**2020-21 School Calendar/Wednesday Schedule Change** - Dr. Riley explained that teachers have requested to have professional development days up front on the school calendar. He also brought forward his recommendation to have a modified schedule on Wednesdays while maintaining as much instructional time as possible so that teachers have time to meet with social workers and staff to talk about and identify student needs. Dr. Riley also recommended changing the first day of school for the 2021-2022 school year to September 8<sup>th</sup> instead of the 7<sup>th</sup> in order to observe Rosh Hashanah. He explained we usually do not observe this holiday but it would fall on the first day of school this year and in trying to have all students in class on the first day, his suggestion is to use September 7<sup>th</sup> as a professional development day instead. Dr. Riley noted he will bring back a revised 2021-22 calendar with both the Wednesday and first day of school changes to the June 10<sup>th</sup> Regular Board meeting. Gordon Lord asked how many professional development days we currently have and will the additional days be used for the mental health team to report on students. Dr. Riley noted there are a total of five days and yes they will be used for identifying student needs. We have three up front and the remainder throughout the year. Dr. Riley noted we have 900 hours of instruction time per year, we all want to make sure we have classroom time and do not want to sacrifice that.
