for MONROE

# 2020-2021 Impact Report

## SPECIAL NOTE FROM IZZY WALLE:

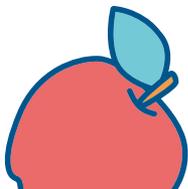

CCG Chalk Intern

Serving as the student manager of Chalk It Up To Love - East has been one of my favorite parts of my experience at Wingate University. Since its beginning in the summer of 2019, the program has grown in numerous ways, all of which allow us to better serve the teachers in our community. It has been incredible seeing local ministries, churches, and Wingate University classes come together to support our teachers through school supplies, snacks, and even menstrual products for their female students.

Through times of adversity, Chalk was supported by fellow CCG members and Heart for Monroe volunteers to overcome the challenges that were thrown our way. Our new space in the middle of Wingate's campus allows us to bridge the gap between University students and the community surrounding us, and our drive-through distributions allow us to be COVID-safe while still loving on our Title I teachers.

I can't wait to see how Chalk - East will continue to grow and serve in 2021-22!

*Izzy*

# 2020-2021 Impact Report
