School Accountability Report Card

Reported Using Data from the 2019–2020 School Year

California Department of Education

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

School Description and Mission Statement (School Year 2020–2021)

At Parkview Elementary School, we believe that every student can achieve at high levels. Therefore, a fundamental aim of our educational programs is to ensure that each student possesses the competence and confidence that would guarantee success at the next level. This plan is our roadmap for building and sustaining a strong and effective instructional core in every classroom. It is our articulation of the vision for student learning outlined in our district's Five-year Strategic Plan. Effective teaching, capable instructional leadership and strong relationships are crucial to realizing our community's hopes and dreams for student learning and development. This focus encompasses the teaching practices, leadership practices and organizational practices that have become the norm throughout our school system. Our focus expresses our collective responsibility for student learning and motivates us all – school, home, and community – to collaborate in ways that will turn our good intentions into strong results for students.

Working closely with our community stakeholders, we are committed to focusing on six school wide goals including (1) academic proficiency for all students, (2) targeted academic achievement of our English learners, socioeconomically disadvantaged students, homeless and foster youth, and historically underserved student populations, (3) as Parkview is home to the district's only Autism program, we strive to create an inclusive learning environment and to support the social, emotional, and academic development of students with disabilities, (4) the goal to develop technological literacy through the mastery of collaboration, communication, critical thinking, and creativity, (5) the goal of implementing multi-tiered systems of support to build a school climate of learning, creativity, safety, and engagement, and finally, (6) the goal of actively engaging family and community members to ensure that all stakeholders are involved in providing input to program decisions.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

**CAASPP Test Results in ELA and Mathematics for All Students
Grades Three through Eight and Grade Eleven

English Language Arts / Literacy (grades 3-8 and 11)	55%	N/A	50%	N/A	50%	N/A
Mathematics (grades 3-8 and 11)	50%	N/A	42%	N/A	39%	N/A

Note: Cells with N/A values do not require data.

Note: The 2019–2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019–2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

School Safety Plan (School Year 2020–2021)

Key elements of Parkview's School Safety Plan include a focus on the social emotional health of students through increased use of multi-tiered systems of support and decreased % of suspensions, and assurance that site maintains necessary equipment, materials, and protocols to provide maximum safety against the spread of COVID-19 as well as any emergency. The Parkview School Safety Plan was last annually reviewed with the School Site Council on 12/10/2020.

Site funding was used to purchase programs which could be used from home with high levels of engagement including RAZ Kids reading and DreamBox math programs. District funding provided access to the NearPod program to support social emotional learning. In addition, site funding is being used to cover necessary postage to mail weekly PBIS incentives home to students acknowledged for being Respectful, Responsible, and Safe, Parkview's Positive Behavioral Interventions and Supports (PBIS) motto. Parkview continues to utilize district and outside community agencies for student referrals to counseling support as needed, a critical support in distance learning. Technology, digital writing tablets, updated document cameras, and second monitors were provided to teachers to support distance learning and student engagement.
