

Swimming offers your baby a unique sensory experience and develops a confidence in the water that lasts a lifetime! With a maximum of eight children, every lesson has been carefully devised to fit your child's developmental stage, with lots of songs, games and activities geared toward getting your little one to swim independently. We also teach simple life-saving skills from as young as six months old. Most of all, each class is a fantastic bonding experience and a lot of fun for parent and child alike!
