

## How to Calculate Your Maximum Weekly Benefit Amount

**Step 1:** Divide your eligible annual earnings by 52.

**Step 2:** Multiply that figure by .6667. This gives you your weekly benefit amount. You may elect a minimum of \$100 of coverage in \$50 increments.

**Note:** If your calculated weekly benefit is more than the maximum weekly benefit of \$1,750, use the maximum weekly benefit of \$1,750.
