SST

The **Student Success Team (SST)** is often the first step a parent can take when they have a concern about their child's progress in school.

The purpose of the **SST** is to design a support system for students having difficulty in the regular classroom.

The **SST** is a group formed within the school to further examine a student's academic, behavioral and social-emotional progress.

The **SST** team can propose interventions for the student. The team usually consists of a teacher, administrator, and support personnel from the school. The student and parent are also a part of the team.

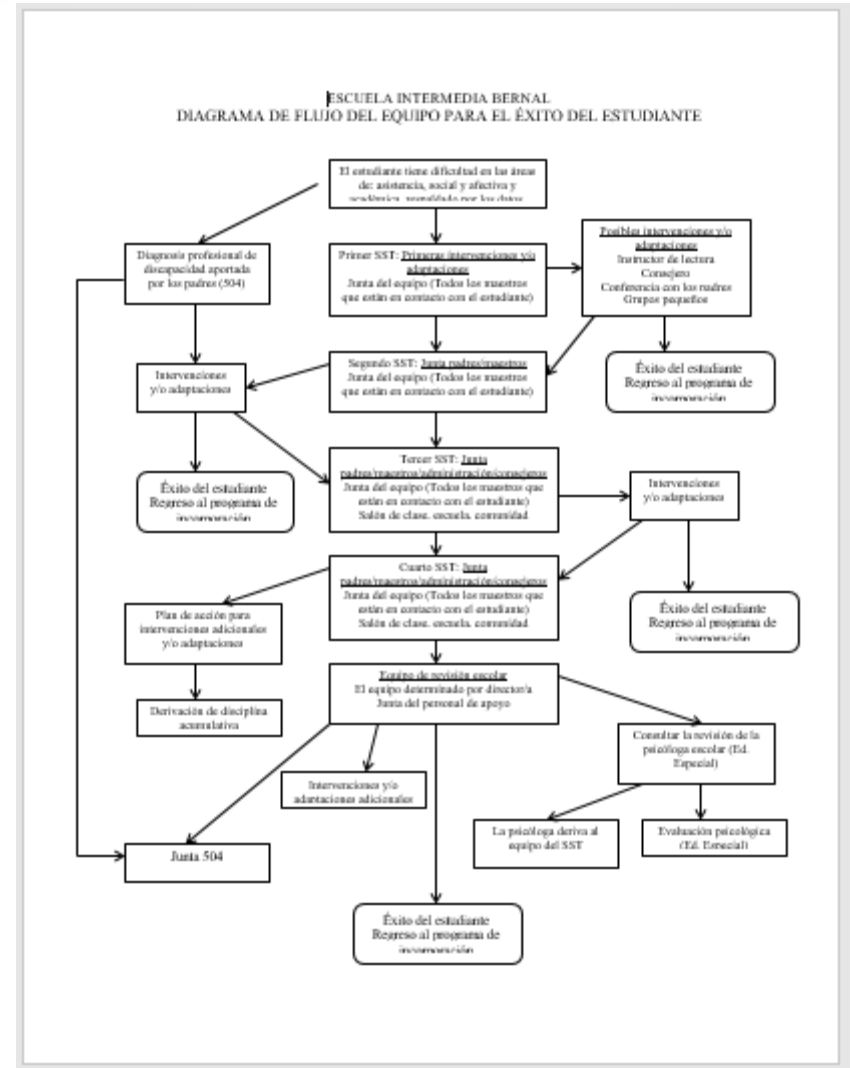

SST

El Equipo de Éxito Estudiantil (SST, por sus siglas en inglés) es a menudo el primer paso que un padre puede tomar cuando tiene una preocupación sobre el progreso de su hijo en la escuela.

El propósito de la SST es diseñar un sistema de apoyo para los estudiantes que tienen dificultad en el aula regular.

El SST es un grupo formado dentro de la escuela para examinar más a fondo el progreso académico, conductual y social-emocional del estudiante.

El equipo de SST puede proponer intervenciones para el estudiante. El equipo normalmente consta de un maestro, administrador y personal de apoyo de la escuela. El estudiante y el padre también forman parte del equipo.

GRACIAS POR VENIR
