

ST. MARTIN PARISH ARMY JROTC

PANTHER NEWS

AUGUST 2021

Welcome back! We are extremely excited to have the Cadets back in class. They have been working really hard on learning classroom procedures, the Cadet Creed, stationary drill movements, and have been introduced to physical fitness. The Cadets have been extremely motivated and are working hard on mastering the basics. The Cadets are also wrapping up their first community service project, collecting relief items for the people impacted by Hurricane Ida. They partnered with VFW and Auxiliary Post 5153 and the local community for the project. We are extremely excited about this school year and the direction the JROTC program is going.
