Parent and Family Engagement Policy

Education succeeds best when there is a strong partnership and communication between home and schools. As key players in the education of their children, parents should be involved in developing a policy, which will promote ties between home and school so that children will benefit from their time at school and the services provided. The parent engagement policy is one that needs to be reviewed annually to remain effective in meeting the needs of children who live in a constantly changing society. Parents and school personnel should work together to achieve such a policy.

China Spring ISD

- * involves parents in the joint development of the plan
 - * supports the Parent Teacher Association (PTA)
- * expects faculty and staff to communicate with parents
- * expects open lines of communication between home, school and community
 - * encourages the parent engagement policy annually
- * encourages coordination of all programs, federal, state, and local
 - * encourages parents to participate in school activities

- Continued purchase of iPads for student and teacher use with the goal for each classroom teacher to have a set of 12.
- Look into purchasing more charging stations.
- Purchase additional iPads and styluses (Apple crayons, pencil holders) for ELAR teachers to be used for handwriting practice and other methods/activities and for Math teachers to be used for math instructional methods/activities.
- Continue to update student computers and other tech devices in the classroom.
- Continue to provide relevant technology trainings and professional development opportunities.
- Possible need for updated Wi-Fi hub.

Summary of Needs:

- Continue to update student computers and other technology devices as well as purchase more for classroom use.
- Provide relevant technology training and professional development to classroom teachers on Smartboards, Touch-Panel boards, Apple TV, iPad apps, BrainPop Jr., Discovery Education, Lexia, Dreambox, etc. and other current technology that we may have not even been exposed to yet.
- Continue to purchase and update technology devices such as iPads, laptops, Chromebooks, Smartboards, SeeSaw, LCD projectors, LCD bulbs, and headphones/cords/chargers/styluses, etc.
- Purchase additional iPads and styluses (Apple crayons) for ELAR teachers to be used for handwriting practice and other methods/activities and for Math teachers to be used for math instructional methods/activities.
- Continue to provide technology training by utilizing District Instructional Technologist and Campus Instructional Technologist.

Demographic Needs

Data sources reviewed when considering Demographics included: TAPR report and data, input from teachers in all grade levels PK-3rd, CSISD website, student enrollment data, PEIMS, and STAAR results.

Needs Identified:

- Lower student/teacher ratio.
- Increasing numbers of special education students, dyslexia students, and low-SES students.
 - Inclusion needs and different tiers.
 - Address mental health/behavior through additional staff and/or trainings.
 - Behavior classroom housed at the Elementary.
 - Additional personnel for intervention (math and reading), ESL, dyslexia, and special education.
 - Additional teachers to accommodate student population growth.

Summary of Needs:

- Additional teachers to address intervention needs, retention rates, and classroom sizes.
- Additional training and/or personnel to address mental health/behavior needs that enables the classroom teacher to meet the needs of students.
- Continue discussion on a behavior classroom housed on the Elementary campus due to transportation concerns as well as ease in serving students as they transition back into the general education classroom.
- More and adjusted reading and math intervention to meet students' needs including additional staff (intervention, ESL, dyslexia, special education), more effective RtI processes, and training.

Staff Quality, Recruitment, and Retention Needs

Data sources reviewed when considering Staff Quality, Recruitment, and Retention included: TAPR report, Coordination and Integration of Programs report, salary schedule, input from teachers in all grade levels PK-3rd, teacher certification/qualification data, paraprofessional qualifications, grade level collaboration, Data from Aware Application in Eduphoria Management System, and benchmark assessment data.
