

# Yearbook Club

Do you love to take pictures? Are you creative? Do you like to attend school events? Are you good with digital scrapbooking?  
 If you answered yes to any of the questions above, we need you in Yearbook Club!

This year you will pick a job and attend the days for that job.

- Photographers: Learn to take great pictures at school events and submit them for possible yearbook use.
- Designers: Learn how to use the digital program Pictavo to design pages for the yearbook.
- Editors: Work as a team to design the layout and theme of the yearbook. You will coach designers and help as needed. In March you will do a final edit of the yearbook. Commitment to attend all meetings is essential. (limit 3 people per grade)

Where: Room 709 ~ Ms. McHugh's room for the first few meetings then we will go to the computer lab

Time: 2:45-3:45 p.m.
