School Accountability Report Card

Reported Using Data from the 2019–2020 School Year

California Department of Education

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

School Description and Mission Statement (School Year 2020–2021)

The mission of Del Roble School is that every student's potential is achieved!

The vision of Del Roble School is to provide a caring, engaging, and stimulating 21st-century environment where children will recognize and achieve their fullest potential.

Del Roble is nestled next to a very robust and diverse area in San Jose. We pride ourselves in providing supports and culturally diverse experiences to our community. Our staff works diligently to improve instructional practices with a focus on student learning. Del Roble is a school where students learn 21st-century skills needed to reach academic excellence and be productive and joyful global citizens. Teachers collaborate weekly to share best practices, review curriculum and reflect on student performance through the Professional Learning Community process (PLC). Teachers and staff focus on student safety, positive school climate with an emphasis on cultural diversity, and provide innovative and rigorous instruction. Students are empowered to be creative, critical thinkers, communicators,

collaborators, and possess decision-making skills in order for them to reach their dreams.

Intervention is provided through small group instruction within the class, after-school tutoring services, and Saturday Academies. As an intervention, teachers hold small group instruction in their classrooms, two to four times a week in order to re-teach skills or front-load lessons. We are confident that our students are well prepared to continue to do well on the California Assessment of Student Performance and Progress (CAASPP), the ELPAC for our English language learners, the Science assessment for our fifth graders, and the LAS Links for our Spanish Language Learners as well as the I-Ready district benchmarks. We work closely with stakeholders throughout the district and analyze student performance data on an ongoing basis. Six goals, outlined below, have been identified as the focus within our current District LCAP plan to improve outcomes for all students:

Goal 1 - All students will be proficient in meeting and/or exceeding all Common Core State Standards.

Goal 2 - We will accelerate the academic achievement toward meeting or exceeding standards for English Learners (EL), low socioeconomic disadvantaged students, Foster Youth, and students of color, as well as increase the language proficiency for EL.

Goal 3 - We will provide an inclusive learning environment for students with disabilities to best support social, emotional and academic development.

Goal 4 - Students will use technology to master the 21st Century Skills of collaboration, communication, critical thinking, and creativity. Oak Grove will provide innovative strategies with support for technology implementation that would enhance student learning of core academic subject knowledge, and meet technology standards.

Goal 5 - School and classroom environments support learning, creativity, safety, and engagement.

Goal 6 - We will actively engage parents and community members in supporting the implementation of CCSS instruction and providing input to program decisions.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	34%	N/A	42%	N/A	39%	N/A

Note: Cells with N/A values do not require data.

Note: The 2019–2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019–2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020–2021)

Parents are encouraged to be actively involved in groups like Home & School Club, CAMINO, School Site Council, English Learner Advisory Committee (ELAC), and District English Learner Advisory Committee (DELAC). We communicate frequently with parents via ParentSquare, social media, school marquee, parent-teacher conferences, and a monthly newsletter written by the principal. ELAC and Parent Club meetings are well attended and parents engage actively in discussions regarding student success. Please send your information to pmondragon@oakgrovesd.net if you would like to know more about parent involvement at Del Roble.

Working together, the staff, parents and all community stakeholders are able to set goals, teach the importance of being lifelong learners, celebrate accomplishments, and encourage our Wildcats to persevere. At Del Roble, it is everyone’s responsibility to work together and support strong relationships of respect and trust for individuality and diversity. A community that believes in family, is the cornerstone of the students’ educational growth.

School Safety Plan (School Year 2020–2021)

Providing a safe school is essential for Del Roble School. To this end, there are continuous improvement processes and collaborative efforts that provide comprehensive health education and a strong academic foundation within a safe and secure learning environment that ensures success for all students. Prevention education includes supplemental programs and policies including Restorative Justice practices, peer mediation, conflict resolution, Positive Behavior Interventions and Supports (PBIS), Safe Place, conflict/peer mediation, anti-bullying assemblies, harassment education, and the Wellness Policy including physical education and nutritional education. Attendance is closely monitored and students with unexcused absences of 10% or more receive law/school district/partnership intervention. Truancy abatement is a common goal of the school/district and other agency collaborative partnerships. Currently, Del Roble has instituted an Attendance Incentive Program, which targets attendance and tardies. In order to reduce the number of incidents of bullying and harassment among students and to ensure that students feel neither intimidated nor threatened by bullying or harassment, Del Roble has ongoing classroom meetings that specifically addresses issues of race, ethnicity, gender, sexual orientation, perceived sexual orientation, and perceptions which commonly surface in bullying/harassment incidences. We also have ongoing classroom instruction and use social settings inside and outside the classroom to focus on the life skills of empathy, anger management, and problem-solving. Each year staff is educated, trained, and practices the concepts of the National Emergency Management System which includes fire drills, earthquake evacuation, first aid procedures, communicable disease action plan, and emergency evacuation maps. We balance the school discipline plan with positive incentives, as well as appropriate alternative corrective progressive discipline plans. Schoolwide rules are posted in each campus setting. Positive incentives are offered for positive behavior/attitude, good attendance, positive wellness, and practices, academics. Alternatives reviewed as options to positive discipline include campus clean-up, campus projects, incentives, community services, behavior plans/contracts, site or off-site group or individual counseling, and/or alternative placements. We have weekly VIP students and honor their great behavior by announcing them every Monday morning. VIP students' picture is taken and posted in the hallways. We strive to improve the system of publications to students, staff, and community which will include or focus on student awards/recognition, rewards, school activities, achievements, acknowledgments, and announcements.

We implement, monitor, and provide professional development to site teams on the main tenets and practices of PBIS. We provide incentives to students for modeling positive behaviors. We also provide informative and motivational assemblies with speakers for students to understand the importance of being caring, responsible, safe, and proud. We also have a PBIS Mentor to support its implementation through data analysis.

The Safety Plan was reviewed, updated, and discussed with staff, parents, and our Student Council representative on January 14th, 2021.

Types of Services Funded (Fiscal Year 2019–2020)

Due to the COVID-19 Shelter In Place and the high level of uncertainties that this pandemic has put in front of us, we held weekly Question and Answer Sessions with parents. In addition, we have sent continuous parent notifications through ParentSquare, teachers have communicated on a daily basis with parents, have provided office hours, and have provided continuous information posts to keep the Del Roble community engaged and informed. There's a great need for students to have the necessary technology and internet access in order to connect to distant learning. All students have received a chromebook, have been able to get a hotspots if they needed it, and teachers have been trained on how to use the google classroom, nearpod, and other CLEVER applications. Teachers are able to get 1 on 1 training from IT on the use of above applications in order to support students and guardians.

We are in need of engaging and connecting with our students, staff members, and community members through the use of different platforms to provide the most up-to-date information and support. Using ParentSquare, Google, Seesaw, Kami, Teachers Pay Teachers and other resources/programs have made it easier to engage students and families.
