Dear 5D Students, Parents, and Guardians:

Welcome to Fifth Grade at Belmont Hills Elementary School! My name is Ms. Deangelis, and I will be your teacher. Hopefully you have been enjoying your time off. I have been having a fabulous summer spending time with my daughter, going to the beach, playing with my dog, and reading several books just for fun.

We are going to have a terrific year together! Fifth grade is full of new activities, excitement, and privileges. Hopefully this year you’ll get to take part in the fifth-grade play, participate in the Turkey Bowl, compete at Junior Olympics, get a yearbook, and go on the class trip. One of the most exciting parts of fifth grade is switching classes for the first time! This year you will switch classes for math, science, and social studies. In those courses you will study forces and motion, rocks and minerals, early colonization, the Revolutionary War, and all types of mathematics. In Language Arts, you will read interesting stories and learn to write opinion pieces.

I’m sure this will be another fantastic year at Belmont Hills. My hope is that you will be challenged and enjoy learning many new concepts and ideas. I am looking forward to a successful school year.

See you in September!

Warmly,

Ms. Deangelis
