

**DPC Meeting  
Community Conversation  
February 13, 2013**

**BUZZ**

Staff needs their own conversation  
They feel left out

Skeptical but open  
    ↘ Anything come of it  
    ↘ Or just appeasement

Waste of time and money  
Buildup to levy

Disconnected voters felt manipulated – Wouldn't ask questions

Enough already – We need a plan  
Use this to pass a levy

Good start

More involvement  
Go to people

If we had money...

**THEME MEANING**

Devil in details

Family has role in much of this  
↓  
Need to stop passing the buck to the district

Meeting advanced students' needs  
More stressed – 30% are advanced or gifted

Time limits kids' access to good stuff

Look at current programs relative to these needs

These are national challenges  
Start locally, show success (stories)
