

## The Farmer's Cat

The Farmer's cat is a game that involves using adjectives that begin with each letter of the alphabet.

The first player starts with the letter 'A', and thinks of a word to describe a cat. For example, "The farmer's cat is an **A**dorable cat."

The second player moves on to the letter 'B'. For example, "The farmer's cat is a **B**eautiful cat."

And so on down the alphabet.

Variation: Each player must remember the adjectives which have gone before, adding their own adjective beginning with the next letter of the alphabet. For example, "The farmer's cat is an adorable, beautiful, careful cat."
