

YOU STAY HOME BECAUSE OF SYMPTOM(S)

STUDENT

You may return to school with a negative test (no PCR confirmation needed). The test must be supervised at a clinic, physician office, registered pharmacy. At-home testing is currently not allowed by SFDPH. Antigen tests may allow you to return faster than waiting for PCR results.

Notify Urban immediately as soon as you develop COVID-19 symptoms.

FACULTY OR STAFF

You may return to school with a negative test (no PCR confirmation needed). The test must be supervised at a clinic, physical office, registered pharmacy. At-home testing is currently not allowed by SFDPH. Antigen tests may allow you to return faster than waiting for PCR results.

Notify Urban immediately as soon as you develop COVID-19 symptoms.

THESE ARE SYMPTOMS OF COVID-19. THEY MAY APPEAR 2-14 DAYS AFTER EXPOSURE:

- Fever (100.4°F/38°C or higher) or chills
- Cough
- Headache
- Sore throat
- Loss of taste or smell that started in the last 10 days
- Children may say that food “tastes bad” or “tastes funny”
- Feeling out of breath or having a hard time breathing
- Nasal congestion or runny nose
- Diarrhea, nausea or vomiting
- Fatigue
- Muscle aches or body aches

YOU HAVE A "CLOSE CONTACT" WHILE UNMASKED AND INDOORS

Close Contact = Anyone who was within 6 ft of a COVID-infected person for 15 minutes or more.

STUDENT

If fully vaccinated, you may attend school if you do daily antigen tests each morning before coming to school for 5 days following exposure. Monitor your symptoms closely for 14 days after exposure.

FACULTY OR STAFF

Monitor your symptoms closely for 14 days after exposure. You must take daily antigen tests each morning before coming to work for the first 5 days following exposure.

NO QUARANTINE NECESSARY

Close Contact Timeline (unmasked, indoors)

Day 0 = Last day of exposure

Days 1-14 = Closely monitor for symptoms

Days 1-5 = Daily negative antigen tests required if coming to campus

YOU HAVE A "CLOSE CONTACT" WHILE BOTH MASKED INDOORS OR WERE OUTDOORS ONLY

Close Contact = Anyone who was within 6 ft of a COVID-infected person for 15 minutes or more.

STUDENT

If fully vaccinated, you may attend school without any testing if you remain asymptomatic. Monitor for symptoms closely for 14 days after exposure.

FACULTY OR STAFF

Monitor your symptoms closely for 14 days after exposure. You may come to work without testing if you remain asymptomatic.

NO QUARANTINE NECESSARY
