School Accountability Report Card

Reported Using Data from the 2019–2020 School Year

California Department of Education

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

School Description and Mission Statement (School Year 2020–2021)

As a result of the COVID-19 pandemic and under the guidance of the Santa Clara Public Health Department and the Santa Clara County Office of Education, Oak Grove School District closed its schools and transitioned to remote instruction on March 16, 2020. This involved the discontinuation of students receiving in-person instruction at schools. Instead, all instruction was delivered through a distance learning model in which students participated in activities at home, receiving instruction primarily through digital means. OGSD's SPSP plan is in alignment with goals set forth and approved by the Board of Trustees in our Local Control and Accountability Plan and Learning Continuity Plan for the 2020-21 School Year.

When distance learning began in the spring, Bernal understood the need to remind itself of our school's mission and our core values. Our core values didn't change during distance learning: Rigorous instruction, safe school environment, collaborative planning and learning, and pride in who we are as a school. This allowed all staff to remain committed to our values, even though we needed to pivot in our methods of teaching and learning.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students

Grades Three through Eight and Grade Eleven

Percentage of Students Meeting or Exceeding the State Standard

Subject	School	School	District	District	State	State
	2018– 2019	2019– 2020	2018– 2019	2019– 2020	2018– 2019	2019– 2020
English Language Arts / Literacy (grades 3-8 and 11)	57%	N/A	50%	N/A	50%	N/A
Mathematics (grades 3-8 and 11)	54%	N/A	42%	N/A	39%	N/A

Note: Cells with N/A values do not require data.

Note: The 2019–2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019–2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or

Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020–2021)

OGSD's efforts to solicit stakeholder feedback to inform stakeholders of the reopening plan for the 2020-21 school year, the use of federal categorical monies as it relates to the School Plan for Student Achievement and the Learning Continuity and Attendance Plan, began in June and continued regularly throughout the development process. OGSD's reopening plan explicitly identified research, survey and data collection as the first and foundational phase of planning. Engaging in outreach and surveying stakeholders has provided and continues to provide staff and administration invaluable input to inform the school's planning in Academics, Attendance, Engagement, Culture and Climate, Nutrition Services, and Public Health. In addition to surveys, beginning in June we also convened a Reopening Schools Taskforce with over 84 District Stakeholders.

During distance learning, we used digital zoom meetings and in order to gain parent stakeholder input for the development and approval of this plan.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

(data collected between July through June, each full school year respectively)

Rate	Suspensions	Expulsions

District 2018–2019	3.50%	0.10%
District 2018–2019	3.50%	0.10%

**State
2017–2018**

Suspensions and Expulsions for School Year 2019–2020 Only

State (data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	Suspensions	Expulsions
School 2019–2020	4.40%	0.00%
District 2019–2020	1.20%	0.00%
District 2019–2020	--	--

**State
2019–2020**

Note: The 2019–2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019–2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019–2020 school year compared to prior years.

School Safety Plan (School Year 2020–2021)

Providing a safe school is a high priority for Bernal School. To this end, there are continuous improvement processes and collaborative efforts that provide comprehensive health education and a strong academic foundation within a safe and secure learning environment that ensures success for all students.

Prevention education at Bernal includes supplemental programs and policies including Restorative Justice Practices, Positive Behavior Intervention System (PBIS), conflict resolution, conflict/peer mediation, positive discipline, refusal training for students and parents for drugs, gangs, alcohol, substance abuse, bullying, harassment, cyberbullying, and graffiti.

Bernal also uses the digital platform HERO to help meet its school climate goals. Hero is a cloud-based management solution that allows schools and districts the opportunity to monitor forms of student behaviors, document and recognize positive student actions, track student attendance at school events, and assist teachers with classroom management.

The Hero software platform will focus on enhancing PBIS systems at the school level to help achieve goals for improving climate and culture, including increasing the ease of school to home communication and notification. For example, staff will have the ability to walk the school campus and use a mobile device to instantly reward students for target behaviors, using our previously established reward system that focuses on acknowledging specific positive social and academic student RISE behaviors. Hero provides remote and onsite support for desktop application, mobile devices, and software tools specific to the product. The use of this software will be aligned with school-based reward and recognition programs described in the PBIS plan for a more efficient analysis of the outcomes. Hero is designed to reinforce desired learning behaviors and improve the overall quality of the learning experience where:

- Students are provided opportunities for reinforcement of desired behaviors to encourage their positive behaviors and mitigate their not-so-good habits.
- Instructional staff are given the tools they need to enhance their partnership in the immediate reinforcement of positive behaviors for all students.
- Administrators are given the tools to identify and support differentiated strategies for top-performing students and those who may need additional intervention.

Attendance is closely monitored and students with unexcused absences of 10% or more receive law/school district/partnership intervention. Truancy abatement is a common goal of the school/district and other agency collaborative partnerships.

We also have ongoing classroom instruction to focus on the life skills of empathy, anger management, and problem solving. Advisory sessions weekly offered through our teaching staff provided students with opportunities to develop goals, responsibility and high expectations in the middle school setting.

We strive to improve the system of publications to students, staff, and community which will include or focus on student awards/recognition, rewards, school activities, achievements, acknowledgments, and announcements.

Types of Services Funded (Fiscal Year 2019–2020)

We offer a tiered serve model for programs and services funded during Distance Learning. The initial level of academic behavioral and social emotional services and programs happens in the classrooms with teachers. For academics, teachers use board-approved curriculum to support all of the content standards in each grade level. Behaviorally and socially emotionally, teachers use PBIS and RISE expectations that are taught, reinforced, and rewarded each day of the instructional year. For social emotional support, teachers use NearPod, another digital platforms to continue check in, monitor, and address social emotional areas of need that arise from time to time.

The next layer of support and program comes from our administrative support team. The services include referrals to in school counseling, referrals to outside community-based agencies such as schooling services, and individual and family out reach that supports basic daily necessities of life. Utilize additional parent support opportunities through parent meeting such as home and school association, school site council, the lack, and coffee klatch. Supplemental academic support is provided through digital tutoring that takes place outside of the instructional day. Supplemental social emotional and behavioral support comes in the form of counselors doing one-to-one check 's, home visits that are socially distant and maintain safety and health standards following county health department guidelines, and check-in's by phone on a regular basis.
