

When Should We Stay Home?

Students should stay home when ill and/or potentially contagious, **even if they have only one symptom from either column below or other symptoms not listed below.**

Students whose symptoms do not pass Gladwyne Montessori's daily health criteria below must stay home for 10 days, produce a negative PCR COVID-19 test or provide a differential diagnosis from their health care provider. **Your child may not come to school if** they test positive for, show symptoms consistent with, have been exposed to, are waiting to get tested for or are waiting for test results for COVID-19.

Questions? Call Susan Ballas at 610-649-1761 x136 or email sballas@gladywne.org
