School Description

In November of 2018, the Redwood City School District (RCSD) Board of Trustees voted to move Orion Alternative to its new address, 555 Avenue del Ora, and share that campus with the district's Mandarin Immersion program. This move took effect at the end of the 2018-19 school year. It is important to understand that, because this SARC contains components from multiple school years, parents and community members reading this document will find data from Orion Alternative before its move at 815 Allerton St. and after its move to 555 Avenue del Ora at the start of the 2019-20 school year. Parents and community members looking for information about the John Gill campus before the 2019-20 school year, should refer to the John Gill Elementary School SARC.

SCHOOL PROFILE

Orion Alternative is a cooperative partnership of parents, teachers, and community working together to educate children throughout Redwood City School District with a focus on the maximum development of the whole child. Each child is viewed as a unique individual with his/her own distinct style and rate of growth. An integrated, hands-on curriculum that incorporates a variety of off-site learning opportunities, while adhering to mandatory California State Standards, helps children form real-life connections to classroom learning. Orion students grow academically, socially, and emotionally due to the ongoing and seamless partnership of the valued ideas, collaboration, leadership and support of the staff, parents, and community. Orion School thrives because of its calm and positive community of mutual care and support where everyone feels connected.

Orion Alternative is a school of choice for parents who want to be actively involved in their child's education. Parents voluntarily agree to participate in classroom or school activities, parent education, and school leadership activities during the year. Parents can engage and participate in various opportunities based on their availability during the week and on the weekends, before and after work, and during the school day. Orion Alternative Elementary School instills in each child a love of learning, as well as the confidence and skills necessary to meet future challenges.

Mandarin Immersion

The Mandarin Immersion Program brings together both Mandarin and English speaking students and families for the opportunity of a promising future of being bilingual, biliterate, and academically enriched. The program provides students the opportunity to learn one of the world's most prevalent spoken languages while learning basic academic subjects graduating with fluency in English and the Mandarin languages.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

All Redwood City School District students have equal access to state adopted, standards aligned textbooks and instructional materials. Funds are appropriated according to the textbook adoption cycle.

Additionally, the district is using EngageNY <http://www.engageny.org> to support English language arts instruction as we transition to the Common Core State Standards.

Pursuant to the settlement of Williams vs. the State of California, Redwood City School District thoroughly inspected each of its school sites at the start of the 2019-2020 school year to determine whether or not each school had sufficient and good quality textbooks, instructional materials, and/or science laboratory equipment. All students, including English Learners, are required to be given their own individual textbooks and/or instructional materials (in the four core subject areas: English language arts, mathematics, history/social studies and science), for use in the classroom and to take home if necessary. Additionally, all textbooks and instructional materials used within the District must be aligned with the California State Content Standards and Frameworks, with final approval by the State Board of Education.

The Redwood City School District Textbook selection is done by a District, grade level and subject area committees coordinated by Executive Directors of Educational Services. The final textbook selections for grades TK-8 from the current approved State lists are then selected and the recommendation goes before the School Board for final approval.

The chart below displays data collected during the August 2019 District Textbook Audit, in regards to student editions in use at Orion School during the current school year (2019-2020).

School Facility Conditions and Planned Improvements (Most Recent Year)

Orion School was originally constructed in the 1950s and remodeled in the 1990s. It currently comprises nine classrooms, one computer area, one library, one multi-purpose room, one staff lounge, an administrative support center, and two playgrounds.

The school was completely modernized in 1997 as the result of two separate bond projects (Measures A & B). Measure A renovations were completed on all classrooms by October, 1997. At that time, Orion School received a new library/media center, a reclaimed cafeteria/multi-purpose room, and administrative support center. Measure B projects have been completed at various times over the past three years and have included/will include: installation of energy-efficient lighting; replacement of damaged fencing; repairs to landscape; fresh painting; and campus-wide American Disabilities Act (ADA) improvements. The following chart displays the results of the most recent school facilities inspection.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Math	49	47	44	46	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: This is a placeholder for the California Science Test (CAST) which was administered operationally during the 2018-19 school year. However, these data are not available for inclusion in the 2018-19 SARC posting due February 1, 2020. These data will be included in the 2019-20 SARC posting due February 1, 2021.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2019-20)

Orion Alternative Elementary School understands how important parent and family involvement and support is to the success of students. For this reason, Orion Alternative School has a parent/family participation agreement. Parents voluntarily make a commitment to participate in school activities, school committees, and volunteer in the classrooms. School committees include: Starship Board, School Site Council, Starship Fundraising, English Learners Advisory Council (ELAC), Green Club, Art-in Action, Health and Nutrition, Library, Author and Illustrator Festival, and many more. Parents and community members are also encouraged to volunteer in any and all campus projects.

Parents who wish to participate in Orion School's committees, school activities, or become a volunteer may contact the school at 650.482.2406.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

The School Site Safety Plan is evaluated and revised annually by members of the School Site Council and the Safety Committee. Revisions to the Safety Plan are communicated to staff members annually. Key elements of the Safety Plan include: Emergency and Disaster Planning, Child Abuse Reporting, and School Discipline.

The school is in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards.

The school's disaster preparedness plan includes steps for ensuring student and staff safety during an emergency. Fire drills are conducted monthly, earthquake drills occur once a year, and lockdown drills are practiced twice a year. All staff and students participate to ensure all are prepared and aware of procedures in the event they are needed.

The safety of students and staff is of primary importance to Orion School. To ensure student safety, supervision is provided on campus at all times. Teachers and the administrator supervise students before and after school, as well as during breaks. All visitors to the school must sign in and out at the office and have prior authorization for classroom visits.

Professional Development provided for Teachers

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	3	3	2

The Redwood City School District has a system of professional growth and improvement that includes teachers from the induction program to veteran teachers, including principals, other school leaders and the private school personnel.

The Redwood City School District has invested in the professional development of its staff and focuses the work on the essential elements of high quality professional learning that cut across specific content knowledge, pedagogical skills, and dispositions.

The professional standards guide the work that is done for Professional Development and include: Data, Content and Pedagogy, Equity, Design and Structure, Collaboration and Shared Accountability, Adequate Resources, and Alignment and Coherence.

2017-2018

RCS D continued to provide Professional Development as per data analysis targets. There was a new adoption for English Language Arts and English Language Development curriculum. The focus for the year was on the understanding and implementation of the new ELA/ELD curriculum. There were two full days in August, one faculty meeting in October and one full day in January for Professional Development. In addition, each school site was asked to commit two minimum planning days for data analysis. Professional Development was provided to all teachers to ensure alignment on the data analysis process that included SMART Goals development.

Special Education teachers were provided with more focused PD to meet the needs of their specialized population. As per the SBAC results, more support was needed in instructional practice in all grades.

The Middle School teachers in Math worked on their second year of implementation on their new Math program. PD was provided with a focus on supporting language learners on this more rigorous math program.

Principals continued with Instructional Rounds to better develop their understanding of the teaching of reading.

SEAL Training continued for new teachers. SEAL Planning days were also provided for the development or refinement of their integrated content-base units.

This year coaches were added to ensure that classroom teachers were provided with real time coaching to implement the instructional practices expected. The SEAL and Literacy Coaches, as well as the district level Staff Development personnel, were visible each day at school sites. We have learned that one day PD is not enough, teachers need the real-time coaching to develop strong instructional practice.

2018-2019

The Redwood City School District Staff Development team continues to plan and provide professional development for PreK-8 classified and certificated staff.

This year the focus of professional development is on the social emotional and academic success of all learners. Administrators, teachers, and classified staff will gain an awareness and understanding of current challenges, which include Trauma Informed Classroom Practices, Human Trafficking Issues, a presentation on Gender Spectrum, implications for instruction with the new English Learner Performance Assessment of California, content specific pedagogy for integrating academic language across content, and including writing across the content areas.

In order to further deepen state standard implementation, RCSD will embark on a new Instructional Coaching model. The Instructional Coaching Model has the potential to raise the academic rigor across the district.

“The goal of the RCSD Instructional Coaching Model is to remove any barriers obstructing the implementation of effective instruction that positively impacts student success. “

Together, with the Staff Development personnel, each principal will be released two days a month to provide coaching for teachers and/or lead data analysis meetings to target coaching sessions.

The Staff Development Team, including the SEAL and Literacy Coaches, will continue to provide additional coaching support to all school sites on the implementation of the Platinum Ticket using district-adopted curriculum. Clifford School has been added as an official SEAL Site.

Finally, in partnership with the National Urban Alliance (NUA) and international speaker, Dr. Yvette Jackson, the Redwood City School District will work to create classrooms as places where there is truly a belief in the intellectual capacity of all students. Instructional practices that develop the cognitive potential of students will be highlighted and shared. These “gifted” practices will be implemented with all students through this work. The understanding is students develop higher cognitive potential through the intentional implementation of high order teaching practices. RCSD understands that instruction begins with student strengths and provides enriching options and direction to bring those strengths to the surface and promotes high intellectual performance for all students.

2019-20

Principals and teachers have received training in strategic use of data to improve instruction, collaboration through professional learning communities, technology in the classroom, equity, and implementation of the new Common Core State Standards to better align the teaching and learning toward District Goals. In addition, all staff take part in the required mandatory reporting and other federally required professional development through online modules at the start of each school year.

Using a train-the-trainer model, the District is calling on the rich and varied expertise of its own staff. Veteran teachers work with Staff Development coaches to further their knowledge, practices and language to explain to other staff.

Each administrator determines the progress of individual teachers based on a district agreed upon tool for implementation of effective instruction across the content areas. The tool is called the Platinum Ticket Scoring Guide, which indicates levels of implementation from beginning to maturing practice in all content areas.

Induction Program

The Induction program serves two functions: it is the program second tier of the teacher credentialing system, and provides comprehensive support to eligible beginning teachers; primarily the understanding of the California Standards for the Teaching Profession. The objectives of the RCSD Induction Program are to:

Development of the habits of mind expected in the teaching profession

Meeting the learning needs of students

Increasing teacher retention

Continuing professional growth through the application of knowledge and skills acquired in the credential program.

Veteran Teachers, Principals and Other School Leaders

Principals and teachers have received training in strategic use of data to improve instruction, collaboration through professional learning communities, technology in the classroom, equity, and implementation of the new Common Core State Standards.

Using a train-the-trainer model, the District is calling on the rich and varied expertise of its own staff. A standard defines what students should know and skills they should master at each grade level.

Finally, the principals participate in annual retreats both at the end of the year and the beginning of each school year to learn more in-depth regarding federal requirements, district adopted curriculum, assessments, assessment analysis, and ways to develop site plans. The trainings may also include assistance in the development of the School Plan for Student Achievement, budget development and monitoring, faculty evaluations, the instruction of English Learners and Special Education populations.

Classified Personnel

Classified personnel meet regularly with their department Directors to learn more specifically their assigned responsibilities. All classified staff are provided with professional development through small group or like position collaboration time. The content is determined by the Directors using state and local regulations as well as observations of personnel.

Advancement

The Redwood City School District believes personnel are most effective when they are up to date on responsibilities. There are opportunities for advancement within a site and in the district. Directors work with staff to set goals for their professional advancement. Many staff members have risen through the ranks into leadership positions.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
