HEAR

Hear a first-person account of the events of 9/11. On the morning of Sept. 11, 2001, **Joe Dittmar** was attending a routine business meeting on the 105th floor of Two World Trade Center, also known as the south tower, when terrorists piloted an airliner into the north tower. One of only seven survivors from that meeting of 54 people, Joe will share his story of that day, as well as historical, personal, ethical and social lessons that can be learned from his experience. Recommended for 6th graders and above.
