

CRISIS MANAGEMENT

Policy 512

I. PURPOSE

The purpose of this Crisis Management Policy is to recognize the district's responsibility to provide a safe and secure environment for students, staff, parents, volunteers, community members and visitors and to ensure the district's preparedness in coordinating protective actions prior to, during, and after any type of emergency or potential crisis situation in the school district. Please note that, pursuant to this Policy, the Executive Director is directed to assure that a LILA Crisis Management Plan will be developed and maintained that includes tailored crisis management plans for each school building in the school district. The Crisis Management Plan, including those sections tailored for each school building, will be structured so that sections or procedures may be added or deleted based on district and/or building needs.

II. GENERAL INFORMATION

The Policy and Plans. The school district's Crisis Management Policy is maintained in consultation with local law enforcement agencies, fire departments and emergency medical services and other appropriate individuals and groups likely to be involved in assisting with a school emergency. It is designed so that each building administrator can tailor a crisis management plan to meet that building's specific situation and needs.
