# Adobe Creative Cloud: Installing Adobe Apps
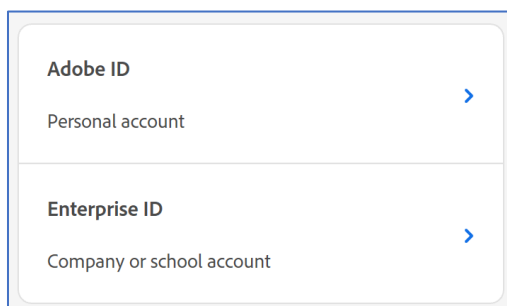

The following instructions apply for Davis School District Secondary Students. Elementary students do not have licenses for Adobe.

Please Note: The Adobe license allows each user to install the Adobe programs on 2 computers. If you try to install on a third computer, you will be prompted to deactivate one of the previously used licenses.

1. Go to https://creativecloud.adobe.com
2. Click on **Sign In**.
3. Type your district student email address then click on **Continue.** If prompted to enter your password, enter your student PIN#.

4. If prompted, choose **Enterprise ID or Company or School Account.**

5. Click on **Browse all Apps** to see all of the Adobe Creative Cloud apps.
6. Click on **Download or Install** button next to the apps you want to install.
7. You may be prompted with a "Permission may be required" screen. Click on OK.
8. Follow the steps to download and install.
9. You will be prompted to put in your District email address, and you will choose Enterprise ID.
