

# Eagle Vision News – September 13<sup>th</sup>, 2021

## Centerville Families,

Welcome to week 4! We have had a really good start. Students are learning, teachers are teaching and the excitement of being in school is in the air. We participated in gathering food for the 9/11 service project. I am sending a big Thank You to all who donated for our Food drive. All 3 bins were filled and were donated to our local food pantry.

Next week is Safety Week. The PTA has several things planned to help us stay safe and learn safety skills while making healthy choices. PTA volunteers have several activities planned for the week and we are looking forward to participating in these activities. They have planned daily safety reminders, an assembly, and a Bike Rodeo to name just a few of the things they have planned. Also, in conjunction with Safety week, we will be practicing one of our regular drills sometime during the week.

Eagles soar – soar for a lifetime.

Mr. Holmes.

## White/Green Ribbon week (Safety Week):

To help us reinforce safety we have a list of activities to look forward to next week.

- Monday – Look for the PTA table at lunch where we are handing out white and green ribbons and students can sign “Our Health Media Pledge bulletin board.”
- Tuesday – Look for PTA Safest Routes in packets. Use them to walk/ride bike, etc. ...to school the rest of the week. The three classes to have the most participants in the challenge will win a prize at the end of the week. WEAR GREEN and/or your green ribbon!
- Wednesday – Impact team from Viewmont High School will be coming to talk to students about being media detectives.
- Thursday – UDOT “Beat the Street” assembly.
- Friday – Centerville Police will be putting on a bike rodeo right after school on the blacktop. Don’t forget bikes and helmets to participate!

## PTA Fall Festival

Coming up on Monday, September 27 is our Fall Festival. It will be held from 5:00-7:00 p.m. There will be food, fun and games galore! This event supports our PTA so they can support our school. Volunteers are needed. See the attached flier for details.

## PTA MEMBERSHIP

Don't forget to join the PTA! Memberships are \$6 each. You can log into your my.DSD guardian account to become a member and you can donate \$20 per child or \$50 for a family in lieu of a fundraiser. When you make a donation, all monies donated stay at Centerville Elementary. The money that we collect goes towards providing our students many activities throughout the school year like Moms and Muffins, Field Day, Red Ribbon Week, etc. Thanks PTA!

## DRESSED FOR THE WEATHER

Please check the weather so that your students are prepared for each day. As we get back into the swing of school, please remember these 4 important dress code reminders:

1. Shorts should be walking length (fingertip rule).
2. Tops should not be tank or strapless in style.
3. Student dress should cover mid-riffs front and back.
4. Students should wear tennis shoes (sneakers) on their PE day. Appropriate footwear to participate in activities safely should be worn at all times.

## PAL & SPECTRUM PROGRAM:

We have at our school what is called the "Spectrum" Program, which is a full-time program for high-ability learners. This program contains a challenging curriculum with an emphasis on higher level critical and creative thinking skills including depth, complexity and rigor. The Pals program, which is not held at our school, is specifically for grades 1-3 while the Spectrum Program is for grades 4-6.

Who should apply? Current K-5 students who consistently demonstrate above average academic ability and would benefit from learning in a faster paced environment with their cognitive peers. These programs offer a challenging curriculum with an emphasis on higher level critical and creative thinking skills including depth, complexity, and rigor.

The main testing window for 2-5<sup>th</sup> grades is in October-November and for K-1<sup>st</sup> grade in November-December. Between January and March we continue to test on a case by case basis. Placement for students begins in April.

For more information see the Davis Enhanced Education Program web page:  
<https://www.davis.k12.ut.us/academics/gifted-talented/elementary>

Click on **CogAT Testing Application** under the Elementary tab and then click on PAL or SPECTRUM TESTING APPLICATION.
