School Description

In November of 2018, the Redwood City School District (RCSD) Board of Trustees voted included to consolidate Hawes Elementary School with Henry Ford Elementary School and Roosevelt School to take effect at the end of the 2018-19 school year. Parents and community members reading this School Accountability Report Card (SARC) should read their child's current school's SARC when looking for 2019-20 information about Hawes Elementary School.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

All Redwood City School District students have equal access to state adopted, standards aligned textbooks and instructional materials. Funds are appropriated according to the textbook adoption cycle.

Additionally, the district is using EngageNY <http://www.engageny.org> to support English language arts instruction as we transition to the Common Core State Standards.

Pursuant to the settlement of Williams vs. the State of California, Redwood City School District thoroughly inspected each of its school sites at the start of the 2018-2019 school year to determine whether or not each school had sufficient and good quality textbooks, instructional materials, and/or science laboratory equipment. All students, including English Learners, are required to be given their own individual textbooks and/or instructional materials (in the four core subject areas: English language arts, mathematics, history/social studies and science), for use in the classroom and to take home if necessary. Additionally, all textbooks and instructional materials used within the District must be aligned with the California State Content Standards and Frameworks, with final approval by the State Board of Education.

The Redwood City School District Textbook selection is done by a District, grade level and subject area committees coordinated by Executive Directors of Educational Services. The final textbook selections for grades TK-8 from the current approved State lists are then selected and the recommendation goes before the School Board for final approval.

The chart below displays data collected during the August 2018 District Textbook Audit, in regards to student editions in use at Hawes School during the current school year (2018-2019).

School Facility Conditions and Planned Improvements (Most Recent Year)

Hawes School was originally constructed in 1957 and is currently comprised of 19 classrooms, one computer lab, one library, one multi-purpose room, one staff lounge, a playground, and a play field.

The school was completely modernized in 1998, and further renovated in 2000 as the result of two separate bond projects (Measures A & B). Measure A renovations were completed by August 2001 and included the renovation of three reclaimed classrooms and administrative support center, and the addition of a new library/media center and cafeteria/multipurpose room.

Measure B projects have been completed at variable times over the past three years and have included: installation of energy-efficient lighting in older buildings; replacement of old fencing; resurfacing of the lunch area; construction of a traffic turnout lane on Roosevelt Avenue; replacement of window coverings; fresh painting on all buildings; and campus-wide American Disabilities Act (ADA) improvements.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2019-20)

In November of 2018, the Redwood City School District (RCSD) Board of Trustees voted included to consolidate Hawes Elementary School with Henry Ford Elementary School and Roosevelt School to take effect at the end of the 2018-19 school year. Parents and community members reading this School Accountability Report Card (SARC) should read their child's current school's SARC when looking for 2019-20 information about Hawes Elementary School.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Professional Development provided for Teachers

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	3	3	0

The Redwood City School District has a system of professional growth and improvement that includes teachers from the induction program to veteran teachers, including principals, other school leaders and the private school personnel.

The Redwood City School District has invested in the professional development of its staff and focuses the work on the essential elements of high quality professional learning that cut across specific content knowledge, pedagogical skills, and dispositions.

The professional standards guide the work that is done for Professional Development and include: Data, Content and Pedagogy, Equity, Design and Structure, Collaboration and Shared Accountability, Adequate Resources, and Alignment and Coherence.

2017-2018

RCS D continued to provide Professional Development as per data analysis targets. There was a new adoption for English Language Arts and English Language Development curriculum. The focus for the year was on the understanding and implementation of the new ELA/ELD curriculum. There were two full days in August, one faculty meeting in October and one full day in January for Professional Development. In addition, each school site was asked to commit two minimum planning days for data analysis. Professional Development was provided to all teachers to ensure alignment on the data analysis process that included SMART Goals development.

Special Education teachers were provided with more focused PD to meet the needs of their specialized population. As per the SBAC results, more support was needed in instructional practice in all grades.

The Middle School teachers in Math worked on their second year of implementation on their new Math program. PD was provided with a focus on supporting language learners on this more rigorous math program.

Principals continued with Instructional Rounds to better develop their understanding of the teaching of reading.

SEAL Training continued for new teachers. SEAL Planning days were also provided for the development or refinement of their integrated content-base units.

This year coaches were added to ensure that classroom teachers were provided with real time coaching to implement the instructional practices expected. The SEAL and Literacy Coaches, as well as the district level Staff Development personnel, were visible each day at school sites. We have learned that one day PD is not enough, teachers need the real-time coaching to develop strong instructional practice.

2018-2019

The Redwood City School District Staff Development team continues to plan and provide professional development for PreK-8 classified and certificated staff.

This year the focus of professional development is on the social emotional and academic success of all learners. Administrators, teachers, and classified staff will gain an awareness and understanding of current challenges, which include Trauma Informed Classroom Practices, Human Trafficking Issues, a presentation on Gender Spectrum, implications for instruction with the new English Learner Performance Assessment of California, content specific pedagogy for integrating academic language across content, and including writing across the content areas.

In order to further deepen state standard implementation, RCSD will embark on a new Instructional Coaching model. The Instructional Coaching Model has the potential to raise the academic rigor across the district.

“The goal of the RCSD Instructional Coaching Model is to remove any barriers obstructing the implementation of effective instruction that positively impacts student success. “

Together, with the Staff Development personnel, each principal will be released two days a month to provide coaching for teachers and/or lead data analysis meetings to target coaching sessions.

The Staff Development Team, including the SEAL and Literacy Coaches, will continue to provide additional coaching support to all school sites on the implementation of the Platinum Ticket using district-adopted curriculum. Clifford School has been added as an official SEAL Site.

Finally, in partnership with the National Urban Alliance (NUA) and international speaker, Dr. Yvette Jackson, the Redwood City School District will work to create classrooms as places where there is truly a belief in the intellectual capacity of all students. Instructional practices that develop the cognitive potential of students will be highlighted and shared. These “gifted” practices will be implemented with all students through this work. The understanding is students develop higher cognitive potential through the intentional implementation of high order teaching practices. RCSD understands that instruction begins with student strengths and provides enriching options and direction to bring those strengths to the surface and promotes high intellectual performance for all students.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
