

THE ALTAMONT DIFFERENCE

Why Altamont?

THE ALTAMONT SCHOOL

BE YOURSELF

Altamont's mission is to improve the fabric of society by graduating compassionate, well-educated individuals capable of independent thinking and innovative ideas.

With a big school program in a small school environment, students can participate in all areas of school life and be challenged, involved, and supported in everything they do. Altamont is a place where it is cool to be yourself.

The Altamont environment is one of respect and encouragement. We value and have compassion for every individual in our diverse school community. Through our curriculum, honor code and school activities, we emphasize the importance of respecting and understanding cultural, religious, intellectual, and social differences that constitute our global and local societies.

BE CHALLENGED

Altamont offers a challenging college preparatory curriculum

where every class is taught at the honors level or above. Among many others, class options include 17 AP courses, numerous computer science classes, 5 different world languages, and 15 fine and performing arts courses. Our regionally and nationally recognized faculty includes more than 50 members.

BE INVOLVED

Altamont students can participate in all aspects of student life: challenging academics, student government, athletics, fine and performing arts, leadership, service, and more. Opportunity, encouragement and support allow students to discover their interests and talents in a manner that not only equips them with sound academic skills, but also promotes personal growth, emotional health and physical well-being throughout high school, college and beyond.

We believe all students have the ability to lead. The C. Kyser Miree Ethical Leadership Center helps students in all grades find their unique expressions of leadership and empowers them to discover the strength and beauty of service.

For one week in October, Altamont students leave campus for Project Week. They travel the city, state, nation and world participating in a variety of experiential learning and service programs.

BE SUPPORTED

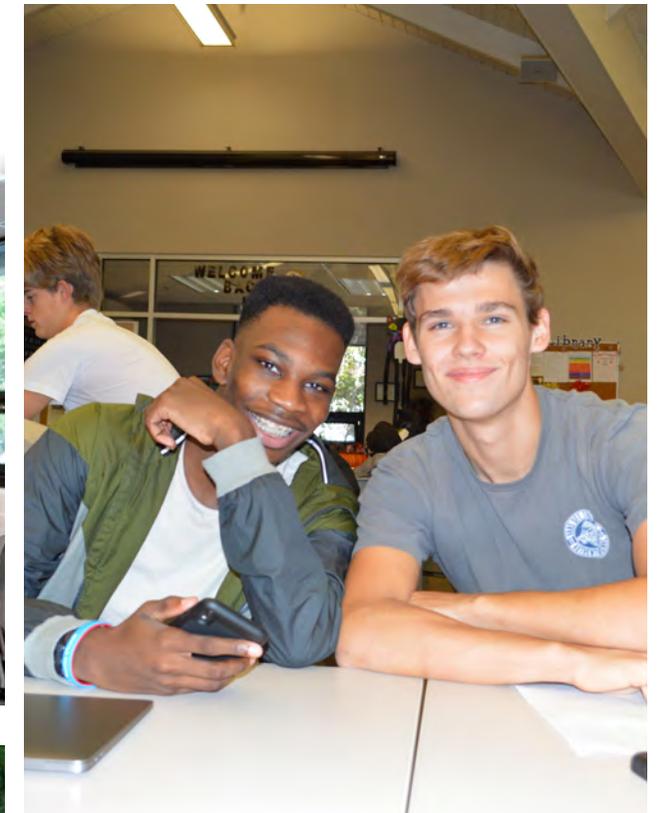

With a program beginning in the spring of the 8th grade, the College Counseling Office helps students identify and research potential colleges, directs academic advising and course selection, hosts college application workshops, and travels with students to various college and university campuses around the country. Altamont has two full-time college counselors, and more than 65 colleges and university representatives visit Altamont every year.

The Student Support Team meets weekly to discuss student progress and partners with parents, teachers, and faculty advisors to ensure that no student slips through the cracks.

Every student at Altamont has a faculty advisor that he or she sees every day through the advisory program. The faculty advisor serves as a resource and advocate for the student. A student leaves Altamont with the academic foundation, soft skills and moral compass needed for college and vocational success.

Tailored Tuition

- Approximately 41% of our current families pay reduced tuition.
 - Tailored tuition takes into account each family's unique income and expense portfolio and adjusts tuition accordingly. Applicants submit information to a confidential third-party system for a financial assessment.
 - Tailored tuition offerings are made separately from admissions decisions and are based on availability. Application for admission and tailored tuition should be made concurrently. Students must be admitted to Altamont before a tailored tuition decision will be given.
 - Preference will be given to those applicants who complete the process earlier in the admission season. Tailored tuition may not be available for those who apply after February 1.
 - Alabama High School Athletic Association (AHSAA) rules state that any student who enrolls at a tuition-charging school after the start of his or her 7th grade year and receives any financial award (including both tailored tuition and merit scholarships) is not allowed to play on an athletic team for an entire school year.
