

DRIVER'S ED FOR BOARDING SCHOOL

We are now offer our
outstanding driver's ed program
at Hotchkiss!

WHO IT IS FOR:

No matter what your situation is, we serve you!

- Locally based students
- International students
- 3 sport athletes
- Art students working all hours of the night
- The 10+ club/extracurriculars students

Who is The Next Street?

The Next Street is the Best Driving School in New England and now, at your student's Boarding School! For over a decade, we have been helping boarding school students get their license during the school year instead of trying to cram the licensing process into summer or winter break. We understand that the life of a boarding school student is complex and we're here to help make the process easy. After your student gets their CT license, it is easily transferrable to their home state when they return home.

The Next Street offers flexible class
options to fit in with your busy schedule!

HOW TO ENROLL

ABOUT OUR PROGRAM

Virtual Classroom Training:

Our courses cover everything required by the State of CT to be eligible for your student to get their license. Students will take all of their classroom training with us through Zoom. With our flexible offerings, your student can build their schedules around their availability. All instructors are state certified professional driving coaches. Parents are required to attend one 2-hour parent class virtually, no matter how far you are from your student.

Behind the Wheel Training:

Students must log at least 40 hours of driving with a licensed driver in order to get their license. We offer four, 2-hour behind-the-wheel driving lessons included in the Full Driver's Education Course. These hours must be completed in CT, and you can purchase as many additional lessons as you would like. For their convenience, we pick up and drop off students at a designated area at their boarding school. Your student can build their schedule when they're available so driver's ed doesn't interfere with their studies or extracurriculars.

License Testing Services:

We have an entire team devoted to test day. We help with scheduling, paperwork and calming those test day nerves. A student can choose to use our cars and our staff to help make passing the license test as easy as possible. As per CT law, students that take the 8 Hour Safe Driving Course must take a 2-hour behind the wheel driving lesson to be eligible to test at one of our locations. With the Boarding School Testing Transfer add on, we will take your student back and forth for their license test to their designated testing location.

LICENSE PROCESS AND ELIGIBILITY

Your student must be at least 16 years old to begin our program.

With the 8 Hour Safe Driving Course, your student will be eligible to test for their license 180 days from getting their permit. With the Full Driver's Education Course, your student will be eligible to test for their license 120 days from getting their permit.

In State Students

Students who live in CT and Day Students can also take driving lessons at the closest Next Street location during any break.

Out of State Students

Boarding school students can complete our program and receive their CT license using their school address, regardless of their state or country of origin. Student must get a CT Learner's Permit in order to receive their CT Driver's License. Once licensed, your student can maintain their license in CT, or change it when they return to their home state.

International Students

Boarding school students can complete our program and receive their CT license using their school address, regardless of their country of origin.

Why Students & Parents Love This Program

Getting your license is a big deal. It shouldn't be a big hassle. The Next Street makes it easy.

WHY STUDENTS LOVE US

First and foremost, our instructors are awesome. Our team is passionate about making driver's ed fun and getting a driver's license easy. We go out of our way to create an outstanding customer experience for our teen students.

WHY PARENTS LOVE THE NEXT STREET

One Word: Convenience. We offer virtual classroom sessions multiple times per day everyday so that students can fit driver's ed into their hectic schedules. And it's one less place that mom's taxi must drive. We are accessible, affordable and make it easy for parents. Not to mention we have a world class customer service score.
