Immunization Requirements Guide

Dear Parents,

You may be aware that as of January 1, 2016 California State Law requires all children in a school setting to have current immunizations. You do not need to do anything, unless you're contacted by our office.

- The Adult School office checks immunizations via CAIR (California Immunization Registry.) If your child's immunizations fulfill the requirements, you won't be contacted.
- If immunizations are incomplete, or not listed in CAIR, our office staff will contact you. Parents are responsible to provide proof of immunizations from their child's pediatrician. Medical exemptions can only be issued through the California Immunization Registry Medical Exemption website, CAIR-ME, by physician's licensed in California.
- Personal beliefs exemptions are no longer allowed.

You may refer to this guide for school immunization requirements.
