Non-Discrimination/Non-Harassment Laws

See List in Policy AC

[Prohibition of Discrimination, Harassment, and Retaliation](#)

Amended Title IX Regulations (May 2020)

- Focuses on Sexual Harassment as a Form of Sex-Based Discrimination
 - Sexual harassment, including sexual assault, is unlawful sex discrimination
 - Provides requirements for how schools must respond to sexual harassment under Title IX so that every complainant receives appropriate support, respondents are treated as responsible only after receiving due process and fundamental fairness, and school officials serve impartially without bias for or against any party
- Supporting Complainants & Respecting Complainants' Autonomy
 - Schools must offer free supportive measures to every alleged victim of sexual harassment, even if they do not want to participate in the grievance process
 - Gives complainants control over the school-level response, and respects complainants' wishes and autonomy by giving them the clear choice to file a formal complaint, separate from the right to supportive measures

Amended Title IX Regulations

- Focuses on Due Process and Fairness
 - Complainants and respondents must have strong, clear procedural rights in a predictable, transparent grievance process designed to reach reliable outcomes.
 - Provided numerous specific requirements for the investigation process, including providing both parties written notice of the allegations, an equal opportunity to select an advisor of the party's choice (who may be, but does not need to be, an attorney), and an equal opportunity to submit and review evidence throughout the investigation
- Preservation of Free Speech Rights
 - Directs schools not to violate First Amendment rights when complying with Title IX (*i.e.*, exercise of 1st Amendment rights does not constitute retaliation)

“Sexual Harassment” under Title IX

1. A school employee conditioning an educational benefit or service upon a person’s participation in unwelcome sexual conduct (often called “quid pro quo” harassment);
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the school’s education program or activity; or
3. Sexual assault, dating violence, domestic violence, or stalking (as those offenses are defined in the Clery Act, 20 U.S.C. § 1092(f), and the Violence Against Women Act, 34 U.S.C. § 12291(a))

Scope of Responsibility to Respond

- Sexual harassment by or against students or staff – anyone “participating in or attempting to participate in the education program or activity of the [school district].”
- “Education program or activity” = not just on campus or at school
 - Locations, events, or circumstances where a school exercises substantial control over the context of the harassment and the person accused of committing the harassment
 - At school, on a school bus, on a field trip, at a school-sponsored activity
- Students are subject to discipline for prohibited conduct that occurs off District property or outside of a District-sponsored activity or event *if the conduct interferes with a student’s educational opportunities, or substantially disrupts the orderly operations of the District, a school, a classroom, or a District-sponsored activity or event*

Scope of Responsibility to Respond

- School must respond when it has “actual knowledge” of conduct that could constitute sexual harassment
- “Actual Knowledge” = notice of sexual harassment or allegations of sexual harassment to the Title IX Coordinator or any official who has authority to institute corrective measures, or to any employee of an elementary and secondary school
 - School staff member personally observes
 - School staff members is put on notice (by anyone – victim, witness, parent, etc.) that a student/employee may be a victim of sexual harassment

Reporting Sexual Harassment

- School must respond in a manner that is not “deliberately indifferent”
 - Take complaints and reports seriously, do not ignore
- Immediately report to the Compliance Coordinator (Dr. John McKinney and/or Rachel England)
 - Do not attempt to investigate

- Policy AC reporting responsibility:

All District employees share in the responsibility of preventing and responding to discrimination, harassment, and retaliation. All employees who personally observe conduct that could constitute discrimination, harassment, or retaliation, or who are notified about an allegation of discrimination, harassment, or retaliation, or about conduct or events reasonably suggesting that such conduct has occurred, are required to immediately report the conduct to the Compliance Coordinator. Additionally, employees who observe discrimination, harassment, or retaliation are expected to intervene to stop the conduct in situations in which they have supervisory control and it is safe to do so.

Other Reporting Responsibilities

- Reasonable cause to suspect that child abuse or neglect has occurred
→ report to Department for Children and Families (DCF)
- Reason to believe that the conduct constituted the commission of a felony or misdemeanor, involved the possession of a weapon or drugs, or resulted in or was substantially likely to have resulted in serious bodily injury to others → report to law enforcement

Step 1: Compliance Officer offers Supportive Measures

- Title IX Coordinator (or designee) will promptly and confidentially reach out to the complainant to discuss the availability of supportive measures
 - Supportive Measures for Students: separating or restricting contact between the parties; altering class schedules, passing periods, or class seating arrangements; offering counseling, social emotional programming or other supportive resources; providing additional supervision or monitoring for a student; placing an employee-respondent on leave during the pendency of an investigation; and assisting with filing criminal charges
 - Supportive measures for employees: separating or restricting contact between the parties; altering duties, work schedules, or work locations; placing an employee-respondent on leave during the pendency of an investigation; and assistance with filing criminal charges

Determining Supportive Measures

- Must be offered whether or not a formal complaint is filed
- Must be offered to the complainant, may also be offered to the respondent
- Parameters for Supportive Measures
 - Free, individualized services
 - Designed to restore or preserve equal access, protect safety, or deter further misconduct toward the complainant
 - Idea is to *support* the complainant, without being disciplinary or punitive to the respondent
 - Cannot unreasonably burden another person
 - Keep confidential to the extent possible

Step 2: Informal Resolution or Formal Complaint

- Compliance Coordinator will inform complainant of their right to participate in informal resolution or to proceed with the formal grievance process
 - Goal is to INFORM, and not to encourage or discourage either route
- Policy AC language regarding informal resolution:

At any time during the grievance process before a determination is reached, the parties may be offered or request an informal resolution process, such as mediation or restorative justice, in lieu of a full investigation and determination, but in no event will informal resolution be facilitated to resolve a complaint of staff-on-student sexual harassment. In order for informal resolution processes to be implemented, all parties must voluntarily agree in writing. In the event that a resolution is reached during the informal resolution process and agreed to in writing by the parties, then the formal complaint will be dismissed, and the complainant is precluded from filing a second complaint concerning the original allegation, however, patterns of conduct will be considered in subsequent complaints involving the same respondent. At any time prior to agreeing to a resolution, any party may withdraw from the informal resolution process and resume the grievance process.

Step 2: Informal Resolution or Formal Complaint

- A formal complaint begins the investigation process, during which a determination will be made as to whether the preponderance of the evidence shows that Policy AC was violated
- Where a complainant is unable for any reason to file a complaint, for example due to age or disability, a complaint may be filed by a parent, guardian, or representative on behalf of the complainant.
- Compliance Coordinator may sign a formal complaint and initiate the grievance process where the complainant elects not to file a complaint

Who Serves the Roles in the Investigation Process?

For formal complaints alleging student-on-student prohibited conduct - building principal, associate principal, athletic director, or administrative intern

For formal complaints alleging student-on-staff prohibited conduct - building principal from a school building that the student does not attend

3. **Preparation of Report:** Within 30 working days of receiving the formal complaint, the investigator will conclude the investigation and create a report that summarizes the relevant evidence. The report will be sent by the C.C. to the parties for their review and written response and to the decision-maker.
4. **Parties may respond to report:** The parties will have 10 working days to submit a response to the investigator's report, including proposed relevant questions for the decision-maker to ask the other party and/or any witnesses.

Multi-Step Investigation Process

5. Review of Investigation by Decision-Maker: Decision-maker will review the investigation, including any of the following steps: review of the evidence gathered and investigation report, re-interviewing a party or witness, and gathering additional evidence if deemed necessary.
6. Decision by Decision-Maker: No later than 20 working days after receipt of the investigator's report, the decision-maker (or C.C.) simultaneously will issue to the parties the decision-maker's written determination as to whether the preponderance of the evidence shows that this policy was violated. The written determination to each party will include the following information as appropriate: identification of the allegations, a description of the procedural steps taken, findings of fact, conclusion regarding application of the student discipline code or policies/procedures applicable to employees to the facts, a concise statement of the rationale supporting the conclusion on each allegation, any disciplinary sanctions imposed on the respondent, what remedies will be instituted, and notice of the appeal procedure.
7. Appeal: A party may appeal to the following reasons: procedural irregularity that affected the determination, new evidence that was not reasonably available at the time the determination was made, or conflict of interest or bias on behalf of the Compliance Coordinator, investigator, or decision-maker. The appeal will review the investigation, and within 20 days, give written notice to the parties of their determination.

Dismissal of a Title IX Complaint

- Complaint **MUST** be dismissed if:
 - Conduct could not constitute sexual harassment even if proven (does not preclude responsive action under student discipline code, Board policies, and/or District procedures)
 - Conduct did not occur in an education program or activity
 - Conduct did not occur against a person in the United States
- Complaint **MAY** be dismissed if:
 - Complainant notifies the C.C. in writing that they want to withdraw the complaint
 - Respondent is no longer enrolled or employed by the District
 - Specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the complaint or allegations

Remedying a Policy AC Violation

- Remedy: Prompt, effective, and appropriate action taken to restore or preserve equal access to education or employment programs and/or activities that is taken with the goal of preventing future recurrence of prohibited conduct and redressing the effects of prohibited conduct
- Remedies may have educational, restorative, rehabilitative, and/or punitive components.
- Remedies may include, but are not limited to,: the same services provided as supportive measures; follow-up contact with a complainant; disciplinary sanctions or consequences against the respondent; additional training for students and/or employees; and data reviews, assessments, or climate checks to ensure compliance with this policy.

Discipline for Violations of Policy AC

- Students, employees, and others will not be disciplined for speech in circumstances where it is protected by law, but other non-disciplinary remedies may be instituted to address prohibited conduct.
- Discipline cannot be imposed (on student or staff) for sexual harassment until after the completion of the grievance process

 - Protected Activity: Making a complaint of prohibited discrimination or harassment, reporting prohibited discrimination or harassment, or participating in an investigation, formal proceeding or informal resolution, whether conducted internally or outside the District, concerning prohibited discrimination or harassment
- Complaints alleging retaliation may be filed under Policy AC.
- District must keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witness, except as may be permitted by the FERPA, as required by law, or to conduct any investigation, hearing, or judicial proceeding arising thereunder.

Relevance

- "Relevant evidence" means evidence having any tendency to make the existence of any fact that is of consequence to the determination of the action more probable or less probable than it would be without the evidence
 - Can include questions about the who, what, when, where, and how of allegations
 - Can also include issues related to motive or bias
 - Includes both exculpatory and inculpatory evidence – evidence that is favorable and unfavorable to the parties
- PROTECTION for Complainant: Questions or evidence about a complainant's sexual predisposition or history is never relevant, except in 2 circumstances: (1) to prove that someone other than the respondent committed the conduct; and (2) prior sexual behavior with the respondent is offered to prove consent

Bias, Stereotypes, and Conflict of Interest

- Under Policy AC: “Investigations begin with presumptions that the respondent did not engage in any prohibited conduct, and that the complainant is credible.”
- Investigators and decision-makers cannot gather or evaluate evidence in a way that is based on stereotypes or that favors one party over the other
- Investigators and decision-makers must gather evidence impartially and must include relevant evidence that is both favorable and unfavorable to both parties.
- Standard is “preponderance of the evidence” = more likely than not that the respondent violated Policy AC
- Decision must be based on an objective evaluation of the evidence, and the report should describe the major rationale used to reach the decision

Quid Pro Quo Sexual Harassment

- “Quid Pro Quo” = something for something
- “An employee of the recipient conditioning the provision of an aid, benefit, or service of the recipient on an individual’s participation in unwelcome sexual conduct”.
- Involves employees (teacher, coach, etc.)
- Includes both express and implied situations
- Does not need to be severe, or pervasive; can be one-time instance

Unwelcome Conduct Sexual Harassment

- “Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the recipient’s education program or activity.
 - Severe – is conduct extreme?
 - Pervasive – sufficient in number and continuous, generally means a one-time incident is not enough (could be if it impacts several individuals or is widespread – *i.e.*, “sexting” or sharing inappropriate photos to several people)
 - Objectively offensive - whether a reasonable person, in the position of the complainant, would find the conduct offensive
 - Reasonable person standard (from the complainant’s perspective) considers factors such as: nature of the conduct, ages, abilities, and relative positions of authority of the individuals involved
- AND must effectively deny a person equal access to education program or activity (impact)
 - Skipping class to avoid harasser, decline in grades, difficulty concentrating, etc.
 - Does not need to completely deny access, just deny equal access; does not require dropping out of school, failing class, having panic attack, etc.

Sexual Assault, Dating Violence, Domestic Violence, Stalking (Clery Act and VAWA)

- Any of these can be sexual harassment regardless of severity or the number of times they occur
- Sexual Assault: Any sexual act directed against another person, forcibly and/or against the person's will; or not forcibly or against the person's will when the victim is incapable of giving consent
 - Includes rape, statutory rape, fondling, or attempts to do the same
 - Could be an issue with voluntary sexual activities between students who are not of the age of consent (16 in Kansas)
- Dating Violence: Any act of violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim and where the existence of such a relationship shall be determined based on a consideration of the following factors: the length of the relationship; the type of the relationship; and the frequency of the interaction of the persons involved in the relationship.
 - Example: students are dating and an episode of violence has occurred

Sexual Assault, Dating Violence, Domestic Violence, Stalking (Clery Act and VAWA)

- Domestic Violence: Any felony or misdemeanor act of violence committed by a current or former spouse or intimate partner of the victim; a person with whom the victim shares a child in common; a person who is cohabitating with the victim or who has cohabited with the victim as a spouse or intimate partner; a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or; any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of this jurisdiction
- Stalking: Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others; or suffer substantial emotional distress
 - Could include online harassment that either causes a student to fear for safety or suffer substantial emotional distress.
