Attendance Expectations

The school board believes that regular school attendance is directly related to success in academic work, benefits students socially, provides opportunities for important communications between teachers and students, and establishes regular habits of dependability important to the future of the student.

For further information and details regarding attendance, please refer to **School Board Policy 503**.

Call the Attendance Line to be excused from school: 507-494-1500.

Before and After School

Students may come to school and be seated in the ***Concourse as early as 6:00 AM. Parents/Guardians must understand that there is no supervision before 8:45 AM.*** Students are to be seated in the Concourse only. If anything should occur during this time, it is on the parents' liability.

Students may stay in the building after school as long as they participate in a supervised activity. ***No students are allowed in the building after 4 PM without an assigned supervisor.***

DID YOU KNOW?

- Students should miss no more than 7 days of schools each year to stay engaged, successful, and on track for graduation.
- By 6th grade, absenteeism is one of 3 signs that a student may drop out.
- By 9th grade, regular and high attendance is a better predictor of graduation rates than test scores.
- Students can be chronically absent even if they only miss a day or two of school every few weeks.
- Attendance is an important life skill that will help your child graduate and keep a job.

A telephone call from a parent or guardian must be made to the office each day a student is absent. Parents may call the attendance office and leave a message at 507-494-1500 twenty-four (24) hours a day, seven (7) days a week. **Written excuses will be accepted.** Students will have two days (2) to resolve absences after returning to school. Absences not resolved will remain unexcused if they are not resolved in that two day window.

Medical and dental appointments should be made after school if at all possible. All make-up work must be completed, after meeting with the teacher and in a reasonable length of time. **This is the responsibility of the student.**

It is the student's responsibility to resolve an absence before school, between class periods, during lunch, or after school. Class time should not be used by students to resolve absences.

Students that are involved in co-curricular activities need to notify each of their teachers when they need to be gone from class for school-related activities. Assignments should be obtained and students shall keep caught up with their classes.

Parents or guardians can excuse a student's absence up to 12 times per school year while school is in session. Subsequent clearance for illnesses require verification by a valid health care professional or administrative approval. Student attendance will be monitored to detect patterns of excessive excused absences so that appropriate intervention action takes place.

Any student who wishes to leave the school during school hours must have parental permission and receive a pass from the main office or the health office (in case of illness).

If a student has an unexcused absence, he/she will be given missed work (upon request); however, the teacher is under no obligation to accept or evaluate the work.

Number of Unexcused absence	School's Response
3	School Official to contact parent(s) by phone or email
5	The attendance personnel will refer students to the Winona County Restorative Justice Program as an attempt to intervene early on the truancy cycle with the goal of determining the cause(s) behind the attendance issues.
7	The Attendance Personnel may file truancy charges with the Winona County Court System

Examples of Excused Absences: illness, death or funeral of immediate family, impassable roads or weather making travel unsafe, recognized religious holidays or observances, court related appearance, medical or dental treatment, five days of vacation with prior written approval.

Examples of Unexcused Absences: oversleeping, work, cold weather, missing the bus, visiting relatives or friends, too tired, helping at home, shopping.

WSHS Athletics and Activities

Winona Senior High School offers an extensive interscholastic athletics and activities program. Policy and rules found in this handbook pertain to all athletic and extracurricular activities. WSHS is a member of the Minnesota State High School League and the Big Nine Conference. We support and enforce all MSHSL and Big Nine Conference rules and regulations. We consider participation in athletics and activities to be a privilege available to students who meet the eligibility standards set forth by the MSHSL, local activities department, and the WAPS School District.

Recognizing that participation in interscholastic activities is a privilege, WAPS requires that the conduct of student participants be exemplary at all times. Participants are representatives of the District and their school and must conduct themselves appropriately both while in school and out of school.

School Board Policy 510

School activities provide additional opportunities for students to pursue special interests that contribute to their physical, mental and emotional well-being. They are of secondary importance in relationship to the formal instructional program; however, they complement the instructional program in providing students with additional opportunities for growth and development.

- 2.) The school board expects all spectators at school sponsored activities, including parents, employees, and other members of the public, to behave in an appropriate manner at those activities. Students and employees may be subject to discipline and parents and other spectators may be subject to sanctions for engaging in misbehavior or inappropriate, illegal or unsportsmanlike behavior at these activities or events.

Health and Safety Information

Visitors: Visits of a casual nature are not allowed during the school day. Any person visiting the senior high on official business must first register.

Camera Surveillance: WSHS has video surveillance strategically placed throughout the school and school grounds. These cameras have been installed to help keep our building safe. Cameras may be reviewed periodically to ensure the safety of students and staff. Cameras will also be used to investigate incidents reported to WSHS officials.

Crisis Response: WAPS and WSHS have established a Crisis Response Team. In the event of a crisis affecting WSHS, the Crisis Response Team and staff will follow a specific plan to work through the crisis.

Emergency Drills for Fire, Civic Defense, and Tornado

State law requires five fire drills and five lockdown procedure drills. Procedures will be posted in each classroom as to the exact location to vacate to when a drill begins. Students must follow staff directives and listen carefully to all instructions during emergency drills.

Health Office

During the regular class period, a student must bring a pass from their teacher to gain admittance to the Health Office. Passes will be returned with the student. Names of students reporting to the Health Office will be forwarded to the attendance secretary at scheduled times. Students too ill or incapacitated to bring a pass need to be accompanied to the Health Office. No passes home will be issued from the Health Office before 9:00 a.m. Parent/Guardian permission must be obtained in order for any student to be sent home from the Health Office. The person in contact with the parent will explain any related concerns (need for medical care, frequency of health office visits, routine missing of certain classes, etc.). The parent will make the decision whether the student is legitimately ill and permitted to go home. Medical follow-up will be encouraged for frequent complaints. General criteria to consider for calling a parent:

An injury or illness requiring medical attention

An oral temperature over 99.8 degrees

Signs/symptoms of a possible communicable disease (unknown rash, pink eye, chicken pox, etc.) Students needing prescription or over-the-counter medication during school hours must make arrangements through the health office. Parents need to bring in all medications. All medications must be properly labeled and sealed in a pharmacy bottle or the original sealed medication container. A physician's order and written parental permission is needed in order for the school to perform this service. All medications are kept in a secure, locked area. Please notify the Health Office if you are aware of any student taking medication.

General Information:

A nurse is present in your building once weekly. A health secretary is present daily. Health records are kept on each student and are available for certified staff as a resource. Vision and hearing screening is routinely completed for all tenth graders. Students in other grades will be screened upon request of a student, teacher, or parent. Teachers are notified of any student with a health problem that may alter or interfere with their education. Students requiring medical care during the school day will receive it through the health office with as little disruption to the education process as possible. Teachers are asked to please refer any student to the health office who has symptoms of ill health.

Communicable and Infectious Disease:

It is the policy of the school board that students with communicable diseases should not be excluded from attending school in their usual daily attendance so long as their health permits and their attendance does not create a significant risk of the transmission of illness to students or employees of the school district. A procedure for minimizing interruptions to learning resulting from communicable diseases will be established by the school district in its IEP and Section 504 team process, if applicable, and in consultation with school health services, community health and private health care providers. Procedures for the inclusion of students with communicable diseases will include any applicable educational team planning processes, including the review of the educational implications for the student and others with whom the student comes into contact.

Code of Character, Conduct, and Support

Maintaining a safe, welcoming, and positive school environment where all students are a priority is a priority to us at Winona Senior High School. WSHS is committed to administering student discipline in a manner that ensures fair, consistent, and equitable treatment of all students. When a discipline referral is made to the office it will be treated with care, positivity, equity, and with the emphasis on learning through behavior.

WAPS school board policy 506, has information regarding student discipline. This policy outlines the student rights and responsibilities, code of student conduct, disciplinary action options, and other details regarding the policy. This student handbook outlines how Winona Senior High School directly enforces the school board policy 506.

Students must follow the policy 506, Student Discipline, before, during, and after the school day. They must also follow the policy at bus stops, on transportation, on school grounds, during field trips, and any other school-related activities. WAPS can respond with disciplinary action of any violation of policy 506 when there is a direct and/or continuation of misconduct affecting students or the school day.

Students and families should also note that the Minnesota State High School League (MSHSL) has behavioral expectations that apply to students who participate in MSHSL sanctioned activities.

Student Discipline/Behavior Response Plan:

Our goal is to be proactive and positive with our students to teach and prevent offenses from occurring. Our approach aims to help students learn appropriate behavior for appropriate situations. We understand that we need to teach appropriate behavior just as much as we teach academics. There may be times where consequences, interventions and other responses may be needed and assigned. In many cases, the use of primary responses and/or the use of school-based interventions may be most suitable. In other cases, a student's misconduct and violation of expectations may be appropriately addressed by a district disciplinary response along with interventions and student support.

School Board Policy 506

Winona Senior High School disciplinary offenses fall into either level 1 or level 2 category. Definitions for level 1 and level 2 responses are included. ***Administrators may find it necessary to use intervention or discipline options and procedures at any level not covered specifically in these regulations.***

Discipline Policy (Board Policy 506) and Consequences

The Winona Area Public School District has adopted a district-wide policy covering all aspects of student behavior. The responsibilities of school employees and parents are given as well as the rights and responsibilities of the students.

According to recent legislation, law enforcement agencies must provide notice of felony and specific misdemeanor and alcohol/drug related incidents involving a student to the respective schools. With regard to the latter incidents, recommendations are made by the assessment team to the athletic director of students violating MSHSL rules. A copy of the athletic and nonathletic policies is presented in this handbook also. Students and parents should become familiar with these policies.

Detention

Students may be placed in detention by the school administrator for failure to comply with school rules, and it is the student's responsibility to find out where detention will be held. Failure to serve detention may result in further consequences which may include out of school suspension. Detention is held on Mondays and Wednesdays from 3:40 – 4:30 p.m. and Tuesdays and Thursdays from 8 – 8:50 a.m. Students will serve 50-minute detentions in one sitting and in the assigned detention area. *Note: Students may serve a detention with a classroom teacher ONLY if that teacher is willing to accommodate the student. Students showing up for detention after designated start time will not receive credit. Students have one week in which to make up their assigned detention(s). Detention locations will be displayed on the large screen in the concourse. It is also printed in the daily bulletin. Students are to be respectful and behave appropriately. Students are encouraged to use their time to do class work or read. Bring appropriate materials with you. Students will not eat, visit, or use cell phones or headphones if credit for detention is desired. Since detentions are an extension of the regular school day, student dress will remain the same as it is from 9:00 a.m. – 3:30 p.m. Students who choose not to follow the above rules will not be given credit for the time spent in detention and may have time added.

School Nutrition

We are fortunate to have an excellent breakfast, lunch, and ala carte program available to our students and staff. Well-balanced, nutritious, and reasonably priced meals are served each day. The district provides meals that meet the nutrition standards set forth in the Dietary Guidelines for Americans (DGA). We offer a variety of low fat foods including grains, fruits, and vegetables. Menus are planned to meet the calorie needs of active students.

Families will be able to view student accounts and make online payments using the parent portal. Please bring payments directly to the school office or mail them to the school office to the attention of the School Nutrition Secretary. A drop box for money is also located outside the main office at the high school.

PIN numbers (personal identification numbers) will be handed out on the first day of school. Put your check or envelope with cash in the DROP SLOT before 10:15 a.m. if you wish to have it in your account that day. We do not guarantee the money/check deposit will be entered into your account in time for lunch if it is turned in after 10:15 a.m. Payments should be marked with the PIN and STUDENT NAME printed on the lower left-hand corner. If mailing a check for a student, please ensure that the School Nutrition Secretary receives it. Make checks payable to WAPS School Nutrition. The first payment must include the student's name since the PIN will not be distributed until the first day of the school year.

Payment for Breakfast and Lunch (Meal Prices Subject to Change)

Lunch = \$2.80

Breakfast = \$1.50

If paying for more than one student, please put each student's first and last name, PIN and amount to be allotted to each student on either the check or the envelope.

Do not combine different payments with school nutrition money (shop fees, athletic fees, fines, weekly allowances, etc.). Do not send large bills to be broken down. We do not keep large amounts of cash on hand.

Students are responsible for keeping track of the balance in their meal accounts and must check on their balances frequently.

Do not share your pin numbers with your friends.

Refunds of money due to leaving the district or graduating must be requested in writing. All requests need to be addressed and mailed to Jennifer Walters, School Nutrition Director. Any problems/questions, please contact the high school nutrition secretary at 494-1500.

Food and Drinks in the School

Food and drink is only allowed in the classroom at the discretion of the teacher. WSHS encourages all food and drink to follow the District Wellness Policy Guidelines. Vending machines, located in the concourse, are available for student use after school.

Closed Campus

Winona Senior High School is a closed campus. Students are not allowed out of the building without prior authorization from the attendance office or prior authorization from the classroom teacher if the student is taking a course that requires them to leave the building. PSEO students need to see the high school office to obtain a permanent pass for their comings and goings. Students found outside the building or off the school premises without authorization will be subject to a search of the person and personal belongings. A student's car is also subject to a search when a student is found to be off campus without prior authorization.

Lockers and Personal Possessions

Lockers are the property of the school and are to be used by the students for storing books, clothing, and supplies. Students are responsible for their locker; keep it locked at all times. It is suggested that valuables and/or expensive clothing not be left in lockers. Do not reveal your combination to anyone. Do not change or share lockers with another student or students.

Chapter 226 of the Omnibus Crime Act creates a statewide school locker policy. It provides a policy for the State of Minnesota that:

“School lockers are the property of the school district. At no time does the school district relinquish its exclusive control of lockers provided for the convenience of students. Inspection of the interior of lockers may be conducted by school authorities for any reason at any time, without notice, without student consent, and without a search warrant. The personal possessions of students within a school locker may be searched only when school authorities have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules. The administration reserves the right to bring drug-sniffing canines into school at any time to check lockers in an effort to help ensure a drug-free environment. Any illegal items will be confiscated and turned over to the appropriate law enforcement agency. As soon as practical after the search of student's personal possessions, the school authorities must provide notice of the search to students whose lockers were searched unless disclosure would impede an ongoing investigation by police or school officials.”

The personal possessions of students and/or a student's person may be searched when school officials have a reasonable suspicion that the search will uncover a violation of

law or school rules. The search will be reasonable in its scope and intrusiveness. "Personal possessions" includes but is not limited to purses, backpacks, book bags, packages, and clothing. See Policy 502 on the district web page for further details or view the policy manual in the high school office.

Lost and Found:

Lost and found is located near the main office. Students who lose personal belongings at school should report it immediately to the safety specialists. Any student who recovers a lost article is asked to return it to the office.
