

Canvas Parent

Villa invites parents to follow their daughter's progress or by creating a **Parent Observer** account and then download the **Canvas Parent** mobile app for Apple iOS or Android.

Observers can link their Canvas account to their daughter's account to see assignment dues dates, announcements, and other course content. Observers can view the course content but cannot participate in the course.

Using either Google Chrome or Mozilla Firefox (Canvas recommendations), browse out to: **VJMHS.ORG** > Parents > Canvas

Click to Register for the free parent account

Fill in the below information

Enter the following information:

- ✓ Enter your name in the Your Name field.
- ✓ Enter your email in the Your Email field.
- ✓ Enter your password in the Password field.
- ✓ Re-enter your password in the Re-enter Password field.
- ✓ Enter a pairing code to link your account to your student in the Student Pairing Code field. (see next page)
- ✓ Agree to the terms of use by clicking the "You agree to the terms of use checkbox".
- ✓ Click the Start Participating button.

★ Your daughter(s) has to generate this code from her own account. She will need to follow the directions located in her Canvas class course (freshmen, sophomore, junior, and/or senior) or click on the link provided in the Parent Account Creation section from the website.

Once your daughter generated the pairing code, type this into the “Student Pairing Code” line and click the “Start Participating” button. Note, if this pairing code is not generated, a parent/guardian cannot link to daughter’s account.

Add Another Student:

The best place to add another daughter to your Observer account is through the web browser account and not the app. After logging in, once you have a pairing code from your second daughter, you can click **Account** then **Settings** then **Observing**. You'll see a **+Student** button, and a place to enter the pairing code. After the pairing code is entered, you will see all of your daughters listed.

What can Parents view in Canvas as an observer?

Below are the features available to Parents. Please note that not all courses use all features.

- Set your Notifications
- View the Dashboard
- View the course Syllabus
- View but not submit Assignments
- View Canvas Grades
- View the Calendar

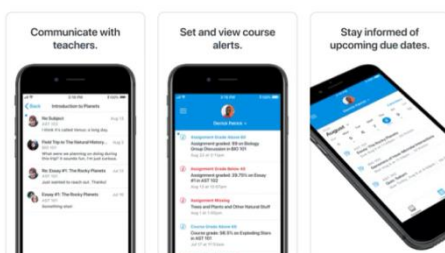

Too many Canvas Notifications?

Parents can adjust Canvas Notifications:

From your Canvas Dashboard:

- Click on Account
- Click on Notifications

Set the frequency of the different Canvas Notifications as the need arises.

After the above is completed, download the Canvas Parent app and log into the newly created account.
