These high school seniors have an opportunity to continue in the competition for some 7,500 National Merit Scholarships worth nearly \$30 million that will be offered next spring.

High school juniors entered the 2022 National Merit Scholarship Program by taking the 2020 Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT®), which served as an initial screen of program entrants. The nationwide pool of semifinalists includes the highest-scoring entrants in each state. The number of semifinalists in a state is proportional to the state's percentage of the national total of graduating seniors.

To be considered for a scholarship award, semifinalists must fulfill several requirements to advance to the finalist level of the competition.
