

CREATIVITY AND INNER MOTIVATION

“Nurturing a student’s creative intuition and inner passion is the heart of teaching and the height of educational artistry.”

~Dr. Stuart Grauer

AN INVITATION TO OUR
2021 OPEN HOUSE

EXACTLY HOW DOES GRAUER CULTIVATE STUDENT CREATIVITY AND INNER MOTIVATION?

For 31 years, we've been perfecting a learning approach that stresses reasoning over rote, dialogue over drilling and imagination over institutional regimentation.

At Grauer, we don't teach by lockstep routine. Instead, our highly skilled teachers help students discover their own enthusiasm through in-depth conversation, curriculum exploration, novel learning experiences and immersive exposure to the robust science and creativity of Nature.

As a result, Grauer kids learn to *think*, not just take tests. They learn to *develop their ideas and values with courage*, not just recite facts and figures. They learn to *make a difference*, not just advance their own interests.

- Our Open House is on Saturday, November 6, 2021, from 11:00am to 2:00pm.
- RSVPs are required at [grauerschool.com](https://www.grauerschool.com).
- All campus visitors 12 and over must provide proof of COVID-19 vaccination. Visitors under 12 must provide a negative test result within 72 hours.
- We'll host Q&A campus tours every 20 minutes.

Overwhelmingly, our graduates are accepted to their top choice colleges. Overwhelmingly, they become self-aware, productive adults. We're eager to show you why unleashing creativity and inner motivation prepares a young mind for a successful college experience and a gratifying life.
