- ❖ Listen to the announcements for internships meetings
- ❖ Reference the *SIP Calendar of Events* so you are aware of the upcoming meetings & workshops

Start thinking now about the type of internship you would like. It does not have to be linked to a career goal, but could be a special interest, hobby or passion.

The internship begins in May, the exact date dependent on your schedule of final and AP exams and ends in June.

There are specific requirements of the program, all of which will be discussed at upcoming meetings.

This incredible opportunity empowers you to create a learning experience outside of the classroom. Many seniors have identified their senior internship as one of the most memorable experiences of their high school career.
