

STUDENT NEEDS

More opportunities

Class choice - Credit classes
Electives

Open campus –

Internships/Coops
Extra curriculars
Sports, clubs
Vocational
Promote what you do have

Spend dollars

Need better classes in how to use technology /programs

Technology opportunities

Use the right technology

Better teacher technology

Use in classroom
Simple “googling” of questions
Incorporate technology into projects

More class websites

Take notes
Fewer excuses if everyone had technology access
Restrict something

Online textbooks

Balance technology and traditional subjects

Different learning styles

Not all technology for all people

Learn how we learn

Match style to individual styles

Teachers' classrooms

Need to mix learning style – Visual, auditory

Balance a customized content with oral communication skills

Human skills

Test beyond multi-choice and essay

e.g. – Physical testing
CPR

IMPORTANT

Kinesthetic learning
Project testing

Project learning – Build a playground
Experimental learning
Study abroad
Internships

Maintain traditional language
↓
Especially hand writing

Balance

Balanced learning

Technology as an aide, not the sole teacher

Speech class is key

Make room for it because it's now an elective
Integrate speech into other classes

Longer and more periods

Integrate multiple subjects into one class

Re-introduce block days

Longer classes
Less draining
Deeper learning
Learn more
Get more homework done

Twitter profiles for homework, etc.

Teachers have to know how to do all these new models
Keep up on technology models

Trust issue with technology

Do classes like college

Metals class gives practical use

Relate content to real world

Project learning
Coops/internships

↓
Hands on, visual learners and research

Using technology for best advantage

Employment

Give back to community

Relevant (high school students) members of society not just in a building

Strong colleges

Other stuff to set us apart

Back to group projects

Go beyond test scores

Can't test for everything

A way to reward street smart

Personal skills – How to show this – College interviews

} A mix of a lot of things

Help kids/students find out and nurture what they are good at

Personal direction

} Help with what you want to do

Vocational school is an example

Promoting and keep offering a lot of diverse opportunities

Community not just school

Togetherness

Human gifts and skills – Especially communication

Aptitude Test

We produce good human beings
