*Covid-19 exposure
Maplewood Football Team*

Dear Maplewood Football Families,

Unfortunately, all players and staff who attended the game on Friday, September 3rd and or practice Monday September 6th were identified as a close contact to a positive COVID-19 case.

Symptoms of COVID-19 may include fever or chills, cough, sore throat, shortness of breath or difficulty breathing, fatigue, muscle or body aches, headache, or new loss of taste or smell. The PA Department of Health has established contact tracing protocols for all close contacts. We strongly recommend that parents contact health care professionals if demonstrating any of the signs or symptoms of COVID-19.

Depending on vaccination status all exposed individuals **must** do one of the following:

1. If vaccinated (either a or b) (individual can attend school)
 - a. Obtain a laboratory test from a healthcare provider AND wear a mask indoors until negative test results are received; OR
 - b. Wear a mask indoors until 10 days from exposure

2. If unvaccinated (individual cannot attend school)
 - a. Quarantine until 10 days from exposure; OR
 - b. Obtain a negative laboratory test from a healthcare provider performed on or after day 5 from exposure

If contacted by the PA Department of Health follow their guidance. Please contact me with additional questions.

Lastly, I regret to inform our Maplewood community that the Friday, September 10, 2021 home opener is canceled. We will notify you if we are able to reschedule the game.

Sincerely,

Kenneth Wolfarth, Principal
