INTRODUCTION

Dear Reader,

The past school year was no doubt the most disruptive year in our history as educators. While there is certainly room for pause and reflection on the disappointments, we also must celebrate the incredible transformation we have all experienced. We have learned how to teach differently, how to be acutely aware of the mental and physical wellbeing of our students, and how to be flexible each and every day.

We have had to accept that there were anomalies this past year – lost students, progress lapses and gaps in achievement. Still, there was growth that cannot always be measured in numbers. Students learned to be more independent and self-disciplined. Teachers learned to be more adaptive with new virtual tools. And parents and community members were reminded how important education is in their children’s lives.

We are currently in the midst of unprecedented times that will challenge all of us for the foreseeable future. Even in this “new normal”, we are driven by excellence and equity for every student, every day. We continue to collaborate with the Oakland County educational community in preparing our students to be successful and meaningful contributors in a diverse world. Now, more than ever, this collaboration is crucial.

At Oakland Schools, our Mission is Learning Today, Transforming Tomorrow. We support the educational community by helping local school districts increase student achievement, serving the diverse needs of Oakland County students and driving down costs while improving efficiencies for the schools we serve. As a regional service agency, we work with Oakland County’s 28 public school districts, public school academies and nonpublic schools to help each preserve its unique identity, respect its individual needs and deliver quality educational programs to every student in Oakland County.

We also take accountability seriously. That is why each year, we share this Summaries and Surveys report. This report provides comprehensive data about schools in Oakland County. Parents,

educators and the community at large can use this report to examine various criteria when seeking the best academic programs available for their students and benchmark schools and districts accordingly.

Data is compiled from a variety of sources including official Michigan Department of Education (MDE) reports, which are based on information submitted by every school district and public school academy in compliance with Michigan statutes. The data reported in this publication reflects many, but not all, variables in school district operations and has been reviewed for accuracy by the schools prior to publication.

Please note: Conclusions regarding the quality, cost effectiveness or adequacy of educational programs in Oakland County school districts and public school academies should not be drawn without also considering other performance-based factors. I encourage you to learn more about Oakland Schools, our programs and the districts we serve by visiting our website at www.oakland.k12.mi.us. I also welcome your feedback on the Summaries and Surveys report, and invite you to share it with the Department of Communication Services at communications@oakland.k12.mi.us.

Warm regards,

HOW WE ARE FINANCED

Oakland Schools is financed by Oakland County taxpayers through an annual authorized property tax millage.

The combined millage rate for 2019-20 was 3.2539.

Oakland Schools operates using three major funds:

1. General Education Fund provides instructional and administrative support for districts and obtains its revenue primarily from a property tax levy. Oakland Schools was authorized to collect .1934 of a mill (\$11.6 million in 2019-20).

2. Special Education Fund is supported by a tax of 2.4589 mills (approximately \$147.5 million in 2019-20) and supports Special Education administration and district services, including compliance support and district and student services.

3. Career Focused Education Fund supports Vocational Technical Education administration, the four Oakland Schools Technical Campuses that serve students from all 28 local school districts at no cost to the sending districts, The County as a Classroom initiative and several specialized technical academies. The fund is supported primarily by a levy of .6016 mills (approximately \$36.1 million in 2019-20).

In addition, Oakland Schools operates three grant funds that are actively sought out to defray costs of regional projects. Oakland Schools serves as the fiscal agent for grants that fund ongoing and pilot projects for the benefit of Oakland County students (approximately \$73.6 million in 2019-20).

For more detailed information about our annual budget, visit the Oakland Schools website at www.oakland.k12.mi.us and click on the Budget and Salary/Compensation Transparency Reporting logo at the top right of the page. PUPIL ACCOUNTING 2020-2021

PRO-RATED MEMBERSHIP FOR STATE AID

PUBLIC SCHOOL MEMBERSHIP

Public school membership reflected in this publication is the 2019-20 spring and 2020-21 fall membership. Membership for Special Education students has been pro-rated in general education at grade levels and in Special Education categories based on the percentage of time spent in each classroom.

FULL-TIME EQUIVALENT AND MEMBERSHIP DEFINED

(Michigan Department of Education Pupil Accounting Manual)

FTE is the individual pupil's prorated share of membership.

Membership is the full-time equivalent number of pupils enrolled and in regular daily attendance on the official count day in accordance with the State School Aid Act and Administrative Rules. In no circumstance may the reported membership for an individual pupil be greater than 1.00 FTE.

EXCLUDING RESIDENCY ADJUSTMENTS

A residency adjustment occurs when a pupil attends a district (known as the educating district) that is not the pupil's resident district, and the educating district could not obtain a release from the resident district to count the pupil in membership. In these cases, the pupil is listed as attending the nonresident district, but their FTE is subtracted from the educating district's membership report.

TAX VALUATIONS AND RATES

TAXABLE VALUE

Taxable Value is a property valuation calculation utilized by state and local taxing agencies to assess the prevailing tax millage rate. The difference between Taxable Value (TV) and the State Equalized Value (SEV) is the result of voter approved legislation such as the Headlee Amendment and Proposal A. Specifically, Taxable Value has been capped at the annual property value increase or an indexed formula representing an annual inflation factor, whichever is less. Taxable Value will be increased to reflect market value upon the transfer of title/ownership. Typically, for these reasons, Taxable Value lags behind that of SEV.
