

PSAT & PRE-ACT OCT. 13, 2021

October 13th all Juniors will take the PSAT and all Sophomores will take the Pre-ACT. They have all been signed up for free. It will happen in the morning. This test can only help students as they are practice tests. Juniors usually take the SAT or ACT in the Spring. In order to apply for college, the results on these tests are now optional. However, some private colleges still expect them as part of the application process.

We are planning something special on this day for our 9th and 12th graders!
