documentation.

- Additional waivers may be granted at the discretion of the department head for programs such as Water Safety Instruction certification or other programs that meet the National Association for Sport and Physical Education criteria. Upon completion of requirements, the Wellness Department Head will provide the names of qualified students to the Guidance Department head who will forward the information to the appropriate counselor for documentation.

Note: Students are encouraged to take Wellness courses even if they qualify for a waiver. Freshmen are excluded from the waiver as we require all freshmen to take Introduction to Wellness Education.

Wellness Department Comprehensive Sexuality and Health Curriculum
This curriculum is abstinence based and focuses on relationships; emotional and physical changes young people experience, decision-making skills and the health risks involved with teen sexuality. The program will be presented by the health teacher with added support from the school nurse and classroom teacher. Under Massachusetts law and the School Committee policy, you may exempt your child from any portion of the curriculum that primarily involves human sexual education or human sexuality issues. To apply for an exemption, you must send the Principal a letter requesting an exemption for your child. No student who is exempted from this portion of the curriculum will be penalized. We will provide an alternate assignment to students who are exempted. If you would like to review these materials at the school, you are welcome to do so. Please call the Principal to arrange a convenient time. Parents/guardians who have questions related to the wellness curriculum are encouraged to contact the wellness department head for more information.

II. Student Rights & Privileges

Student Rights
All members of the school community have the right and responsibility to know the rules and regulations of the school. Emergencies and unforeseen circumstances may require the principal to revoke student privileges. All students and staff are guaranteed the right of due process, and the student accused of a violation will be notified of the violation and be afforded the opportunity to present one’s version of the alleged violation.

All students have a right to an education and to the equality of educational opportunity.

Freedom of Speech is guaranteed to all citizens, and students are allowed to exercise their constitutionally protected rights of free speech, petition, and assembly as long as they do not substantially disrupt the educational process at Brockton High School or create a hostile environment for other students or members of the school community.

a. Students have a right to wear political buttons, armbands and other badges of symbolic expression, provided the material is not obscene, libelous, espousing prejudicial views or creating a hostile environment for other students or members of the school community.

b. Students may form political and social organizations. These organizations, however, must be open to all students and must abide by Board of Education policies as developed in guidelines established by the student government acting in concert with the principal. These organizations shall have reasonable access to school facilities.

c. School newspapers, yearbooks, literary magazines and other publications are guaranteed the right of freedom of the press, subject to the existing laws of libel and obscenity. The staffs will have qualified advisers and seek the highest publication standards. Other non-school sponsored student publications should be subjected to locally determined procedures for distribution on school premises.

Student Records
The Family Educational Rights and Privacy Act (FERPA) is a federal law that provides two basic rights to parents with regard to student records.

1. The right to inspect and review their child’s education records
2. The right to prevent unauthorized persons from seeing the same records

The Commonwealth’s student record regulations are designed to ensure parents and students the right to confidentiality, inspection, amendment and destruction of student records, and to assist school authorities in carrying out their responsibilities under state and federal law. To request records, please send a written request to your child’s school and/or to the Student Support Services department.

A student's record is any information that is kept about the student in school (examples: grades, test scores, attendance). It is made up of the "transcript" (name, address, courses taken, credits, and grades) and the "temporary record" (progress reports, test scores, class rank, extracurricular activities and any other relevant education information). M.G.L. ch. 71, § 34H specifies detailed procedures that
govern access to student records by parents who do not have physical custody of their children. For more information, please contact the school principal. Please be advised that the temporary student record shall be reviewed by the principal or designee at the end of each academic school year, at which time misleading, outdated, or irrelevant information contained therein shall be destroyed. Parents and/or eligible students who wish to obtain a copy of their temporary student record prior to such destruction shall make sure request to the school principal in writing prior to the end of the academic school year at issue. Note: this policy applies to student records generated during remote learning.

For students in the ninth grade or higher or 14 years old or older, the rights below belong to the students and their parents or guardian. For students 18 years old or older, the rights below belong to the students alone if they request in writing that only they, and not their parents or guardians, should have these rights.

For students under 14 or not yet in the ninth grade, the rights below belong only to their parents or guardians:

a. Seeing a student's records - Parents or guardians have the right to see and have copies made of all materials in the record within ten days of the request. The school may not charge more than the cost of the copies.

b. Privacy of a student's records – Authorized school personnel who work directly with a student have access to a student's records when it is necessary to perform their duties. With very few exceptions, no one else may see these records without the written permission of a student/parent or guardian.

c. Destroying a student's records - The school system must keep a student's transcript for at least 60 years after the student leaves the school system. Temporary records must be destroyed within seven years after the student leaves the school. Before any records are destroyed, the student/parent or guardian must be given notice and an opportunity to get a copy.

d. Amending a Student's Record and appealing it - A student/parent or guardian may add any relevant written material to the student's record. If there is information in the record that the student/parent or guardian feels is inaccurate, misleading, or irrelevant and the student wants it removed, the student may ask the Principal to remove it. If the request is denied, or if the student has any other objections to the school records policy, there is an appeals process. Information about the appeals process will be supplied by the guidance office.

e. Notice is given that, under Massachusetts law, Brockton schools will allow access to student records to authorized school personnel of the school to which a student seeks to transfer (603 CMR 23.00)

f. National Student Clearinghouse Data – Brockton High School provides information to the National Student Clearinghouse for the purposes of tracking college enrollment verification. The information provided is in compliance with FERPA laws. However, parents/students may opt-out of providing information to this organization. Opt-out requests must be submitted to the student’s Dean in writing.

**Age of Majority**

The student, upon reaching the age of majority and in the absence of any court actions to the contrary, may choose to make his/her own decisions. Such a choice is made in the presence of at least one representative of the school and one other witness and is documented in written form and maintained in the student record.

If the parent has sought and received guardianship from a court of competent jurisdiction, then the parent retains full decision-making authority. The parent does not have authority to override any decision made by the student who has reached the age of majority unless the parent has sought and received guardianship or other legal authority from a court of competent jurisdiction.

Students with IEP’s, upon reaching the age of majority and in the absence of any court actions to the contrary, may choose to share decision making with his or her parent (or other willing adult), including allowing the parent to co-sign the IEP. Such a choice is made in the presence of the Special Education team and is documented in written form. The student's choice prevails at any time that a disagreement occurs between the adult student and the parent or other adult with whom the student has shared decision-making.

**Special Education Student Records Policy**

State regulations have been adopted regarding the retention and destruction of student records, including special education records. It is the policy of the Brockton Public Schools to comply with all state and federal statutes and regulations regarding student records. Special education records are considered by state regulation to be part of a student’s temporary record. The temporary record contains the majority of the information maintained by the school about the student. The information may include such things as standardized test results, class rank, Individualized Educational Programs (IEP’s), student progress reports, assessment/evaluation reports, extracurricular activities, and comments by teachers, counselors and other school staff. By state regulation, the temporary record must be kept by the school district for a period not exceeding seven (7) years after the student graduates, transfers or withdraws from the district. Before the records are destroyed, the parent and student will be notified and have an opportunity to receive a copy of any information before its destruction.
Student Privileges

Students are not allowed to have outside food brought in, i.e. McDonald’s, pizza, subs., etc.**

Flexible Campus Program
The flexible campus program is designed to allow students to go outside during their designated single lunch period. If students are assigned to directed academics during period five, they must report to that location. The success of the flexible campus program depends entirely on the cooperation of the students. Eating lunch outdoors in the courtyard is allowed as a privilege.

1. Designated Flexible Campus Areas
   a. The area between the Azure and Green buildings.
   b. The area between the Red and Yellow Gym buildings, south of the Gym sidewalk, between the wooden horses set up to prohibit cars from driving through. The area beneath the lobby connected to the Gym is OFF LIMITS.
   c. No walking outside from the Green to Red buildings
   d. All students must use the Flexible Campus area adjacent to their assigned buildings. All other areas are restricted.
   e. Food and/or beverages are not allowed outside the cafeteria.
   f. The area around the flagpole is OFF LIMITS.

2. Doors to Be Used
   a. Only those doors that lead directly to the designated areas may be used. Students may leave the cafeteria during their lunch period but may not reenter the building until the end of the period. There is to be no loitering in the corridors.

IRC Schedule/Library Passes

- Only one student's name shall appear on the pass.
- Passes shall be written for no more than one period.
- Passes will be returned daily to the directed academics teachers. If the passes are not returned, the student did not go to the IRC and is to be reported as cutting directed academics.
- Passes for the IRC's during lunch are to be written for one lunch period only and students may only enter the IRC at the beginning of each lunch period. If a student needs more time to complete work, the librarian will write a pass for the student.
- Student passes during lunch periods and Period 6 shall be restricted to “own house” only. If a student has need for another library, then the librarian, Dean or Assistant Dean will write a pass for the student.

Leaving School/Dismissal
To leave school during the day, a student must check out by a legal parent/guardian or authorized person designated on the student’s emergency form through the Assistant Dean's Office. Students with age of majority status must obtain approval from an administrator prior to checking out. If a student returns on the same day, one must also check back through the Assistant Dean's Office. Any student who leaves school without properly signing out at the Assistant Dean's Office may face disciplinary action. Once a student arrives on school grounds, they may not leave without being dismissed by a parent or emergency form designee. Failure to abide by this proviso may result in disciplinary action.

Students are required to leave school grounds immediately at the close of school unless they are meeting with a teacher, club, program, team, or are using an IRC. Students with late bus passes must report directly to the appropriate late-bus cafeteria when their activities are complete. Students found unsupervised in the school or on school grounds after dismissal may face disciplinary actions for being found in restricted areas.

No student dismissals will be permitted after 10:30 am on early release days or after 1:30 pm on full/normal school days.

School Events/Extracurricular Activities/School Sponsored Field Trips, Proms, PAC/PTA Sponsored Events
The administration and teachers expect that students will conduct themselves in accordance with school policy. The privilege to attend, social events, extracurricular activities, and or field trips may be revoked as a result of disciplinary action. The administration must approve of all guests if a student requests that one attend the prom with a guest who is either not a student at Brockton High School or
is not in the class sponsoring the prom. Brockton High School students who are not members of the class sponsoring the activity must have an “A” in citizenship in order to attend the prom with one exception: for those Brockton High School students who may have a “C” in citizenship for reasons other than acts of violence, bullying, incidents of disrespectful behavior to fellow students and staff and/or attempts or acts of destruction to property; subject to final review and approval by each student’s respective House Dean. Junior Prom guests who do not attend Brockton High School must be currently enrolled in a high school and be in good academic and behavior standing at their high school. Any person older than 20 years of age or any person who is in junior high, middle school, or elementary school will not be allowed to attend any Brockton High School prom.

NOTE – ATTENDANCE AT THESE FUNCTIONS IS A PRIVILEGE NOT A RIGHT. THE ADMINISTRATION RESERVES THE RIGHT TO DENY ANY STUDENT AND/OR GUEST ATTENDANCE TO ANY FUNCTION.

Junior Privileges

Student Government
Students must be free to establish and should be encouraged to participate in student governments that provide students, through a representative system, a voice in school affairs. The students shall have the right to establish eligibility requirements through their constitutional processes subject to the approval of the school administration.

Transportation
Remember: It is a privilege to ride a school bus. The school day begins when students leave their homes and ends when they return. Students are under the jurisdiction of the school administration during this entire period. If a student is not well behaved and courteous, or if a student endangers the health and safety of other pupils, this privilege shall be taken away from the student on a temporary or permanent basis. Violation of any item listed below may result in the immediate suspension of the bus privilege and/or suspension from school by the principal.

Since riding the school bus is a privilege and not a right the following is expected:
1. The students shall remain back from the roadway and behave in an orderly manner while waiting for the bus.
2. Upon entering the bus, students must go directly to a seat and remain seated until told to leave. They shall obey the directions of the bus driver at all times. Disorderly conduct, shouting or throwing things on the bus will not be tolerated.
3. The students shall keep their arms, hands, heads, and legs inside the bus. They shall not throw anything out of the window. They shall not litter or deface the bus. They must keep aisles clear. If seat belts are available, they must be worn.
4. The emergency door is to be used for emergencies only.
5. The students shall not ride any buses other than the one to which they have been assigned.
6. After a series of warnings, the student can be permanently suspended from bus privileges.

**Late Bus Information**

Students will only be allowed onto the late buses with a “Late Bus Pass.” Students must receive late bus passes from the teacher for whom they are staying after school, weather for extra help, detention, or a club or intramural activity. Students may not get these in advance; they can only pick them up from the teacher after they have completed their after-school obligation. It is the responsibility of the student to get the pass from the teacher. Students must fill the pass out in front of the teacher, the teacher will then sign the pass and the then the bus driver will collect the pass from the students as they board the bus.

STUDENTS WILL NOT BE ADMITTED TO THE LATE BUS WITHOUT PASSES. Bus students must have their Late Bus Pass with them and wait in the assigned cafeteria for the late buses. Students are not allowed to leave school grounds and come back to get on a late bus. Any students without the Late Bus Pass may be sent home.

**Student Automobile Use**

The Brockton School Committee, with the following regulations, authorizes the use of motor vehicles by students for transportation to and from high school. The regulations are:

1. Once parked, students may not reenter their cars, without permission, until dismissed.
2. The speed limit on school grounds is 15 miles per hour.
3. The direction of police officers and school police must be obeyed.

Noncompliance with these regulations may result in the denial of permission to drive on the school campus.

**No Idling Policy**

Brockton School Committee Policy EEAF prohibits drivers from idling their vehicle for more than 5 minutes outside a school or school supported event. The “No Idling” policy is in accordance with MGL, Chapter 90, 16A and 310 CMR, 7:11, the Commonwealth’s idling reduction law, which seeks to reduce the health and environmental effects of vehicle exhaust and decrease our use of fuel by reducing unnecessary idling.

**III. Attendance Policy**

The requirements for the receipt of a Brockton High School diploma include an acceptable level of attendance in a Brockton Public School secondary level educational program. Exceptions to attendance criteria can be made only by the Principal and/or designee pursuant to a transcript review. This attendance policy is in conjunction with a student successfully passing all necessary academic subjects and achieving the minimum credits needed for a diploma.

A student must be in attendance for at least 95 percent of class sessions; this means that a student is allowed THREE (3) days absent per term or one will fail the course without a waiver. A student may apply directly to the Dean for a waiver for one or more of one’s absences.

**Absences**

**Excused Absence Days**

May Be for Any of the Following Reasons

- Death in the family.
- Religious holidays.
- Authorized school sponsored activities and related activities.
- Illness – Parents must call the school on the day of the absence and provide a note upon the student’s return. If the student saw a doctor, a doctor’s note must be provided. In instances of chronic or irregular absence reportedly due to illness, the school administration may request a physician’s statement certifying such absences to be justified. All documentation for waivers, including doctor’s notes, must be on file in the Dean’s Office within five days after the student returns to school.
- In the event of a pandemic, such as the COVID-19, other credible evidence may, at the discretion of the building administrator or one’s designee, be accepted in lieu of a doctor’s note in support of a waiver of unexcused absence from school.
- Court appearances.
- Military obligations.
- For Grade 12 and 11 students ONLY: College interview/visit documented on college letterhead.
- Other reasons as deemed appropriate by the Dean.
Attendance at School Functions
Students who are absent from school during the day are not eligible to attend school functions in the afternoon or evening. Any planned absence or dismissal, known in advance, and prior to its occurrence should be reported in writing to the Assistant Dean. All dismissals should be made before 1:30 pm. Excused absences will be given for specified illnesses or any other reason deemed acceptable by the administration. Dismissals must also be signed by parent or guardian and submitted to the Assistant Dean's office before school (7:30 am).

If the absence is of five or more consecutive days for medical reasons, the student must report to the nurse, on the day of return, with a doctor's certificate in addition to the parent's or guardian's note. In the unlikely event of no doctor's note, the school nurse will make the appropriate medical recommendation as to whether a student will remain in school or not. Final approval will be the decision of the School Administration.

Students returning to school after having a communicable disease may not be readmitted unless they have a Board of Health Permit obtained from City Hall or a certificate from a physician.

Unexcused Absence Days
May be for any of the following reasons (not a complete list)
- Truancy
- Tardy to school (20 minutes late)
- Class cutting
- Illness absence without documentation as indicated above
- Family vacations, trips, obligations, etc.
- Unnecessary absences from class as determined by administrator
- Any form of “skip day” (see below)

College Visits
Juniors and Seniors will be allowed six (6) school days over the two-year period for visiting colleges
A verbal or written request from the parent must be approved by the Dean BEFORE visiting the institution of higher learning. Proper documentation (signed form or letter from the admissions office on school letterhead) must be submitted to the Dean upon return to school. For seniors, college visits after May 1 require special approval from the Dean. Underclassmen who wish to visit colleges must make special arrangements with the appropriate Dean to begin the documentation process.

Skip Days
Skip days are not approved absences at BHS and are not waived absences.

Attendance Buy-Back Policy
The “Buy-Back” policy allows a student the opportunity to “buy-back” THREE of those absence days each term according to a set of guidelines that are available in the Dean’s office.

Any student who has been absent will have the opportunity to buy back (i.e., waive) up to two days of those absences each term, according to the following guidelines:
- Inform your Assistant Dean of your intention to buy back a day and obtain the appropriate form.
- Show that form to each of your teachers for initialing on the first day.
- Attend school for five consecutive days without incurring any tardiness, demerits, and/or behavioral referrals.
- On the fifth day, have each teacher re-sign the form, verifying your attendance and classwork.
- Return the form at the end of the fifth day to the Assistant Dean’s office.
- If the student successfully fulfills the above guidelines a one-day waiver will be granted.

Please note that any absence that a student “buys back” will be converted to a waived absence for the purpose of automatic class failure but will still be documented as an absence on the student’s attendance record.

Waivers
Waivers will be given for vacations only once during a student's four years at Brockton High School and such waiver shall not exceed five school days. A note must be given to the House Administration at least one month in advance. No vacation waivers will be issued during the MCAS testing period to any student involved in the MCAS program. No waivers will be given during final exam week
for seniors or underclassman. No credit shall be given unless all work is completed satisfactorily by any student accepting a waiver. In addition, and due to a shortened Semester II for seniors, no waivers for vacation will be allowed during the second semester.

A student will not be considered for a waiver unless notes for indicated absences deemed excusable by the administration are on file in the Assistant Dean's Office. All documentation for waivers, including doctor's notes, must be on file in the Dean's Office within five school days after the student returns to school. All requests for waivers at the end of the term must be received by the Dean no later than the last day before the end of the marking term.

Waivers will not be given for class absences due to unexcused tardiness.

**Truancy**

Truancy occurs when a student has unexplained or unauthorized absences from school. At Brockton High School when a student is truant, one may receive an "F" in citizenship and no credit for classes missed. In addition, a conference with the parents, student and Assistant Dean is required. The student will also be referred to one’s guidance counselor. In cases where the student is under sixteen, a referral will be made to the School Department Attendance Officer. Subsequent offenses may result in suspension.

If a student has at least five (5) days in which he/she has missed two (2) or more periods unexcused in a school year, or if a student has missed five (5) or more school days unexcused in a school year, the school principal or his/her designee shall make reasonable effort to meet with the parent or guardian of the student to develop action steps for the student’s attendance. These action steps shall be developed jointly and agreed upon by the school principal or his/her designee, the student and the student’s parent or guardian and with input from other relevant school personnel and officials from relevant public safety, health and human service, housing and nonprofit agencies.

### IV. Code of Conduct & Penalties for the Violation of School Rules

**Brockton High School Student Discipline**

The Brockton Public Schools adheres to the regulations regarding student discipline and access to education that are embodied in Chapter 222 of the Acts of 2012 and made effective July 1, 2014.

**BPS Policies and Procedures Regarding Student Discipline**

- Require the use of discretion and professional judgment;
- Respect the rights of students and families to due process, including the right to notice, opportunity to be heard before consequences are imposed, and fairness, including consideration of the unique circumstances presented;
- Consider the use of alternatives to suspension;
- Allow students the opportunity to make academic progress during time of suspension;

*Overall, BPS practice regarding student discipline seeks to provide a supportive school environment in which students have opportunities to mature and develop into responsible citizens, while respecting the need to maintain a safe and orderly school community.*

**Due Process Procedure for Student Discipline**

**Eligibility to Participate in School Activities and Events**

Extra-curricular activities and events are an important part of the educational experience for our students, but participation in these activities is a privilege, not a right. The variety of clubs, activities and events is extensive, and students are encouraged to become involved in one or more of these opportunities.

Participation in clubs and activities at Brockton Public Schools and attending school-sponsored, school-related events is a privilege afforded to students who remain in good standing. To participate in school activities, events and clubs, students are expected to maintain good attendance and demonstrate good behavior and citizenship during school and at school-sponsored events. Eligibility for participation in activities, events, clubs, awards, scholarships and honorary positions at Brockton Public Schools is limited to students who are currently enrolled in and attending Brockton Public Schools in good standing. Students not meeting these expectations may be excluded at the discretion of the Principal or his/her designee. A student’s removal from extracurricular activities and attendance at school sponsored events is not subject to the procedural requirements of M.G.L. ch. 71, § 37H¼ (Principal’s Hearing). The removal is not a suspension for the purpose of counting the school days that a student is suspended. Parents will be notified when a student is removed or excluded from extracurricular activities.
Suspensions
The Brockton Public Schools adheres to the Student Discipline Laws and Regulations as set forth in M.G.L. ch. 71, §§37H, 37H½ and 37H¾ and 603 CMR 53.00 et seq.

In-School Suspension Procedures
A student may be removed from regular classroom activities, but not from the school premises, for up to ten (10) consecutive school days or up to ten (10) school days cumulatively for multiple infractions during the school year. Students who are placed in in-school suspension shall have the opportunity to earn credits, make up assignments, tests, papers, and other school work as needed to make academic progress during the in-school suspension.

A student who is unable to consistently adhere to acceptable classroom standards in a particular class may be removed from the class permanently and assigned to a different class at the discretion of the principal and/or his/her designee.

Notice of In-School Suspension
The principal or his/her designee shall inform the student of the disciplinary offense charged and the basis for the charge and provide the student with an opportunity to dispute the charges and explain the circumstances surrounding the alleged incident. If the principal or his/her designee determines that the student committed the disciplinary offense, the principal or his/her designee shall inform the student of the length of the student's in-school suspension. If the in-school suspension exceeds ten (10) days, cumulatively or consecutively, in a school year, the student shall have the right to appeal the suspension to the Superintendent or Superintendent’s designee.

On the same day as the in-school suspension decision, the principal or his/her designee shall make reasonable efforts to notify the parent orally of the disciplinary offense, the reasons for concluding that the student committed the infraction, and the length of the in-school suspension.

On the day of the suspension, the principal or his/her designee shall send written notice (by hand-delivery, certified mail, first class mail or email) to the student and parent including the reason and the length of the in-school suspension and inviting the parent to a meeting if the meeting has not already occurred. The notice shall be in English and the primary language of the home if another language is identified in the home language survey, or by other means, as appropriate.

Parent Meeting
The principal or his designee shall also invite the parent to a meeting to discuss the student's academic performance and behavior, strategies for student engagement, and possible responses to the behavior. Such meeting shall be scheduled on the day of the suspension if possible, and if not, as soon thereafter as possible. If the principal or his/her designee is unable to reach the parent after making and documenting at least (2) attempts to do so, such attempts shall constitute reasonable efforts for purposes of orally informing the parent of the in-school suspension.

No Right to Appeal
The decision of the Principal or his/her designee is the final decision for in-school suspensions not exceeding ten (10) days, consecutively or cumulatively during a school year.

Out-Of-School Suspension Procedures Under M.G.L. ch. 71, § 37H¾

Due Process Procedures for Out-Of-School Suspensions
There are two types of out-of-school suspensions, Short-Term Suspensions and Long-Term Suspensions under M.G.L. ch. 71, § 37H¾. The principal or his/her designee shall determine the extent of the rights to be afforded the student at a disciplinary hearing based on the anticipated consequences for the disciplinary offense. If the consequence may be long-term suspension from school, the principal or his/her designee shall afford the student, additional rights as described below, in addition to those rights afforded to students who may face a short-term suspension from school. All students facing out-of-school suspension shall have the right to oral and written notice, as described below.

Notice for Any Out-Of-School Suspension
Prior to suspending a student, the Principal or his/her designee will provide the student and the parent oral and written notice of the possible suspension, an opportunity for the student to have a hearing and the opportunity of the Parent(s) to participate in the hearing. The notice will be in English and in the primary language of the home if other than English as identified in the home language survey, or by other means of communication where appropriate.

The notice will set forth in plain language:

a) The disciplinary offence
b) The basis for the charge

c) The potential consequences, including the potential length of the student’s suspension

d) The opportunity for the student to have a hearing with the principal or his designee concerning the proposed suspension, including the opportunity to dispute the charges and to present the student's explanation of the alleged incident, and for the parent to attend the hearing

e) The date, time, and location of the hearing

f) If the student may be placed on long-term suspension following the hearing with the principal

1. The rights set forth in 603 CMR 53.08(3)(b); and

2. The right to appeal the principal's decision to the superintendent.

The principal or his/her designee shall make reasonable efforts to notify the parent orally of the opportunity to attend the hearing. Prior to conducting a hearing without the parent present, the principal or his/her designee will document reasonable efforts to include the parent. The principal or his/her designee is presumed to have made reasonable efforts if the principal or his/her designee has sent written notice and has documented at least two (2) attempts to contact the parent in the manner specified by the parent for emergency notification.

Written notice to the parent may be made by hand delivery, first-class mail, certified mail, email to an address provided by the parent for school communications, or any other method of delivery agreed to by the principal and parent.

Emergency Removal of Student

Under certain emergency circumstances, it may not be practical for the principal or his/her designee to provide prior oral and written notice before removing a student from school. The principal or his/her designee may remove a student from school temporarily when a student is charged with a disciplinary offense and the continued presence of the student poses a danger to persons or property, or materially and substantially disrupts the order of the school, and, in the principal's (or his/her designee's) judgment, there is no alternative available to alleviate the danger or disruption. The principal or his/her designee will immediately notify the superintendent in writing of the removal and the reason for it, and describe the danger presented by the student. The temporary removal shall not exceed two (2) school days following the day of the emergency removal, during which time the principal shall:

a) Make immediate and reasonable efforts to orally notify the student and the student's parent of the emergency removal, the reason for the need for emergency removal, the disciplinary offense, the basis for the charge, the potential consequences, including potential length of suspension, the opportunity for a hearing including the date/time/location of the hearing, the right to interpreter services, and other rights permitted for students who may be placed on long-term suspension as set forth in 603 CMR. 53.08(3)(b)

b) Provide written notice to the student and parent, including the information described in 603 CMR 53.06(2)

c) Provide the student an opportunity for a hearing with the principal or his/her designee that complies with 603 CMR 53.08(2) or 53.08(3), as applicable, and the parent an opportunity to attend the hearing, before the expiration of the two (2) school days, unless an extension of time for hearing is otherwise agreed to by the principal, student, and parent.

d) Render a decision orally on the same day as the hearing, and in writing no later than the following school day, which meets the requirements of 603 CMR 53.08(2)(c) and 53.08(2)(d) or 603 CMR 53.08(3)(c) and 53.08(3)(d), as applicable.

A principal will not remove a student from school on an emergency basis for a disciplinary offense until adequate provisions have been made for the student’s safety and transportation.

Short-Term Suspension Procedures Under M.G.L. ch. 71, § 37H¾

A Short-Term Suspension is the removal of a student from the school premises and regular classroom activities for ten (10) consecutive school days or less. The principal, or his/her designee, may, in his or her discretion, allow a student to serve a short-term suspension in school. Any student facing a potential short-term suspension is entitled to a hearing with the Principal or his/her designee with the following process:

Principal Hearing - Short-Term Suspension

a) The purpose of the hearing with the principal or his/her designee is to hear and consider information regarding the alleged incident for which the student may be suspended, provide the student an opportunity to dispute the charges and explain the circumstances surrounding the alleged incident, determine if the student committed the disciplinary offense, and if so, the consequences for the infraction. At a minimum, the principal or his/her designee shall discuss the disciplinary offense, the basis for the charge, and any other pertinent information. The student also shall have an opportunity to present information, including mitigating facts that the principal or his/her designee should consider in determining whether other remedies and consequences may be appropriate as alternatives to suspension. The principal or his/her designee shall provide the parent, if present, an opportunity to discuss the student's conduct and offer information, including mitigating circumstances, that the principal should consider in determining consequences for the student.
b) Based on the available information, including mitigating circumstances, the principal or his/her designee shall determine whether the student committed the disciplinary offense, and, if so, what remedy or consequence will be imposed.

c) The principal or his/her designee shall notify the student and parent of the determination and the reasons for it, and, if the student is suspended, the type and duration of suspension and the opportunity to make up assignments and such other school work as needed to make academic progress during the period of removal, as provided in 603 CMR 53.13(1). The determination shall be in writing and may be in the form of an update to the original written notice.

d) If the student is in a public preschool program or in grades K through 3, the principal shall send a copy of the written determination to the superintendent and explain the reasons for imposing an out-of-school suspension, before the short-term suspension takes effect.

### No Right to Appeal

The decision of the Principal or his/her designee is the final decision for short-term out-of-school suspensions not exceeding ten (10) days, consecutively or cumulatively during a school year.

### Long-Term Suspension Procedures Under M.G.L. ch. 71, § 37H½

A Long-Term Suspension is the removal of a student from the school premises and regular classroom activities for more than ten (10) consecutive school days, or for more than ten (10) school days cumulatively for multiple disciplinary offenses in any school year. No long-term suspension under M.G.L., ch. 71, § 37H½ shall extend beyond the end of the school year in which such suspension is imposed. Any student facing a potential long-term suspension is entitled to a hearing with the Principal or his/her designee with the following process

#### Principal Hearing - Long-Term Suspension

a) The purpose of the hearing with the principal or his/her designee is to hear and consider information regarding the alleged incident for which the student may be suspended, provide the student an opportunity to dispute the charges and explain the circumstances surrounding the alleged incident, determine if the student committed the disciplinary offense, and if so, the consequences for the infraction. At a minimum, the principal or his/her designee shall discuss the disciplinary offense, the basis for the charge, and any other pertinent information. The student also shall have an opportunity to present information, including mitigating facts, that the principal should consider in determining whether other remedies and consequences may be appropriate as alternatives to suspension. The principal or his/her designee shall provide the parent, if present, an opportunity to discuss the student's conduct and offer information, including mitigating circumstances, that the principal should consider in determining consequences for the student.

b) In addition to the rights afforded a student in a short-term suspension hearing, the student shall have the following additional rights:

### c) The principal or his/her designee shall provide the parent, if present, an opportunity to discuss the student's conduct and offer information, including mitigating circumstances, that the principal should consider in determining consequences for the student.

#### d) Based on the evidence, the principal or his/her designee shall determine whether the student committed the disciplinary offense, and, if so, after considering mitigating circumstances and alternatives to suspension, what remedy or consequence will be imposed, in place of or in addition to a long-term suspension. The principal or his/her designee shall send the written determination to the student and parent by hand-delivery, certified mail, first-class mail, email to an address provided by the parent for school communications, or any other method of delivery agreed to by the principal and the parent. If the principal or his/her designee decides to suspend the student, the written determination shall:

1. Identify the disciplinary offense, the date on which the hearing took place, and the participants at the hearing;
2. Set out the key facts and conclusions reached by the principal;
3. Identify the length and effective date of the suspension, as well as a date of return to school;
4. Include notice of the student's opportunity to receive education services to make academic progress during the period of removal from school;

ii. If the student is in a public preschool program or in grades K through 3, the principal shall send a copy of the written determination to the superintendent and explain the reasons for imposing an out-of-school suspension, before the suspension takes effect.

2. The student or parent shall file a notice of appeal with the superintendent within five (5) calendar days of the effective date of the long-term suspension; provided that within the five (5) calendar days, the student or parent may request and receive from the superintendent an extension of time for filing the written notice for up to seven (7) additional calendar days. If the appeal is not timely filed, the superintendent may deny the appeal, or may allow the appeal in his or her discretion, for good cause.

3. The superintendent shall hold the hearing within three (3) school days of the student's request, unless the student or parent requests an extension of up to seven (7) additional calendar days, in which case the superintendent shall grant the extension.

4. The superintendent shall make a good faith effort to include the parent in the hearing. The superintendent shall be presumed to have made a good faith effort if he or she has made efforts to find a day and time for the hearing that would allow the parent and superintendent to participate. The superintendent shall send written notice to the parent of the date, time, and location of the hearing.

5. The superintendent shall conduct a hearing to determine whether the student committed the disciplinary offense of which the student is accused, and if so, what the consequence shall be. The superintendent shall arrange for an audio recording of the hearing, a copy of which shall be provided to the student or parent upon request. The superintendent shall inform all participants before the hearing that an audio record will be made of the hearing and a copy will be provided to the student and parent upon request.

6. The student shall have all the rights afforded the student at the principal’s hearing for long-term suspension.

7. The superintendent shall issue a written decision within five (5) calendar days of the hearing which meets the requirements of 603 CMR 53.08(3)(c)1 through 5. If the superintendent determines that the student committed the disciplinary offense, the superintendent may impose the same or a lesser consequence than the principal but shall not impose a suspension greater than that imposed by the principal’s decision.

8. The decision of the superintendent shall be the final decision of the school district, with regard to the suspension.

A parent conference (re-entry meeting) with the Principal or his/her designee is strongly encouraged before students who are suspended return to school. This conference will be used to promote the engagement of the parents or guardians in discussions of the student’s misconduct and to assist the student in re-engaging with the school community.

Exclusion/Expulsion Under M.G.L. ch. 71, § 37H

In accordance with M.G.L. ch. 71, § 37H, a student may be excluded or expelled from school under the following circumstances:

a) Upon the issuance of a criminal complaint charging a student with a felony or upon the issuance of a felony delinquency complaint against a student, the principal or headmaster of a school in which the student is enrolled may suspend such student for a period of time determined appropriate by said principal or headmaster if said principal or headmaster determines that the student’s continued presence in school would have a substantial detrimental effect on the general welfare of the school. c) Upon a student being convicted of a felony or upon an adjudication or admission in court of guilt with respect to such felony or felony delinquency, the principal or headmaster of a school in which the student is enrolled may expel said student if such principal or headmaster determines that the student’s continued presence in school would have a detrimental effect of the general welfare of the school. The notice shall include a list of the specific education services that are available to the student and contact information for a school district staff member who can provide more detailed information.

PLEASE NOTE: IN SOME CASES, THE PRINCIPAL HAS THE PREROGATIVE, WITH THE APPROVAL OF THE SUPERINTENDENT OR DESIGNEE, TO ASSIGN STUDENTS TO AN ALTERNATIVE SCHOOL SETTING

Code of Procedures Provisions for Students with Disabilities

Procedures for Suspension(s) Not Exceeding 10 School Days
- Any student with a disability may be suspended for up to ten (10) school days during a school year. Disciplinary decisions are the same as for students without disabilities and in accordance with the due process procedures in this handbook.
- The school provides additional procedural safeguards for students with disabilities prior to any suspension beyond 10 consecutive days or more than 10 cumulative days (if there is a pattern of suspension) in any school year.

Procedures for Suspension(s) Exceeding 10 School Days
- If your child is suspended for more than 10 school days in a school year, this removal may be considered a “change of placement”. A change of placement invokes certain procedural protections under federal special education law and Section 504.
- Federal law defines a “change of placement” as:
  - Removal for more than 10 consecutive school days; OR
  - A series of removals that constitute a pattern 1) because the series of removals total more than 10 cumulative days in a school year; 2) because the student’s behavior is substantially similar to that in previous incidents that resulted in the series of removals; and 3) because of such additional factors as the length of each removal, the total amount of time the student has been removed, and the proximity of the removals to one another. Please note that determination of whether a pattern of removals is a “change of placement” is made by the District.
- Prior to any removal that constitutes a change in placement, the school must convene a meeting to determine whether or not the behavior that forms the basis of the disciplinary action is manifestation of your child’s disability. Parents have a right to participate in this meeting. At the meeting, all relevant information will be considered including the IEP or Section 504 Plan, teacher observations, and evaluations reports.
- At a manifestation determination meeting, the team will consider two questions:
  - Did the student’s disability cause or have a direct and substantial relationship to the conduct in question?
  - Was the conduct a direct result of the district’s failure to implement the IEP/Section 504 Plan?
- If the manifestation determination decision is that the conduct in question was caused by or had a direct and substantial relationship to your child’s disability OR a direct result of the district’s failure to implement the IEP/Section 504 Plan, then your child may not be removed from the current educational placement (unless under the special circumstances or parents agree). The Team will review the IEP or Section 504 Plan and any behavioral intervention plans and may amend those plans as appropriate. The Team will complete a functional behavior assessment and behavior intervention plan if it has not already done so.
- If the manifestation determination decision is that the conduct in question was NOT caused by or had a direct and substantial relationship to your child’s disability OR was NOT the direct result of the district’s failure to implement the IEP/Section 504 Plan, then the school may suspend or otherwise discipline your child according the school’s code of conduct. The Team may, as appropriate, complete a functional behavioral assessment and behavioral intervention plan and modification, to address the behavior so that it does not recur. For students with IEPs, during the period of time of removal from school that exceeds 10 school days, the school district must provide educational services that allow your child to continue to make educational progress. For students with Section 504 Plans, there is no automatic right to receive educational services beyond the 10th school day of suspension under federal law, however, state law does provide all students with the rights to receive educational services during periods of suspensions lasting longer than ten days.
Special Circumstances for Exclusion
Special circumstances exist if your child: 1) possesses, uses, sells or solicits illegal drugs on school grounds or at a school-sponsored event; 2) carries a weapon to school or a school-sponsored event; or, 3) inflicts serious bodily harm upon another person at school or a school-sponsored event. Under these circumstances, the principal may place your child in an interim alternate educational setting (IAES) for up to 45 school days. Your child may remain in this IAES for a period of time not to exceed 45 school days. Thereafter, your child will return to the previously agreed-upon placement unless a hearing officer has ordered another placement, or you and the school agree to another placement. For students with Section 504 Plans, there is no automatic right to receive educational services beyond the 10th school day of suspension under federal law, however, state law does provide all students with the rights to receive educational services during periods of suspensions lasting longer than ten days.

School personnel will provide Parent’s Notice of Procedural Safeguards (Special Education) or Notice of Parent and Student Rights Under Section 504 for students with disabilities prior to any suspension constituting a change in placement. These notices will provide an explanation of the process should there be disagreement regarding the manifestation determination or any placement decision. Parent, guardian and/or student may petition Bureau of Special Education Appeals for a hearing or the Office for Civil Rights (Section 504).

Procedural Requirements Applied to Students Not Yet Determined to Be Eligible for Special Education or a 504 Plan
1. If, prior to the disciplinary action, a district had knowledge that the student may be a student with a disability, then the district makes all protections available to the student until and unless the student is subsequently determined not to be eligible. The district may be considered to have prior knowledge if:
   a. The parent had expressed concern in writing; or
   b. The parent had requested an evaluation; or specific concerns about a pattern of behavior demonstrated by the student. The district may not be considered to have had prior knowledge if the parent has not consented to evaluation of the student or has refused special education services, or if an evaluation of the student has resulted in a determination of ineligibility.
2. If the district had no reason to consider the student disabled, and the parent requests an evaluation subsequent to the disciplinary action, the district must have procedures consistent with federal requirements to conduct an expedited evaluation to determine eligibility.
3. If the student is found eligible for an IEP or 504 Plan, then one receives all procedural protections subsequent to the finding of eligibility.

Assigned Rooms
It is the student's responsibility to be in the assigned supervised area on time during directed academic periods. Students are expected, therefore, to be in the directed academic room or IRC area unless they have made arrangements to go to another supervised area in the school. Students are not to be out of an assigned room without a proper written authorization pass.

Bullying/Cyberbullying
All forms of bullying and cyberbullying by Brockton High School students or school staff members are hereby prohibited. Anyone who engages in bullying or cyberbullying in violation of this policy shall be subject to appropriate discipline. This policy is in effect while students are on property within the jurisdiction of the school district; while on school-owned and/or school-operated vehicles; while attending or engaged in school-sponsored activities; and while away from school grounds if the misconduct creates a hostile environment or materially and substantially disrupts the education process or orderly operation of the school. Any student who retaliates against another student reporting bullying or extortion or for assisting or testifying in the investigation or hearing may be subject to disciplinary action as noted in Group D.

Cell Phones and Electronic Devices
Cell phones and electronic devices may be used inside the building in the designated areas prior to 7:10 a.m. and after 1:59 p.m. Between 7:10 a.m. and 1:59 p.m. cell phones may only be used for educational purposes and only when approved by a supervising teacher. A student who fails to follow this policy may be subject to disciplinary action as noted in Group A. Brockton High School is not responsible for lost or stolen cell phones or any other type of electronic device. Students who carry these items do so at their own risk. The sale or purchase of cell phones and electronic devices is strictly prohibited at Brockton High School or during any of the school day, including travel to and from school.

Cellphones, electronic tablets, laptops and other electronic devices may only be used according to the following stipulations:
Before school (7:10 a.m.), students may use electronic devices outside the building and in the cafeterias.
During the school day, students may use electronic devices as described below:
- During class time for teacher-approved educational activities, and only with the teacher's permission and supervision.
- During Directed Academics for educational purposes, and only with the teacher’s permission and supervision.
• In the IRCs for educational purposes, and only with the teacher’s permission and supervision.
• In spaces dedicated to students of teachers absent without a substitute for educational purposes, and only with the teacher’s permission and supervision.
• During lunch in the cafeteria and during outside lunch privileges only. Violations of this policy may lead to referrals to the Assistant Dean.

**After school (1:59 p.m.)** students may use electronic devices, with the exception of the IRCs and teachers’ offices. During this time, devices must be silent and not causing a disruption. Headphones are not allowed to be worn in the halls at any point at Brockton High School no matter the time of day.

**Headphones may not be worn while communicating with any staff member, including teachers, administrators, educational staff, and cafeteria workers.**

Using any electronic device to photograph or record others is prohibited unless all proper permissions have been provided in writing in advance of the recording. Violation of this policy may result in disciplinary action. Violation of the BHS Electronic Device Policy may result in the item being confiscated and returned to the parent. In addition, the student may be subject to disciplinary action as noted in Group A.

Any student who finds a lost device while in school, at a school-related event, or while on a school bus must immediately turn over the found device to their respective Dean/Assistant Dean. Failure to immediately return found items may be considered theft and be dealt with as noted in Group D of the handbook.

**CELL PHONE/ELECTRONIC DEVICE USE IS NEVER ALLOWED IN ANY MCAS TESTING ENVIRONMENT. VIOLATORS FOUND USING CELL PHONES OR ELECTRONIC DEVICES IN MCAS OR TESTING ENVIRONMENTS MAY HAVE THEIR TESTS SCORES VOIDED AND BE SUBJECT TO DISCIPLINARY ACTION AS NOTED IN GROUP C.**

Laser pointers, e-cigarettes and vaping devices are prohibited from school property at all times.

**Cell Phone and Electronic Devices Search**
The search of cell phones or electronic devices for pictures, text messages, video, audio, uploaded and downloaded online materials, pertinent to a specific investigation regarding a violation of Brockton Public Schools policy or procedure is permissible if the search is reasonable in its inception and justified in its scope. Acceptable searches may include, but are not limited to:

- Video and pictures of assaults and fighting
- Evidence of harassment/intimidation/bullying
- Graffiti/destruction of property
- Possession, use, or distribution of controlled substances, illegal drugs, or alcohol
- Identification of ownership of stolen or lost devices

If a search of an electronic device is found to contain evidence pertinent to an investigation, the school administration has the sole discretion to hold on to the device, contact the police, or give the device to law enforcement officials.

**Filming/Videotaping/Photography**
Using any device to record or photograph any student or staff member while on school grounds is prohibited without the permission of the supervising teacher and the expressed consent of any person involved. This policy includes recoding in school cafeterias and hallways. Recording fights, assaults, or any other inappropriate behavior is prohibited. Violations of this policy may result in disciplinary action as noted in Group C.

**Classroom Behavior**
The subject teacher and/or the School Administration will deal with any actions that are disruptive to or interfere with the ability of the teacher and students to carry out and complete the planned educational lesson and tasks.

**Cheating**
Cheating on tests, assignments, and homework or engaging in plagiarism is a serious violation and may result in zero credit for the assignment, parental contact, and an F in citizenship and disciplinary action for a Group C offense.
Dress Code

- Students should be dressed and appropriately covered so that they do not interfere with the health, safety, and general welfare of the school or cause a distraction to the educational process.
- HATS and HOODS are not to be worn in the building at any time. They are to be placed in assigned lockers or one’s bag. Students may wear hooded sweatshirts or shirts but may not wear the hoods up or covering their heads or faces in the building.

Any student in violation of the dress code may call a parent for appropriate clothing or sign out sweatpants and a T-shirt from the Assistant Dean’s office. The sweatpants and T-shirt must be returned to the Dean’s office at the end of the day.

In keeping with the preceding expectations, students are prohibited from wearing or displaying the following

- Clothing which has language or designs which are explicitly violent, obscene, sexually suggestive or offensive to individuals or groups or that advertise alcohol or illegal materials.
- Clothing, pins, insignias, colors, or emblems that identify them as a member of a gang

Exceptions to the dress code may be made by the BHS administration.

Financial Obligations

All students have the responsibility to meet their obligations (e.g., financial, equipment, uniforms, books, etc.). Failure to do so may necessitate administrative action.

Fragrance Sensitivity Awareness

Perfume, cologne, and scented body sprays and lotion are common irritants that can adversely affect the health of certain individuals. Exposure to fragrance can trigger asthma, migraine headaches, and other severe health ailments in people who are sensitive to chemicals. BPS is committed to the health and safety of all students and staff. Minimizing the use of fragrances within our schools is a crucial step in creating and maintaining a healthy environment for everyone. Therefore, we kindly ask that you refrain from wearing strong smelling fragrances at school.

Identification

Every student enrolled in Brockton High School will be issued an identification card for security reasons and for the safety of the student body. **Students must wear photo ID’s at all times while inside the building; this includes before and after school. ID’s must be worn on a lanyard around the neck and they must always be clearly visible above the waist when on school grounds. No temporary IDs will be allowed outside during lunch. Lost Ids will be replaced at student cost. The school will provide a lanyard. Subsequent lanyards will be the responsibility of the student.** This identification card is to be worn on the person at all times and may be requested before admittance to any function or activity sponsored by the school. The ID card will be requested for use in the IRC and other school-related activities as required. These cards are for the protection of the students and periodic appointments to replace them will be made available. This card is the property of Brockton High School. Students are not allowed to deface or alter their ID in any way. If at any time a student withdraws from school, the identification card must be turned in to the Registrar.

Language

Abusive, profane, or obscene language will not be tolerated.

Massachusetts Regulations on Restraining Students

The Massachusetts Legislature has enacted regulations regarding the restraint of students (603 CMR 46.00 et seq.). A copy of the Brockton Public School’s procedure will be available at the Brockton High School main office.

Medications

In every case where a student is required to take medication in school, a parent or guardian shall refer to and follow the regulations regarding the taking of medication in school. In this way students will have no justification for having medication of any kind on their person. Any medication found on a student’s person may constitute a violation of the school policies and regulations, with the exceptions of the following prescription medications upon prior approval of the school nurse and with the appropriate physician’s orders:

- Students with asthma or other respiratory diseases may possess and self-administer prescription inhalers under the rules for Student Self-Administration of Medication.
- Students with cystic fibrosis may possess and self-administer prescription enzyme supplements under the rules for Student Self-Administration of Medication.
• Students with diabetes may possess and self-administer glucose monitoring tests and an insulin delivery system under the rules for Student Self-Administration of Medication.

The school district will, through the district nurse leader, register with the Department of Public Health and train designated personnel in the use of Epi-pens.

**Restricted Areas**
The Fine Arts and Gym areas are restricted areas unless a student has scheduled classes, appointments, or permission to be in those areas. Prior to 7:20 a.m., locker areas are restricted. Locker areas are also restricted periods 1, 2, 3, 4 and 6 unless the student has a pass from a teacher or the office. Students must stay in their assigned building unless their schedule require otherwise. No students are allowed outside the buildings except during their flexible campus time or with administrative approval. All students must eat in their respective cafeterias. Privileges may be extended to seniors with Good Citizenship ID’s at the discretion of the Principal or the Deans. Temporary ID’s are not valid for this privilege.

**Sale of Items**
Selling of any items in school is prohibited without prior approval of administration.

**School Lockers**
Metal lockers are provided for students to keep their personal belongings such as books and clothing. The lockers are the property of the City of Brockton and are on loan to each student while attending Brockton High School. There is to be no sharing of student lockers, under any circumstances. Combination locks are used on all lockers. The student assigned to the locker should know the combination. Students should not give their locker combination to anyone. Combinations are changed every year. Padlocks are also available to every entering student for use throughout one’s high school career. Students are urged to be very careful with their personal property in the building and to leave this property only in their lockers. The school cannot be responsible for lost articles. Students are discouraged from bringing valuable property to school. It is strongly urged that students not bring large amounts of cash to school. Students may go to their lockers before period 1 and immediately before and after their lunch period. Locker use during any other time of day requires an authorized pass. The principal and/or their designee shall have the right and duty to inspect student lockers and the contents therein. Students need to know that lockers are school property and that there should be no expectation of privacy in regard to them. Please be aware that in an ongoing effort to keep Brockton High School drug-free, police dogs may be used to search for drugs, paraphernalia, and other contraband in lockers, parking lots, storage areas, and selected locations.

**School Property**
School property (desks, books, etc.) is not to be defaced. Any and all surfaces within the school’s domain are not to be defaced. This policy will be strictly enforced and restitution for damages may be required along with disciplinary action.

**Search of Persons/Property**
To safeguard the property and lives of our students, staff and administration, to help prevent the possession, sale and use of illegal drugs on the school premises, and to support the school’s prohibition of possessing weapons on the school premises, the Brockton Public Schools reserves the right to search the person and/or property of students and visitors. Therefore, any person entering the premises of our school will be deemed to have conceded to a reasonable search of their person and effects. School administrators and officials may conduct reasonable searches on the school property of lockers, desks, vehicles and personal belongings such as purses, book bags, wallets and satchels for these purposes.

**Semester II Seniors**
Seniors who have been suspended during Semester II may be placed on school probation and, at the discretion of the Principal, may lose their privilege of participating in formal graduation exercises, senior prom, and/or other senior class activities.

**Sexting**
Sexting: the possessing, taking, disseminating, transferring or sharing of nude, obscene, pornographic, lewd or otherwise illegal images or photographs, whether by electronic data transfers or otherwise may constitute a crime under state and/or federal law. Any person possessing, taking, disseminating or sharing nude, obscene, pornographic, lewd or otherwise illegal images or photographs may be punished under this Code of Conduct and may be reported to the appropriate law enforcement agencies. Violations of this policy may result in disciplinary action as noted in Group D.
Sexual Behavior
Engaging in lewd conduct and/or sexual activity on school grounds, on the school bus or while participating in school-sponsored activities is strictly prohibited. Violations of this policy may result in disciplinary action as noted in Group D and the notification of law enforcement agencies, as appropriate.

Smoking
"The Education Reform Act of 1993, Section 49, Subsection 37H expressly prohibits the use of any tobacco products within school buildings, school facilities, school grounds, school buses by any individual, including school personnel." This includes any form of “Vaping” and/or the use of e-cigarettes or JUULs, which are strictly prohibited. Possession of tobacco products (cigarettes, cigars, chewing tobacco, snuff or any other form of tobacco), tobacco related paraphernalia (cigarette lighters, pipes, papers and cigarette holders), or vaping products (vapor liquid or vaporizers, e-cigarettes of any kind or JUULs) on school property will result in the confiscation of the tobacco related item by the Administration or Faculty and these items will not be returned.

Screening Brief Intervention and Referral to Treatment (SBIRT)
Brookton Public Schools will participate in SBIRT, which is a public health approach to delivering early intervention to anyone who uses alcohol and/or drugs in unhealthy ways. Because school nurses and counselors are uniquely positioned to discuss substance use among young people, it is recommended that schools allow for opportunities for appropriately trained staff to reinforce prevention, screen for substance use, provide counseling and make referrals as necessary to all adolescents, including students in upper elementary and middle school grades. Adolescent Screening, Brief Intervention, and Referral to Treatment (SBIRT) focuses on prevention, early detection, risk assessment, brief counseling and referral intervention that can be utilized in the school setting. School nurses will use a validated screening tool to detect risk for substance use-related problems and to address them at an early stage in adolescents. If a student’s parent/guardian does not want their child to be screened, the parent/guardian should contact the school in writing by October 1 of the academic year to opt-out of the screening.

Standard of Behavior
Students must maintain a standard of acceptable behavior in accordance with the Student/Parent Handbook while under the school's supervision. (Examples: athletic events, field trips, band concerts, plays, etc.

Substance Abuse Policy
The School’s Substance Abuse Policy established for Brockton is based upon the concept that the role of the school is basically educational and rehabilitative; consequently, the major concerns of the school with regard to drug and alcohol use and abuse are the welfare of the individual student and the general welfare of the school population. However, in order to safeguard the individual and general welfare and safety, the school must at times initiate medical, psychological, social and legal safeguards in the case of drug and alcohol abuse. The Brockton School Committee policy is to uphold and enforce the laws of the Commonwealth of Massachusetts relating to the unlawful possession and/or unlawful distribution of controlled substances and alcoholic beverages.

For violation of the Substance Abuse policy, (3), the following penalties may apply:

- Students may be assigned a suspension or expulsion for violation of the BHS substance abuse policy in accordance with M.G.L. c. 71, §§ 37H, 37H1/2, 37H3/4 and 603 CMR 53.00 et seq.
- Students may be required to successfully serve their suspension at the Counseling and Intervention Center (CIC) at the Keith School before being readmitted to their respective schools; failure to complete the alternative placement intervention at the CIC may result in permanent assignment to that school or further disciplinary action as determined appropriate
- Students found to be in violation of the BHS Substance Abuse Policy may lose privileges of extra-curricular activities, including but not limited to sports team participation, prom attendance, and graduation ceremonies.

Surveillance Cameras (Use of)
The Brockton Public Schools is committed to providing a safe and secure learning environment. The district uses surveillance cameras when necessary in school buildings, buses, and/or on school grounds. The purpose of the surveillance cameras within the school district is to promote discipline, health, welfare and safety of staff and students, as well as that of the general public. Surveillance cameras are only utilized in public areas where there is no reasonable expectation of privacy. Students observed by video surveillance in acts which break school district policy, procedures, or code of conduct guidelines will be subject to the consequences or sanctions imposed for violating those policies, procedures or code of conduct guidelines, which may include criminal charges. Surveillance cameras are monitored by district staff and local law enforcement. Viewing of any surveillance camera footage or recordings by anyone other than district staff is only allowed with the express consent of the Brockton Police Department.
Guidelines Related to Legal Aspects of Drug Use and Abuse

A. Search for Contraband Materials

1. Search of Lockers - According to an opinion by the Attorney General, under the circumstances of a clear and present danger to individual and general well-being and/or to the maintenance of discipline and order in the school, the principal and designee shall have the right and duty to inspect students' lockers and the contents therein without prior judicial authorization or police participation. Courts have generally held that the school principal has a reasonable right of inspection of school property and premises including student lockers and desks. (Please be aware that in an ongoing effort to keep Brockton High School drug-free, police dogs may be used to search for drugs, paraphernalia, and other contraband in lockers, parking lots, storage areas, and selected locations.)

2. Search of Students – School administrative staff members who have reasonable suspicion to believe that a student is in possession of contraband materials may search that student’s individual person or in the presence of a witness. The administrator may search clothing, pockets, wallets, purses, etc. The police shall make such search only where this is proper legal justification.

3. Rights of Questioned Students – Parents will be notified in any interview/interrogation situation by a police officer which carries an implication of possible allegation of guilt or the furnishing of information leading to an indictment. The designated official of the school may maintain an informal record of the interview showing the time, place, persons, and summary of discussion and findings.

B. Confidentiality

It should be recognized that the Massachusetts laws do not accord any privilege to the confidential communications that are made between pupils and members of the faculty or the school administration. These school personnel can be subpoenaed into court and required to reveal the information which has been confided to them.

Teachers must make it clear to pupils who confide in them information about their personal drug or alcohol problems that it is the duty of the teacher to report this information to the school principal or designee, but only in order to further the goal of promoting the pupils’ personal welfare and the security of the school.

In all instances where the principal or designee has received information of drug/alcohol involvement on the part of pupils, steps should be taken to advise the pupil that one’s parents must be notified and consulted about further actions that are appropriate in the particular situation.

Tardiness for Classes

If a student is continually tardy to classes or other assigned areas, the offenses may be reported along with appropriate documentation to the Assistant Dean. Any student arriving to class without an approved pass after half the period (28 minutes) may be sent to the Assistant Dean’s office and one may be marked absent for that class. Any student arriving to class five minutes or later after the tardy bell may be referred to his or her Assistant Dean for wandering via an Infinite Campus behavior referral.

Tardiness for School

Students arriving late to school may receive 3 demerits. Any student arriving to school after 8:00 a.m. has missed more than half of the period, and therefore may not be allowed to enter their first period class, resulting in an unexcused absence for the class. Students must be seated in their assigned seats when the late bell rings. Based upon the frequency, chronic tardiness to school may result in further consequences, including after school detention, Saturday Work Intervention, In-School Suspension and/or Out of School Suspension. Students arriving to school after 8:30 a.m. must be accompanied by a parent or guardian. The principal will require a meeting with a parent or guardian for excessive tardiness.

Violent Behavior

The safety and security of Brockton High School students and staff is the administration’s first priority, and violent behavior will not be tolerated. Students who are suspended for 10-days for violating school rules and the rights of others may be requested to serve their suspension in the Counseling and Intervention Center at the Keith School, where the student will have the opportunity to make academic progress.

Penalties for Violation of School Rules

The Brockton Public Schools adheres to the regulations regarding student discipline and access to education that are embodied in Chapter 222 of the Acts of 2012 and made effective July 1, 2014.

BPS policies and procedures regarding student discipline:

- Require the use of discretion and professional judgment;
• Respect the rights of students and families to due process, including the right to notice, opportunity to be heard before consequences are imposed, and fairness, including consideration of the unique circumstances presented;
• Consider the use of alternatives to suspension;
• Allow students the opportunity to make academic progress during time of suspension;

Overall, BPS practice regarding student discipline seeks to provide a supportive school environment in which students have opportunities to mature and develop into responsible citizens, while respecting the need to maintain a safe and orderly school community.

Brockton High School is a community of more than four thousand people. Despite the large number of people interacting each day, the school has earned a reputation for excellence in academic and discipline matters. The positive climate is primarily the result of a responsible student body and an interested staff.

There are times, however, when student conduct interferes with the school’s academic and discipline standards. When student behavior is unacceptable, a discipline code is enforced. If a student is suspended, one may not attend school or any school related activity during the term of the suspension. In addition, students with unacceptable records may be placed on an "Improvement Plan and Disciplinary Contract".

Privileges and/or participation in extra-curricular activities may be restricted or denied to students who violate school rules. These include but are not limited to: attendance at the semi-formal, proms, senior breakfast, and participation in the graduation ceremony.

Students are subject to the Code of Conduct in school, on school property, on the way to or from school, on field trips, at athletic contests, at PAC/PTA and school-sponsored events, and on school-provided transportation. Students are also subject to the Code of Conduct during Remote Learning times.

Demerits
As part of the disciplinary tools utilized by school administration, the school may assign demerits for the violation of school rules. When a student accumulates twenty (20) demerits, one may be issued an intervention or suspension.

Demerit Buy-Back Policy
The “Buy-Back” policy allows a student the opportunity to “Buy-Back” Demerits that may have accrued for behavioral infractions. The demerit buy-back program is a way for students to be rewarded for positive behavior by having demerits removed from their behavioral record, allowing students to avoid accumulations of demerits and interventions/suspensions in the process. Any student who has demerits will have the opportunity to buy back (i.e., waive) demerits they have accrued before an Accumulation of Demerits, (20) demerits, according to the following guidelines:
• Inform your Assistant Dean of your intention to buy back a day and obtain the appropriate form.
• Show that form to each of your teachers for initialing on the first day.
• Attend school for five consecutive days without incurring any tardiness, demerits and/or behavioral referrals.
• On the fifth day, have each teacher re-sign the form, verifying your attendance and class work
• Return the form at the end of the fifth day to the Assistant Dean's office.
• If the student successfully fulfills the above guidelines, a maximum of 7 demerits will be removed from the student’s behavior record.

Citizenship Grades
The following is a description of how suspensions and interventions will affect a student’s citizenship grade each term.

The following are infractions of school rules. Students found to have committed rule infractions may be subject to disciplinary action in accordance with the due process procedures described in this handbook. The Code of Conduct is based on a system of progressive discipline. This means that an administrator has the discretion to significantly increase penalties in the cases of second and third offenses. In determining the severity of the penalty or suspension, the appropriate administrator may consider all relevant facts, including but not limited to:

1) previous disciplinary record,
2) severity of disruption to the educational process,
3) degree of danger to self and/or others,
4) the degree to which the student is willing to change his/her inappropriate behavior

The Code of Conduct has been divided into four Groups. Each Group contains a range of consequences for the infractions as follows but are not limited as such. The Principal may increase the consequences assigned by the Dean or Assistant Dean.

Brockton High School Behavior Expectations

In the classroom, teachers will clarify the expectations for a student’s success in that particular class, but all classes at Brockton High School expect mutual respect and participation in the class. If a student does not meet the expectations of the classroom they can expect the teacher to respond by clarifying expectations, redirecting students toward expectations and/ or tasks, and trying to re-engage students. If the student continues to have difficulty they can expect teachers to respond with a variety of interventions such as, seat changes, brief private conversations, afterschool detentions, phone calls home, or parent-teacher meetings. As a trained professional, it is for the teacher to determine the best approach to re-engage the students in the classroom. If the teacher’s interventions still don’t result in a re-engaged student, the student may be asked to leave the classroom and referred to the Assistant Dean’s office.

Upon being asked to leave, students should quickly gather materials and report to the Assistant Dean’s office. The student should sign in to the office so that their arrival is recorded and will be given the opportunity to write down their perspective of the events that led to their being asked to leave the classroom. The Assistant Dean or floor teacher will then intervene to bring about a resolution to the situation. Each situation is unique and therefore a variety of interventions are possible. See the Level descriptions below for further explanation.

One common way that behavior is tracked is through the use of the demerit accountability system. Demerits are a way to keep track of repetitive behaviors across or within classrooms. In general, a student earns demerits for being late to class, or being unable to remain in class. Teachers do not assign demerits, and they are only assigned through the Assistant Dean’s office. A few demerits do not result in any further consequences, and a student’s demerit total is reset each term. It is the accumulation of demerits (Multiple Events) which can lead to restrictive interventions. Before the student reaches an accumulation of demerits (Multiple Events) they are encouraged to complete a Demerit Buy-Back to redeem their behavior infractions.

### Interventions, Detentions, Suspensions, and Expulsion Descriptions

#### Lunch Detention
Student may be assigned lunch detention for excessive tardiness to school. Students may bring their own lunch or students with a lunch ticket must notify the Assistant Dean’s office at the time the detention is issued if they wish to order a school lunch.
Lunch detention may be located in a classroom designated by the Dean or Assistant Dean. If a student is absent on a day when one is assigned lunch detention, the detention must be made-up the day the student returns to school. If school is cancelled for any reason, the Assistant Dean may reassign the lunch detention.

#### Handbook Course Intervention
A student may be assigned the Handbook Course Intervention (HCI) for a Group A or Group B consequence. The HCI will be one – hour after school. Student assigned to the HCI may have to participate in class discussions pertaining to the rules and regulations in the Handbook and complete reading and writing assignments. If a student is absent the day of the HCI, they may be reassigned by the Assistant Dean. Unexcused absences from the HCI may result in a suspension or Saturday Work Intervention. If school is cancelled for any reason, the Assistant Dean may reassign the HCI.

#### Boxer Homework Class Intervention
Students will be notified in writing twenty-four hours prior to serving the after-school Boxer Homework Class. If a student has been assigned a BHWC and fails to report, one is no longer eligible for BHWC and may be given an equivalent suspension. If a student is absent on a day when one is assigned BHWC, it must be made-up the day the student returns to school. All students must wear ID’s to BHWC. If school is cancelled for any reason, the Assistant Dean may reassign the BHWC. Teachers may not send discipline behavior referrals for students who fail to report to BHWC as a consequence of not completing one’s homework.
**Boxer Saturday Work Intervention**
At the discretion of the House Administration, a student may be given the opportunity to participate in a community service program on designated Saturdays from 8:00 a.m. to 12:00 noon. This intervention program is in lieu of a suspension. Parents will be notified, and students would be required to arrange their own transportation. If Saturday Work Intervention is cancelled for any reason, the Assistant Dean may reassign the intervention day(s). Failure to report to Saturday Work Intervention on the assigned day may result in suspension.

**In-School Suspension**
In-school intervention is an alternative to out-of-school suspension for violations of the school's conduct code. In-school suspension requires a student to continue work on academic assignments in a supervised classroom. A student may receive academic credit if the work is completed to the satisfaction of the teacher. In school suspension days are waived.

A student assigned to in-school suspension may not attend nor participate in any school sponsored function from the time the in-school suspension is assigned until the morning following the completion of the in-school suspension. Parents will be notified when a student has been assigned an in-school suspension. In-school suspension hours begin at 7:29 a.m. If a student is absent on the day of an assigned ISI it must be made up on the day the student returns to school. If school is cancelled for any reason, the Assistant Dean may reassign the suspension day.

**Out-Of-School Suspension**
Students serving out-of-school suspensions are not permitted on school grounds for any reason. A student assigned an out-of-school suspension may not attend or participate in any school sponsored events from the time the out-of-school suspension is assigned until the morning following the completion of the suspension. Students who are suspended for 10-days for violating school rules and the rights of others may be requested to serve their suspension in the Counseling and Intervention Center at the Keith School, where the student will have the opportunity to make educational progress. A parent or guardian is invited and encouraged to attend a re-entry meeting on the return day. If school is cancelled for any reason, the Assistant Dean may reassign the suspension day(s).
