As many as you want and will be successful in. You can enroll in multiple courses, but we advise enrolling in ONLY ONE term at a time in each subject.
I signed up late, now what?	Coursework will show as missing at first. You will NOT lose points for turning in work “late”. Keep working on your coursework until you are passing and course is complete.	
What happens if I don’t finish?	You will have an “I” on your transcript and will not receive credit in the course until the course is completed.	

If you have any questions or interested in adding a class, please see your counselor.
