ACT 29 INFORMATION SHEET

Act 29 of 1994 changes the way in which the Commonwealth reimburses school entities for payments made to PSERS (retirement) and for social security. The main provision of the act provides two classes of employees:

- b) Those hired after 6/30/94

To determine which class an employee is in, school districts need more than just the date of hire for the employee. While this Act has no effect on employees, employers must determine if the employee has ever been employed by a school entity within the Commonwealth before 7/1/94.
