

At a Glance Test to Stay

1) Prior permission

Give approval for your child to be tested through MyDSD.

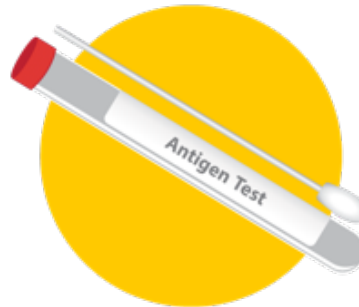

2) Parent presence

Elementary testing will be held during and after school. Parents can choose whether they wish to be present.

3) Testing at school

School nurses will perform the test during the school day.

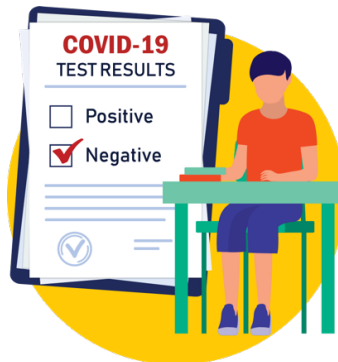

4) Antigen test

Nurses will administer a rapid antigen test with results known that day.

5) Test positive

Students who test positive must isolate at home even if the student has no symptoms.

6) Test negative

Students who test negative return to school. Students may also get tested by a provider of their choice and return with a negative result.

7) Students who don't test

Students not tested will not be allowed to attend school and will be placed in quarantine for 10 days.
