Re: Immunizations

Dear Parent:

As you know, school begins on [date]. Before your child, [name of child], can be enrolled, however, we must receive proof that he/she has received immunization against a number of diseases as required by state law or is excepted therefrom. To date, we have no immunization records for your child nor a claim of exception.

Please complete the enclosed form verifying that [name of child] has received the required immunizations, consistent with medically acceptable standards and return the form to [name of school official], *before school begins*. By state law, we cannot allow [name of child] to stay in school longer than thirty days unless we have received proof that he/she has had the required immunizations or is excepted therefrom.

If you cannot submit a statement from a physician or public clinic regarding your elementary or secondary school child, you may submit your own statement on the enclosed form detailing the precise dosages given for each required immunization and the month and year each immunization was given. If you elect to submit your own statement in lieu of one from a health care provider, please contact [name of school official] at [telephone number] to determine the precise vaccinations required for your child, as the requirements vary according to the child's age.

If you are claiming an exception for medical reasons that an immunization is contraindicated or because of your conscientiously held beliefs, you must either submit a statement from a physician stating the immunization is contraindicated or you must submit a notarized statement, signed by you as the parent/guardian, or if the student is an emancipated person, by the emancipated person, stating that the student has not been immunized because of conscientiously held beliefs. The enclosed form may be used for this purpose.

If we do not receive proof of immunization or exception by [date], your child will be sent home from school and discharged from enrollment. It will then be necessary for you to re-enroll the child after immunization requirements have been met before the child can return to school. If you have any questions, please contact [name of school official] at [telephone number].

Thank you for your cooperation.

Very truly yours,

[School District Official]

Re: Immunizations

Dear Parent:

As you know, school began today. To date, we have no immunization records for your child nor any record of a request for an exception. In order for your child, [name of child], to remain enrolled, we must receive proof that he/she has received immunization against a number of diseases as required by state law or that he/she qualifies for one of the statutory exceptions. By this letter, we wish to verify that our records concerning your child are accurate and complete.

Please submit a statement on the enclosed form to [name of school official] from a physician or a public clinic verifying that [name of child] has received the required immunizations, consistent with medically acceptable standards. By state law, we cannot allow [name of child] to stay in school unless we have received proof that he/she has had the required immunizations or has satisfied one of the statutorily recognized exceptions.

If you cannot submit a statement from a physician or public clinic regarding your elementary or secondary school child, you may submit your own statement on the enclosed form detailing the precise dosages given for each required immunization and the month and year each immunization was given. If you elect to submit your own statement in lieu of one from a health care provider, please contact [name of school official] at [telephone number] to determine the precise vaccinations required for your child, as the requirements vary according to the child's age.

If you are claiming an exception for medical reasons that an immunization is contraindicated or because of your conscientiously held beliefs, you must either submit a statement from a physician stating the immunization is contraindicated or you must submit a notarized statement, signed by you as the parent/guardian, or if the student is an emancipated person by the emancipated person, stating that the student has not been immunized because of conscientiously held beliefs. The enclosed form may be used for this purpose.

If you have already submitted a statement to us, please indicate how the statement was submitted (i.e. hand-delivered, mailed), when it was delivered and to whom. It may be necessary for you to obtain a duplicate statement if the original cannot be found. If additional time to obtain a duplicate is required, please so indicate in your response.

If we do not receive proof of immunization or exception by [ten school days], your child will be sent home from school and discharged from enrollment. It will then be necessary for you to re-enroll the child after immunization requirements have been met before the child can return to school. If you have any questions, please contact [name of school official] at [telephone number].

Thank you for your cooperation.

Very truly yours,

[School District Official]

Re: Non-Enrollment for Lack of Immunization Proof

Dear Parent:

We are sending your child, [name of child], home today because we have not yet received proof that he or she has received appropriate immunizations or is excepted therefrom. Minnesota law does not allow us to enroll an elementary or secondary school student without proof that the student has received the required immunizations or is excepted therefrom.

As we advised earlier, State law and School District policy allow for a thirty-day grace period and a ten-day due process period during which your child may attend school. Those grace periods have now expired.

[Name of child] may re-enroll as soon as we have received appropriate proof of immunizations. If you have any questions about the proof or the immunizations required, please contact [name of school official] at [telephone number] as soon as possible.

We look forward to having [name of child] back in school soon.

Very truly yours,

[School District Official]

Minnesota law requires children enrolled in school to be immunized against certain diseases or file a legal medical or conscientious exemption.

Parent: Enter the MONTH, DAY, and YEAR for all vaccines your child received, MED for vaccines that are medically contraindicated, or CO for vaccines that are conscientiously opposed. Sign appropriate signature boxes on reverse.

MED: Medical contraindication to immunization, history of disease, or laboratory evidence of immunity.

CO: Immunizations are contrary to parent or guardian's conscientiously held beliefs.

School Personnel: Be sure to initial and date any new information that you add to this form after the parent/guardian submits it. Also, record combination vaccines (e.g., DTaP+HepB+IPV, Hib+HepB) in each applicable space.

Type of Vaccine	DO NOT USE (✓) or (X)	1st Dose Mo/Day/Yr	2nd Dose Mo/Day/Yr	3rd Dose Mo/Day/Yr	4th Dose Mo/Day/Yr	5th Dose Mo/Day/Yr
Required (The shaded boxes indicate doses that are not routinely given; however, if your child has received them, please write the date in the shaded box.)						
Diphtheria, Tetanus, and Pertussis (DTaP, DTP)						
Diphtheria and Tetanus (DT) • for 6-year-olds and younger						
Tetanus and Diphtheria (Tdap, Td) • for 7-year-olds and older						
Polio (IPV, OPV)						
Measles, Mumps, and Rubella (MMR) • minimum age: on or after 1st birthday • required for kindergarten and 7th grade						
Hepatitis B (hep B) • required for kindergarten and 7th grade						
Varicella (chickenpox) • minimum age: on or after 1st birthday • vaccine or disease history required for kindergarten and 7th grade						
Recommended						
Meningococcal (MCV, MPSV)						
Human Papillomavirus (HPV)						
Hepatitis A (hep A)						

Additional exemptions:

- **Children less than 7 years of age:** The 5th dose of DTaP/DTP/DT (similarly, the 4th dose of polio vaccine) is not necessary if the 4th DTaP/DTP/DT (3rd dose of polio) was administered after the 4th birthday.
- **Children 7 years of age and older:** A history of 3 doses of DTaP/DTP/DT/Td/Tdap and 3 doses of polio vaccine meets the minimum requirements of the law.
- **Students in grades 7-12:** A Td or Tdap booster at age 11 years or later is not required for students in grades 7-12 whose most recent Td was given after their 7th birthday but before their 11th birthday. Instead, it will be required 10 years after the date of the most recent dose.
- **Students 11-15 years of age:** A 3rd dose of hepatitis B vaccine is not required for students who provide documentation of the alternative 2-dose schedule.
- **Students 10 years or older:** May receive Tdap to fulfill the Td requirement for students in grades 7-12.
- **Students 18 years of age or older:** Do not need polio vaccine.

1. Choose one of the following to indicate student's immunization status and the source of the information above:

A. I certify that this student has received all immunizations required by law.

Signature of parent/guardian or physician/public clinic Date

B. I certify that this student has received at least one dose of vaccine for diphtheria, tetanus, and pertussis (if age-appropriate), polio, hepatitis B (K and 7th), varicella (K and 7th), measles, mumps, and rubella and will complete his/her diphtheria, tetanus, pertussis, hepatitis B, and/or polio vaccine series within the next 8 months. The dates on which the remaining doses are to be given are:

Signature of physician/public clinic Date

2. Parental/Guardian Consent to Share Immunization Information:

Your child's school is asking your permission to share your child's immunization record with Minnesota's immunization registry to help us better protect students from disease. You are not required to sign this consent; it is voluntary. In addition, all the information you provide is legally classified as private data and can only be released to those legally authorized to receive it under Minnesota law.

I agree to allow school personnel to share my student's immunization record with Minnesota's immunization registry:

Signature of parent or legal guardian Date

3. Exemptions to School Immunization Law:

A. Medical exemption:

No student is required to receive an immunization if they have a medical contraindication, history of disease, or laboratory evidence of immunity. For a student to receive a medical exemption, a physician, nurse practitioner, or physician assistant must sign this statement:

I certify the immunization(s) listed below are contraindicated for medical reasons, laboratory evidence of immunity, or that adequate immunity exists due to a history of disease that was laboratory confirmed. (For varicella disease see * below.)

Exempted immunization(s):

Signature of physician/nurse practitioner/physician assistant Date

*History of varicella disease only. In the case of varicella disease, it was medically diagnosed or adequately described to me by the parent to indicate past varicella infection in _____.

Year

Signature of physician/nurse practitioner/physician assistant

B. Conscientious exemption:

No student is required to have an immunization that is contrary to the conscientiously held beliefs of his/her parent or guardian. However, not following vaccine recommendations may endanger the health or life of the student or others they come in contact with. In a disease outbreak schools may exclude children who are not vaccinated in order to protect them and others. To receive an exemption to vaccination, a parent or legal guardian must complete and sign the following statement and have it notarized:

I certify by notarization that it is contrary to my conscientiously held beliefs for my child to receive the following vaccine(s):

Signature of parent or legal guardian Date

Subscribed and sworn to before me this _____ day of _____ 20 _____

Signature of notary
