

ADVENTURE STEM - Science, Technology, Engineering and Math

Our mission is to engage all students in Science, Technology, Engineering and Mathematics through relevant, rigorous curriculum so they will be responsible, active, global citizens in the digital age. Enrollment is open to 5th-8th grade students of all ability levels who enjoy hands-on instruction and project based learning with a focus towards life and work in the 21st century.

Indigo Program @ Frost

The Indigo Program is a safe and caring K-8th grade school designed to educate the whole child. We provide multi-age interactions and constructivist learning activities through a positive discipline approach. This approach is supported by strong parent involvement. Indigo values the unique learning styles, skills and abilities of each child so they will be prepared to make a positive impact on the world.

Spanish Dual Language Programs

Our One-Way Bilingual program is for native Spanish speaking students. Edenvale Elementary provides TK-6 native Spanish speakers a powerful bilingual maintenance program that teaches students to read, write and speak fluently in both English and Spanish. www.edenvale.ogsd.net

Our Two-Way Bilingual Programs are a unique opportunity to learn to read, write, and speak naturally and fluently in two languages: English and Spanish are the target languages for the program. By completing TK-8th grades this provides a pathway for students to earn the CA State Seal of Biliteracy on a high school diploma.

*Enrolling grades TK-6th for the 2021-2022 school year.

Science, Technology, Engineering,
Art and Mathematics

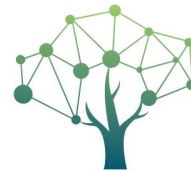

STEAM @ Stipe is a K-6 school that provides the earliest access to Science, Technology, Engineering, Arts and Mathematics (STEAM) within project based learning and SEAL educational designs. We inspire and engage all students with a transformational approach where students learn by doing. Through our partnerships with Silicon Valley companies, our purpose is to develop our diverse population into engineers, innovators, and entrepreneurs of the future.

Virtual Learning Academy

Our Virtual Learning Academy is an established, alternative instructional program for students in K-8th grades who may achieve curriculum objectives in a setting other than the regular classroom. This blended-learning program offers monthly class days and field trips to build a vibrant community of learners of all age groups. This offering is an excellent option for students who travel due to sports, music, drama, etc.
