## PARENTS

**Are you interested in having your child screened?** We have FDLRS Child Find Specialist located in 18 centers around Florida ready to help. Child Find assists parents and schools in the early identification of children who are at risk of developing special or unique needs and who are not being served in a public school. Child Find's target age group is birth through 21 years, but primary emphasis is placed on children birth to 5 years of age. You can find the contact information for your local center by visiting [fdlrs.org/child-find](http://fdlrs.org/child-find).

**Are you the parent of a child who is exceptional and/or has special needs?** Are you looking for more information on what services may be available? We have FDLRS Parent Services Specialist located in 18 centers around Florida ready to help. Parent Services provides information, training, and support to districts and families, in order to promote effective parent participation in the education of children who are exceptional and/or have special needs. You can find the contact information for your local center by visiting [fdlrs.org/parent-services](http://fdlrs.org/parent-services).

## EDUCATORS

**Are you looking for quality professional learning opportunities?** FDLRS provides a variety of ways to earn inservice points. Free online professional learning is available through the **BESE Portal to Professional Development Alternatives (PDA)**. This portal offers a variety of online courses for Florida educators that will increase their ability to respond to the needs of students with disabilities. Facilitated and Independent Study Course descriptions and registration information is available at [fl-pda.org](http://fl-pda.org).

We also offer face-to-face professional development through our 18 centers located around Florida. You can find the contact information for your local center by visiting [fdlrs.org/find-a-center](http://fdlrs.org/find-a-center).

**Are you looking for new strategies to help your students succeed?** FDLRS coordinates Florida's Strategic Instruction Model (SIM) Initiative developed by the University of Kansas for Research on Learning. SIM is about promoting effective teaching and learning of critical content in schools through two components: Learning Strategies and Content Enhancement Routines. To learn more about SIM strategies and routines and to locate a SIM professional developer in your area, please visit [fdlrs.org/about/educators/sim](http://fdlrs.org/about/educators/sim).
