

East High Weekly Update

September 17, 2021

Parents if you've watched local and national news, schools across the nation are being vandalized due to a TikTok challenge called the Devious Lick Challenge. East is no exception. Daily, our custodial crew has replaced toilet paper dispensers, soap dispensers, fire extinguishers, exit signs and much more. Our students can't address universal hygiene needs in the bathrooms due to this behavior. Our custodians cannot keep replacing these items; the uptake in vandalism has depleted their stock. The result could be the closing of bathrooms. These are criminal acts. Please talk to your students!

Principal's Message

Hello to the East High Community,

What a great Homecoming week! Coming next will be a great weekend for football and a dance! Our Student Body officers have worked hard and planned fun lunchtime activities and after school events as well. I am so proud of them! PTA is supporting activities as well. Everyone together makes us great.

I want to address some issues that are causing some conversations in our community. The reason I bring this up is because many of you have expressed how much you want to build up the reputation of East High. I agree with you! Our students are smart and interesting, and our teachers are passionate. Students are doing exciting things in classrooms and in their athletics. These are the types of things I share with our community.

Last week there was a football game that had some unfortunate behaviors from students and adults from both sides. There have been many stories told about the event. People put cellphone footage from the game aftermath online and these have been shared widely throughout our community and beyond. Everyone seems to have an opinion, many of which have been expressed against our team, fans and coaches. I want to state that our athletic director and I were present for the game and were witnesses of everything that happened afterward. With very few fans or other help so late in the evening, getting out of the stadium and calming tempers was very difficult. I was there for all of this.

I have done a thorough investigation of the game aftermath with the help of witnesses, police officers who were present and the administration of Jan Diego, who were also present. Warranted consequences are happening. We are working with our students, as we always do, to help them learn the types of behaviors that will serve them well as they enter adulthood. Our students make mistakes. We do as well. I am asking all of us to stay positive and keep supporting our school. We are not defined by the actions of a few. See you at the game.

- Graduation requirements and credits
- Choosing a career path
- Preparing for college and scholarships
- Other training (CTE certification, apprenticeships, military, etc.)
- How to make sure they are ready for their CCR meeting

Thanks to our counselors our students now have an idea of what to expect in their CCR meetings.

Next week we will be talking about how to deal with and respond to transitions in life using our new Social and Emotional Learning curriculum – Move This World.
